BOMB CAMPAIGN ROUSES U.S.

STOCKS HEAVE, DIP LIKE GIANT SHIP IN STORM

4,890,700 Sales Top All Records.

New York, March 27.—[Special.]—The stock market heaved and dipped like a giant ship in a storm today in a session unequaled in the memory of the present generation of traders.

Stock speculation rose to fever heat; trading approached the 5,000,000 share mark and veterans of many a [illegible] or booming market wilted at their posts before the closing gong sounded. Total sales were 4,890,700, more than 500,000 shares above Monday's record breaking trading.

Such was the rapidity with which transactions were conducted by buyers and sellers that the stock ticker [illegible] thirty-three minutes behind the [illegible]. It was a volume of business [illegible] in such noise and seeming [illegible] that it recalled to old members [illegible] of some of the wildest [illegible] the exchange ever has known.

Furnish Fireworks.

The two time tried market leaders—General Motors and Radio Corporation of America—furnished the [illegible] in both the up and down [illegible] that kept traders bewildered most of the day.

General Motors started off with a [illegible] of more than 18 points and [illegible] of speculative favorites [illegible]selves onto the stock like [illegible] a kite and dived with it. [illegible] of these stocks held on and [illegible] a few minutes later, General Motors righted itself and skyrocketed [illegible] point rebound they were [illegible] right along. Motors closed at a net loss of 8¼ points.

Radio broke loose and started for [illegible]. The advance in Radio [illegible] sensational as anything seen [illegible] stock during its career as a performer. It had opened at [illegible] as compared with the previous [illegible] of 154. From this point it [illegible] more than 10 points, but once [illegible] back there was no holding [illegible] Darting past its fellows, it struck into new, unexplored heights, and [illegible] wound up with one last burst [illegible] at 169½. Here it hovered for [illegible], dipping slightly at the close, [illegible] the day at 168¾, showing a gain of 12¾ points.

Biggest First Hour.

It was the biggest first hour in the history of the exchange, total sales [illegible] up to 1,215,500 shares. This [illegible] at the rate of 6,000,000 [illegible] for a full five hour day.

[illegible] this point one of the exchange [illegible] shouted, "Well, it looks like [illegible] share day. It will be [illegible] enough from 11 to 12." [illegible] Total sales for the period [illegible] 10 to 12 were 2,177,400 shares.

[illegible] the first excitement a number of [illegible] availed themselves of arm [illegible] against two of the walls of the [illegible] and also of the cushioned seats [illegible] surround the posts which they [illegible] abandoned during the first two [illegible] to have a voice in the frantic [illegible]. But Radio's skyrocketing [illegible] brought them leaping from their [illegible]

Jam Around Posts.

It was possible to pick out a number of brokers in the jam around the [illegible] John Warburton was busy at [illegible] Studebaker post; George U. Har[illegible] Stuyvesant Fish Jr. were in [illegible] General Motors crowd; Earl T. [illegible], who married Consuela Vanderbilt, was at the Sears-Roebuck and [illegible] post, busy with trading. In a while James B. Mahon, once president of the exchange, joined the group [illegible] the Studebaker post. Harry and [illegible] Content were in the New York [illegible] group.

[illegible] time there was terrific activity at the Radio post. Then the din [illegible] would die down, only to be [illegible] a few minutes later. There [illegible] flurries of excitement around [illegible] posts, and finally in the last [illegible] entire floor bubbled and [illegible] with an army of shouting, [illegible] specialists trying to sell or [illegible] the final gong.

Visitors' Gallery Crowded.

[illegible] visitors' gallery was crowded [illegible] opening until the close. Attendants said there never before had [illegible] a crowd. Across the wide [illegible] in the members' gallery [illegible] a sprinkling of visitors, [illegible] escorted by a member of [illegible]. These groups did not remain long. But in the public gallery [illegible] the rail clung tenaciously to [illegible]. All along the rail the [illegible] two deep and many were [illegible] forward from the rear.

[illegible] the close weary traders coming off the floor and haggard men [illegible] out of brokers' offices chorused [illegible] that the market would hit [illegible] share mark before it

EVANSTON MAYOR ASSAILS CITIZENS WHO GET TAX CUT

Mayor Charles H. Bartlett of Evanston in a report to the city council which met last night to pass the 1928 budget, attacked the practice of Evanston property owners who he said apparently had political connections, to gain reductions in their assessments. He cited ananymously twelve pieces of property selected at random, whose owners succeeded in having valuations reduced a total of $428,300, which meant a loss of $2,689 to the city revenue, he said.

"The ease with which these items were uncovered satisfies me that there are many more such instances to be found," Mayor Bartlett declared. "It is a damnnable situation, and is responsible for our inability either to increase the personnel of the police department or to raise the salaries of those now on the force. If I had my way, and if it were legal, those property holders who got the reductions in their assessments would get police and fire protection strictly in proportion to the taxes they paid."

The matter was referred to the council judiciary committee for investigation. The budget passed was for $2,211,893.

SHIP WITH FILM GROUP MISSING ON STORMY SEA

San Pedro, Cal., March 27.—[Special.]—The old five masted schooner Billings, with forty members of a motion picture company on board, was reported missing late this afternoon in the vicinity of Santa Catalina island. A heavy gale was blowing, which caused anxiety.

Those on board include Roy Stewart, Eve Sothern, Malcolm McGregor and Shirley Palmer. The director is Edgar Lewis.

The vessel left Long Beach early this morning and was to return shortly after noon. When it failed, George Baskey, manager of the film company, asked the coast guard to search for it.

Expect Decision Today on New Gas-Electric Rates

Chicagoans will pay $3,300,000 a year less for their light and gas service if the Illinois commerce commission approves rate cuts asked by the Commonwealth Edison company and the Peoples Gas, Light and Coke company, it was testified yesterday before the commission by officials of the companies. Today the commission is expected to render its decision and if the new rates are accepted they will become effective on April 1, it is announced.

Foreign Oil Rights Given Mexico O. K.

BY JOHN CORNYN.

[Chicago Tribune Press Service.]

[Copyright: 1928: By The Chicago Tribune.]

MEXICO CITY, March 27.—"The petroleum regulations issued today by the Mexican government give evidence of its determination to recognize the rights held by foreigners in oil properties prior to adoption of the constitution of 1917," Ambassador Dwight W. Morrow said today.

Mr. Morrow summed up the legislation and changes of front of the government on the oil question in an effort to disentangle the oil mix-up. He expressed optimism over the new oil regulations, maintaining that they recognize the right of the position taken by the oil men that a concession or grant of lands for a certain period of years is not the equivalent to the right to lands in fee simple.

Affects 1917 Rights.

Mr. Morrow said that Minister Morones, in a letter to an oil company declared, "a confirmatory concession granted to land owners proving titles and issues previous to 1917 could operate 'as a recognition of rights, which will continue in force subject only to police regulations.'"

"These new regulations," said Mr. Morrow, "make clear what Minister Morones already made clear, that those who take confirmatory concessions under the amended law get a confirmation of their old rights rather than a new grant of rights."

Rights Nationalized.

The new oil regulations maintain the government's position that all subsoil rights have become nationalized, and the holders of oil land titles issued previous to 1917 must petition for confirmation of these titles to the petroleum agency, or department of industry, commerce and labor, within one year from January, 1928, thus extending the time within which the petition may be made.

The petroleum men have won a victory in getting rid of prospective oppressive government supervision and troublesome regulations, but they are uncertain of what lies behind the phrase: "in confirmatory concessions there shall be established only police and security conditions in petroleum works."

PLEASING TO WASHINGTON.

[Chicago Tribune Press Service.]

Washington, D. C., March 27.—Satisfaction that ten years of controversy over the adoption and application of the Mexican oil laws at last has been ended was expressed by Washington officials tonight.

"These regulations," the state department announced, "constitute executive action which completes the process beginning with the decision made by the judicial branch of the Mexican government on Nov. 17, 1927, and followed by the enactment of the new petroleum law."

OIL STATION MEN EAGER TO HELP WITH THEIR $20

Joseph Davidson, 47 years old, of the Bradley hotel, is credited with being the man who discovered that gasoline station attendants are a kind hearted lot who like to see romance go ahead without restraint.

With a young woman by his side, he drove an automobile up to a dozen different stations in South Chicago last night. At each place he drew the attendant aside, explained that he was broke, but couldn't let the girl know it. Would the attendant, as an accommodation, advance him $20 on his watch and diamond ring?

They all would. His collection of twenties was growing and his collection of jewelry and timepieces was lessening all through the evening. But Daniel Koehler, 3039 East 91st street, and William Wehrmeister, 1619 West Garfield boulevard, discovered that the watches were tin and the diamonds glass and the police were in time to seize Davidson. He still had a large stock of trade goods in the car.

Pope O. K.'s Plan of School Aided by Mundelein Loan

ROME, March 27.—(AP)—Construction of the new college for missionaries, for which Cardinal Mundelein of Chicago raised a loan of $1,500,000, will soon be actively under way. Pope Pius XI. today received the architects, Clemente and Michele Busiri-Vici and Giuseppe Mariani, who presented him with plans of the new building, which he approved.

THINK THIS CITY, NOT NICARAGUA, NEEDS MARINES

2 Senators Discuss Deneen Blast.

Washington, D. C., March 27.—[Special.]—Bombing of the Chicago home of Senator Deneen [Rep., Ill.] was twice referred to in the senate today.

Senator Norris [Rep., Neb.], a critic of the administration's Nicaraguan policy, seized the opportunity to suggest that President Coolidge should withdraw the marines from Nicaragua and send them to Chicago to protect property of American citizens there.

Senator Heflin [Dem., Ala.], who has offered a resolution to withdraw the marines from Nicaragua, also alluded to the Chicago bombing, remarking that Senator Shortridge [Rep., Cal.], a defender of the administration policy, had failed to show the same concern for the safety of property of Chicagoans as for that of Americans in the Central American country.

Senator Norris' suggestion for sending marines to Chicago was greeted with laughter from senators.

Favors Transferring Marines.

"The morning papers contain the startling announcement that the home of the senator from Illinois, Mr. Deneen, in Chicago, was bombed last night," said Senator Norris. "I simply want to express the wish and the hope that senators who are influential with the President will prevail upon him to withdraw some of the marines from Nicaragua and send them to Chicago.

"It seems that American property is safer in Nicaragua than it is in Chicago. Of course we want to use the marines to protect the property of American citizens. I trust therefore that instead of sending the entire army and navy to Nicaragua we may keep them at home to protect the property of citizens of that great patriotic and windy city on the lake."

Federal Aid for Johnson?

While government officials would not comment on the situation, there were indications that recent occurrences in Chicago would lead to a tightening of activities in several directions. Attorney General Sargent is expected to back up District Attorney Johnson of Chicago in whatever the latter may undertake in his investigation of the bombing. The affair also is expected to give impetus to the efforts of Secretary of Labor Davis to deport undesirable aliens.

Wonder at Coolidge Attitude.

The bombing of Senator Deneen's home served to attract attention in Washington to the unusual campaign in progress in Chicago and Illinois. It was indicated at the White House that President Coolidge had noted the accounts of the bombing which were featured on the front pages of all the eastern newspapers. Secretary of Commerce Hoover happened to be at the railroad station when Senator Deneen arrived this morning and inquired of him regarding the matter.

There was wide speculation as to whether President Coolidge would remain silent during the remainder of the Illinois primary campaign with reference to the unauthorized coupling of his name with the ticket backed by Mayor William Hale Thompson and Gov. Len Small.

Think He Should Declare Himself.

It is the understanding that the President intended his recent rejection of the Wyoming Republican state committee request to consider another term in the White House as notice to Illinois Republicans that he positively would not become a candidate. The President has received numerous requests that he declare his position specifically in connection with the use of his name in the Illinois campaign to bolster up the anti-Lowden delegate ticket, but thus far he has not done so.

In view, however, of reports which are reaching the President of the manner in which his name is being printed at the head of a list of candidates running on issues directly in conflict with those for which he stands, some of his friends think he may finally reach the limit of forbearance and take public notice of the Illinois situation.

The bombing outrages are known to have increased the resentment already felt by administration leaders over the obvious attempt of the Thompson-Small group to promote the draft Coolidge movement for the purpose of adding strength to its local candidates.

G. B. CHAPMAN DROPS DEAD AS GUESTS LEAVE

George Bliss Chapman, founder and president of Johnston, Chapman & Co., perforated steel manufacturers, died suddenly in his home, 190 East Chestnut street, at 1 o'clock this morning. Mr. Chapman had dinner guests who remained at his home until after midnight. Shortly after the guests had gone, he was stricken with apoplexy, and died in the arms of his wife before a physician who had been summoned could reach his side.

Mr. Chapman was born in Canada in 1864 and come to Chicago while still a boy. He became identified with the steel business and in 1900 founded the firm with which he has since been connected. He is survived by his widow, Mrs. Katherine Gilboy Chapman, two daughters, Mrs. J. Chalmers O'Brien, and Mrs. Frederick B. Gardner, and three sons, George Bliss Chapman Jr., M. Burt Chapman, and J. Edwin Chapman.

BLASTS CAUSED BY POLITICS, ALL FACTIONS AGREE

$65,000 Reward for Deneen Dynamiters.

Another Bombing

A bomb was exploded last night in front of the beer pump and supply store of Emil Seiler, 3728 South Halsted street. Seiler, who lives on the second floor, told the police that he recently refused to permit political posters to be placed in his store, but could not remember which faction made the request. The only damage to the place was the breaking of windows.

BY ARTHUR EVANS.

(Pictures on back page.)

Bomb throwing and hoodlumism turned Chicago's political fight into a national spectacle yesterday following the bombing Monday night of the homes of Senator Charles S. Deneen and Judge John A. Swanson, the Deneen candidate for state's attorney.

A reward of $65,000, with complete immunity from arrest and prosecution, was posted last night by twelve Crowe-Thompson-Galpin leaders for information leading to the arrest and conviction of the persons responsible for the outrages.

Cabinet Discusses Blasts.

In Washington the Chicago situation was discussed by cabinet members and on the floor of the United States senate the question of intervention by the federal government was debated. With sixty-two bombings since last Oct. 11 the situation in Chicago was spoken of as the most appalling of black spots on the continent.

Senator Deneen, who was on the train when his house was bombed and got his first information in a telegram from THE TRIBUNE in his Pullman berth, wired he will return from Washington today or tomorrow to remain for the rest of the primary fight.

Politics and Booze Blamed.

The bombings were ascribed to the booze racket adjunct of politics in the latest theory, advanced by the police last night. This traveled in two directions. One conjecture was that gangland threw the bombs to retaliate for recent activites of the enforcement officers in padlocking cabarets and hangouts, which the gangsters have attributed to the Deneen influence at Washington.

The second conjecture by the police linked up the bombings with the killing last week of "Diamond Joe" Esposito, west side Deneen leader. One theory of the motive behind the murder of Esposito has been that he had gathered campaign contributions on the strength of "protection." A new crowd of dry agents swarmed into Chicago and joints were closed which fancied they were safe. This brought the gang down on Esposito, according to this theory, and Esposito, instead of refunding, said the contributions had gone into the campaign funds. So he was marked for death, and the bombings were a further mark of displeasure on gangland's part.

Foes Agree on One Thing.

Politics, however, was at the bottom of the twin bombings—such was the theory in all the political camps. The effect on the primary election April 10, in the struggle between the rival Thompson-Crowe-Galpinites and the Swanson-Deneenites was the great question debated in all circles. It was conceded that the bombings threw the contest over the office of state's attorney into higher relief than ever as the outstanding point in the battle over county slates.

On both sides the theory was that hoodlumism was responsible for the Deneen-Swanson bombings, and that it was seeking to make entry into politics by the dynamite route. In other words, the bombs were the expression of a direct action coterie seeking to throw terrorism into politics by Moscow methods.

Opposite motives, however, were advanced. Deneenites said it was an effort to terrorize them. Crowe-Galpinites said it was an attempt to create sympathy for the Deneenites.

Blames Organized Terrorism.

Senator Deneen in Washington declared the blowing up of his home at 457 West 61st place was the work of "organized and criminal classes of Chicago in their desperate efforts to retain political control of the city and county."

A declaration that the outrages were perpetrated by some one trying to arouse sympathy for the Deneen ticket came from the Thompson-Crowe-Galpin leaders. Mr. Crowe, who personally posted a reward of $10,000 and immunity from arrest for information leading to a conviction, said the two bombings were the result of a conspiracy by a few Deneen leaders to win the primary.

He pointed to the planting of pineapples in other campaigns and said in the new era of politics bombings "have become a recognized method of creating public sympathy." He is to start an investigation today, calling in witnesses with grand jury action in view.

Argument Called Boomerang.

All the Thompson-Galpin-Crowe leaders took the same view. Homer K. Galpin, Republican county chairman declared that "the carefully timed outrages can be useful only to the Deneen group," and that "it follows the bombing must have been done by persons anxious to help the Deneen group." The theory at Crowe-Galpin headquarters was that it was the work of some crack-brained hooligan.

This line of theory was dismissed as preposterous by the Deneen leaders. They declared it was a boomerang in reasoning, and they asked whether comparatively recent bombings of Charles Fitzmorris, city controller; Dr. William H. Reid, Thompson leader; Judge John A. Sbarbaro, Crowe-Thompson leader, and Lawrence Cuneo, brother-in-law and secretary to State's Attorney Crowe, "were by the same line of reasoning perpetrated to stir sympathy for the victims."

Judge Tells of Bombing.

Judge Swanson was in his automobile in his garage when the bomb was exploded at his home, 7217 Crandon avenue. He had been on active campaign duty for thirty-six hours, so he attended no meetings last night. On the theory that the bomb was thrown to excite sympathy for him, the judge said he was too tired to "see anything humorous in the attack." A few seconds before the explosion the judge had driven in his car past the spot where the charge was thrown.

Deneen leaders yesterday echoed the opinion Judge Swanson expressed immediately after the blast when told how the bombers lay in wait in a deliberate effort to assassinate him. "The bomb was aimed at me by crooks whose political machinations are creating the present crime situation," he said.

Senator's Sister Imperiled.

The first bombing, which occurred at 11:20 Monday night, tore away the front porch of the Deneen home and endangered the lives of Miss Florence Deneen, sister of the senator, and a maid, Anna Rose, who were asleep. The second bomb was exploded at Judge Swanson's home a few minutes later. It broke the windows, tore away part of the roof, and threw members of the family out of their beds.

While the latest outbreak of criminal violence stirred the country, and the cabinet meeting at Washington took it under advisement, the two rival Republican groups made it the great theme of their day's campaigning. The bombings monopolized the political interest. Deneen speakers declared the ourages an effort to terrorize the Deneen slate candidate, while Thompson-Crowe-Galpin orators said it was an effort by their enemies to create sympathy for themselves.

District Attorney George E. Q. Johnson talked with Senator Deneen over the long distance telephone concerning an inquiry into the bombing outrages. Mr. Johnson said he was helpless to start a federal probe, but that he was giving closest attention to it.

Some of the Deneen leaders took up with Attorney General Oscar Carlstrom the question of whether he could intervene. Mr. Carlstrom pointed out this could be done only in two ways, by order of a court or by invitation of the state's attorney.

Churches took up the bombings. Philip Yarrow, chairman of the political action committee of the Chicago Church federation, wrote Mr. Crowe asking him to bring before the grand jury members of the Deneen faction so that his statements that friends of the Deneen ticket threw the bombs might be investigated.

The rewards offered for the dynamiters reached a total of $65,000 last night when Police Commissioner Hughes added $5,000 to the $50,000 offered by Mayor Thompson and a group of his supporters, and the $10,000 offered by State's Attorney Crowe. Commissioner Hughes agreed with the politicians that politics was to blame. He said Deneen factionalists planted the bombs "to discredit Mr. Thompson and Mr. Crowe." "Certainly no one thinks for a minute Mr. Deneen or Mr. Swanson knew anything of it, but it was the work of some crack-brained person with criminal instincts," he said.

Eight members of the regular Republican organization joined with Mayor Thompson and Homer K. Galpin in offering $5,000 each to the reward fund. They are County Treasurer George F. Harding, Bailiff Bernard W. Snow of the Municipal court, Eugene R. Pike of the Lincoln park board, Sheriff Charles E. Graydon, Charles V. Barrett of the board of review, County Commissioner John W. Jaranowski, Lawrence F. King of the sanitary district board, and Edward J. Brundage.

They issued a statement which called attention to Mr. Crowe's reward offer and added in explanation of their offer:

"We do this because it is time to put an end to this character of political campaigning in Chicago, and we believe the amount offered should be sufficient, with the immunity granted, to induce the dupes who are guilty of throwing the bombs to disclose the principals in such an outrage."

Crowe Makes Direct Charge.

At the noonday meetings Mr. Crowe, at the Four Cohans theater, took the bombings as his theme.

"Our opponents, the Deneen people," he said, "have not been doing any campaigning that I know of. They opened their campaign last night by exploding two bombs. That is not a new thing in Chicago."

After citing an instance of self-bombing in a Board of Trade feud twenty years ago the prosecutor said:

"Four years ago, when I was a candidate for reëlection as state's attorney, Anthony Czarnecki, one of Deneen's leaders, stopped at nothing in order to discredit us. Czarnecki's porch was bombed at that time and following that Elmer Williams had a bombing party at his house, all for the purpose of creating an inference that the state's attorney and his friends were parties to the outrages.

"In the closing days of the campaign the Deneen crowd resorts to the same tactics."

Rival G. O. P. Factions Blame Each Other for Political Bomb Outrages

Politics, and politics alone, was the explanation given for the bombing on Monday night of the homes of Senator Deneen and Judge Swanson. In a series of statements yesterday by leaders of both the Thompson-Crowe and the Deneen factions of the Republican party, no other theory was even tentatively offered.

Mayor Thompson and Homer K. Galpin, chairman of the Cook county Republican central committee, flatly declared that State's Attorney Crowe was right in his contention that the bombing had been done by adherents of the Deneen cause in the hope of gaining sympathy votes.

On the other hand Edward R. Litsinger, chairman of the county board of review; Senator Deneen and Anthony Czarnecki, collector of the port, asserted that criminal gangs which Prosecutor Crowe had failed to stamp out were responsible.

◆

Mayor Thompson's statement follows: "I think Bob Crowe has the right slant on what is going on. He has had over seven years' experience in the state's attorney's office, giving him an unusual opportunity to study the footprints of one of his predecessors, Charles S. Deneen, and how they led in the political advancement of Charles S. Deneen through the indictment and intimidation route.

"Our headquarters were threatened by the attorney general, through Harry Ash, first assistant to the attorney general, who is now associated with Charles S. Deneen, who boldly stated that if we didn't mark our sample ballots for his boss, Oscar Carlstrom, that they would indict officials of the city hall and the state's attorney's office, the sanitary district and other governmental agencies.

"Fake reformers traveling in sheep's clothing in the daytime and operating with bombs at night, and attempting to hi-jack public officials of Chicago because they cannot dictate their political actions, will be eliminated on April 10."

◆

Mr. Galpin asserted that only the Deneen forces could benefit by the bombings, and hence some of them must have been guilty. He said:

"The exercise of ordinary common sense will convince that the only result of such bomb explosions must be to create public sympathy for the persons supposed to be attacked. Certainly their political opponents are not anxious to excite public sympathy for a defeated and discredited political group."

◆

Mr. Litsinger placed the blame on "the crime camorra that has official Chicago and Cook county by the throat, so far as protection of life and property and law enforcement are concerned.

"If it is necessary to go further back than last night's bombing and the merciless slaughter of Joe Esposito last week to be convinced that Chicago is in the clutches of this camorra," he said, "it is only necessary to point back to the murders, 'taken for a ride,' and terrorism that has prevailed in Chicago, Cicero, and other districts of Cook county.

"It is more than a coincidence that the Small-Thompson machine should choose for one of the foremost places on its ticket as a candidate for the board of review Barney Barasa, who is president of the Unione Siciliana, which he now calls for political purposes the Italo-American union.

"It is more than a coincidence that Barney Barasa is closely associated with Tony Lombardo, whose connections with Al Capone, the Cicero vice lord, are only too well known."

◆

Mr. Czarnecki, whose home was bombed four years ago, criticized the state's attorney, first for not finding out who bombed him, and, second, for laying the blame for the new outrages to the Deneen men.

His statement, in part, follows: "There was no grand jury investigation at the time by State's Attorney Crowe to determine who was responsible. Even at this late date I am anxious to know who bombed my home when my father and children were asleep. I am amazed at the statement of Mr. Crowe claiming that my home was bombed four years ago by Deneen leaders and that the bombing outrages at the homes of Senator Deneen and Judge Swanson were perpetrated by Deneen leaders."

◆

Another statement came from United States District Attorney George E. Q. Johnson.

"These bombings and other recent bombings are receiving my closest attention," he said. "I have found in my year's work in this office that more can be accomplished through secrecy than by shooting off my mouth. Further, I do not care to be quoted."

LATEST BOMBS DRAW FURTHER EDITORIAL SCORN

Chicago Honor Is Lost if Conditions Continue.

Chicago's latest bombings have brought forth more criticism of the city by the press of the country. Some of the editorial opinions follow:

Philadelphia Public Ledger — Two months ago, Chicago gangsters began to vary their underworld warfare by menacing the life and property of political leaders. Dispatches using the words "political bombings" are not unjustified. Chicago is warming up for another election. Perhaps for the reason that politicians respect the ability of gang leaders to deliver votes, nothing apparently is being done to remove the stigma which assorted thugs, hijackers, and plain murderers have placed upon the name of America's second city. Placing police guards at the homes of prominent politicians will not halt the whirlwind. Only effective and fearless law enforcement backed by the votes of honest citizens can do that.

◆

Kansas City Star—Chicago seems to have adopted a new style of political campaigning. Instead of going out and making a speech, the modern Chicago politician goes out and makes a bomb. Instead of blowing up political opponents with words, he blows up their houses with dynamite—or perhaps the houses of friends. It is rather confusing to outsiders. Chicagoans seem to have turned their politics over to certain gangs. Until they resume control, campaigning by bombs is likely to continue.

◆

Cleveland Plain Dealer.—Underworld terrorism in Chicago reaches its alarming climax in the bombing of the residence of United States Senator Deneen. It is not to be supposed that the Chicago bandits and gunmen had any personal grudge against the senator. His home was marked for destruction merely because such a crime would best advertise the desperate purposes of those who engineered the crime. That spells terrorization, and if Chicago bows to the blow, her honor as a community is gone. Chicago has become the least law abiding of the world's great cities. Murder has become a profession and a fairly safe one. Law enforcement is an idle phrase. Nowhere else in America has the inevitable relationship between bad politics and lawlessness been better illustrated in recent months. A community willing to endure the kind of administration that rules over Chicago must expect, whether willing or not, to endure the kind of underworld domination that finds logical expression in the bombing of a senator's home. Chicago is what Chicagoans choose to make it. The city is a self-governing political unit.

◆

New York Morning World—Mr. Deneen's prominence is not the only reason that makes this latest bombing a matter of national interest. Intimately bound up with the contest even over local offices is the war of the bootleggers and the officials and bosses who prey upon them against the federal officials enforcing the liquor laws who are said to derive their places, if not their policies, so far as Illinois is concerned, from Mr. Deneen by "senatorial courtesy." Chicago represents democracy in serious straits.

◆

New York Times.—For the fifth and sixth times this year Chicago outlaws have thrown bombs and each time the objective has been the home or person of some participant in the savage politics of America's second city. It is inconceivable that the overwhelming portion of Chicago's citizens do not resent the public conditions which make these outrages possible with impunty to those responsible. The Crowe-Thompson organization is responsible for the security of life and property in Chicago. The only effective solution for them is to hunt down the miscreants who assassinate and destroy with bombs and machine guns and reduce one of the greatest cities in the world to the level of a lawless mining camp or feud town.

◆

Washington Post—It is hard to picture the conditions that may develop in Chicago between now and the date of the primary April 10. It matters not that no one was injured by the two bombs which were thrown. The intent was to kill, and judging from Chicago's past history retaliation will be both quick and sure. Chicago is a "battleground, with the objective in no figurative sense the control of the Republican organization in the state." City officials seem to take slight interest in the affair. There is slight wonder, in view of this official attitude, that Illinois politics is marked by the use of pistols, machine guns and dynamite. No more open invitation could be extended to the thugs and murderers to do their worst. Continuance of such conditions can only mean one thing, and that is that the domination of the government of Illinois by criminals, now almost at hand, will become complete.

◆

Boston Globe—What does the fresh outbreak of violence in Chicago signify? Simply that a primary election is coming, and that the rival factions of the Republican party are fighting for ascendancy with their customary weapons. Every funeral of a slain gang leader exposes to the outside world the reason for the reign of violence in Chicago. Vice has built up a system of protection. Public officials are no longer the masters of this system; they are its slaves. Gang-rule is supreme. It is only a question of which gang? When the decent citizens of Chicago are really aroused, they will take control. Until then Chicago will remain a joke on all America—on democracy itself.

Likes Young People

Mrs. Nettie Gagerovitz of 824 Claremont avenue, who celebrated her 110th birthday today, finds life an enjoyable adventure as long as the days are not dull and there is the promise of "something doing."

She likes nothing better than to have a house full of company, especially young people with whom she can "make jokes." And when it is the usual bedtime for most persons her age or younger she refuses to retire until the company is gone, whether the hour be ten o'clock or two.

As active as she was 30 years ago and as hale and hearty, she says she expects to live at least ten years more.

GERMAN FLYERS WAIT FAIR WIND FOR OCEAN HOP

Plane Ready at Dublin Field for Start.

BULLETIN.

DUBLIN, March 28 (Wednesday).—(U. P.)—Officers at Baldonnel airdrome announced it appeared extremely unlikely that the German plane Bremen would take off on its trans-Atlantic flight today.

BY HUGH CURRAN.

[Chicago Tribune Press Service.]

[Copyright: 1928: By The Chicago Tribune.]

DUBLIN, Irish Free State, March 27.—Despite unfavorable weather reports tonight, the German aviators, Capt. Herman Koehl, Arthur Spindler, and Baron von Huenefeld, in the Junkers machine Bremen, hope to leave Baldonnel airdrome for America at 5 o'clock tomorrow morning. They expect to reach New York in thirty-six hours.

The machine has fuel for a forty hour flight. The flyers will travel slightly south of the usual route. As they do not intend to leave until assured of fair winds, they may not get away for several days.

All three are young men. Capt. Koehl is 35; Herr Spindler, 34, and the baron, who spent his entire fortune to buy the plane, is 36. Capt. Koehl and Herr Spindler will pilot alternately, but the captain will be responsible for the machine. The Bremen does not carry a wireless or lifebuoys.

Call on Cosgrave.

The three Germans, with Commandant Fitzmaurice, head of the Irish air force, were guests at a luncheon given by German Consul General von Dehn. They also called on President Cosgrave of the Irish Free State and were entertained tonight by Irish air officers.

Koehl's Wife Confident.

[Chicago Tribune Press Service.]

BERLIN, March 27.—While German experts are arguing heatedly over Capt. Herman Koehl's chances of reaching America in the single motored Junkers plane Bremen, little Frau Koehl, in her neat Berlin home, near Tempelhofer field, looks at you with her brave blue eyes, and tells you unflinchingly of her belief in her husband.

"He is much too conscientious a man, much too good a pilot, to overlook a single point which could spell failure in the flight." she says. "The failures of the others have taught him a lesson. He will start only when all conditions are in his favor, and what is more, he is a brave man. If necessary, he will have the courage to fly back. That is why I trust and believe in him implicitly."

Mrs. Spindler Shocked.

DRESDEN, Germany, March 27.—(AP)—Mrs. Arthur Spindler, wife of Capt. Koehl's teammate on the Bremen, completely lost composure today when informed that her husband was about to venture forth on the broad Atlantic by airplane. She said she had had no idea of her husband's intentions.

Spindler, who in the world war piloted Capt. Koehl's plane at the head of a flying squadron, wrote a letter to friends here, which was received today, and in which he pointed out that he was the oldest active flyer in Dresden and considered it his duty to accompany Capt. Koehl in the interests of the advancement of aviation.

"I do not think we are tempting God," he wrote. "We merely wish to be pioneers in the service of humanity."

Speaking of the problems ahead, Spindler said that during the trial flights it had been shown that ice forming on the wings constituted the greatest danger, but Capt. Koehl had devised a protection against this which had proved effective at least for a time.

Koehl Loses Regular Job.

HAMBURG, Germany, March 27.—[U. P.]—Capt. Herman Koehl, one of the chiefs of the Lufthansa's nighttime air service, must be regarded as dismissed, the company announced today. The Lufthansa is known to disapprove of trans-Atlantic flight attempts such as Capt. Koehl is making without "adequate" machines.

ALDERMAN PROPOSES "PINEAPPLE DAY" FOR G. O. P. PRIMARY FUND

A "pineapple day" to raise funds for the regular Republican organization primary campaign fund was proposed yesterday by Ald. Guy Guernsey [6th], a Deneen follower, at a meeting of the city council's finance committee.

Ald. Guernsey advanced the idea during the discussion of a poppy day for the G. A. R.

"Why not have a poppy day for the G. O. P.?" queried Ald. W. R. O'Toole [14th], a Democrat.

"O, no, fruit would be better than flowers," said Guernsey. "I suggest a pineapple day." Then he added thoughtfully, "On the other hand the America First boys seem to be making it all right. Maybe they don't need it."

Whereupon Ald. B. A. Cronson [4th], a Thompsonite chipped in: "Don't worry, you guys, America First will be first April 10 without any pineapple days."

And with that, Chairman John S. Clark [30th] pounded for order and the committee returned to business.

ALDERMAN MOSE GETS BOMB NOTE; HOME GUARDED

Police were assigned last night to patrol the home and real estate office of Ald. A. K. Mose [50th], who reported he had received threatening letters, signed "The Gang of 42," reading: "This is to warn you that if you do not keep your yap closed—and if you do not take a nice vacation until April 11—you will be delivered on the spot, and you will never live until April 10. If this letter reaches the press, a pineapple will set in the right spot. We will blow your home and your office up so damn high it will land somewhere in Lake Michigan."

UPSETS MURDER THEORY.

A post-mortem examination of the body of Mrs. Clara Grahm, 35, of 23 State street, Hammond, Ind., upset a murder theory that started when she was found dead in the basement of a house at 131 Plummer avenue, Calumet City, yesterday. The autopsy showed death was due to heart disease.

REDS REPORTED IN NEW ACTIVITY NEAR SWATOW

[Copyright: 1928: By the New York Times.]

HONKGONG, March 27.—A fresh outbreak of Reds in the vicinity of Swatow was reported here this evening. Chinese in Swatow are apprehensive, the dispatches relate, as the communist force is reported to have taken Julial, a strategic outpost only thirty miles from Swatow.

It is estimated that only 600 troops are available for defense, and in the event the Reds arrive in force the fall of Swatow is inevitable. The city has been the scene of frequent communistic raids, being one of the weakest links in southern unity.

The Swatow developments are regarded as the opening wedge in the Reds' expected campaign. The Canton authorities are continuing to execute communists as alleged participants in the December rebellion.

SMALL BREAKS FAITH WITH CITY, EMMERSON SAYS

Charges Eight Years of Violated Promises.

"Len Small has spent eight years promising and promising things for Chicago, and he has failed in every promise," declared Secretary of State Louis L. Emmerson last night, when he addressed a large meeting of Deneen followers in the 6th ward at 1206 East 63d street.

One by one Mr. Emmerson, candidate for the Republican nomination for governor, took up the promises made by Gov. Small, and then he showed how they had been broken. He was cheered by his more than 800 hearers when he closed with this statement:

"I'm not only going to promise you home rule, and 40 foot roads, and a fair proportion of appropriations; I'm going to give them to you!"

Home Rule Promise Recalled.

"In 1920 my opponent [Small] stood before Chicagoans and said, 'I'm going to give you home rule,'" Mr. Emmerson continued. "He pledged himself to abolish the utilities commission. He did abolish the utilities commission, but instead of that he has created the Illinois commerce commission, with twice the power over your street cars and elevateds, your gas and electric light and telephone. He took away one devil and gave you two devils in his place.

"For eight years Small has had an iron control over the legislature. He has had absolute power to make or break legislation. Has he given you home rule? Has he given you roads?

"Roads? On Feb. 11 he made a deal to get Chicago's support. He promised to give Chicago roads. Since then 300 miles of road have been put under contract, and only seven miles of them are in Cook county.

"Isn't it time you cashed in on at least one of these promises? Are you going to be lulled with them forever?

"I notice your tax bills are going up in Chicago, just as we find them going up downstate. Let me give you a reason for it.

"While the other departments of the state, including my office, were exercising economy, and succeeded in a reduction of expenditures, all the departments directly under the governor were spending money like drunken sailors. Their appropriations went up $12,000,000, and it is interesting to note that $6,000,000 of that is given to payrollers."

Glenn Rips Into Smith.

Otis F. Glenn, candidate for the United States senate, addressing the same meeting, called on the voters to deprive the Democratic party of their greatest election plank, which he declared was the "disgraceful record of Frank L. Smith."

"We owe it to our party to purge it of the blot put upon it by my opponent," declared Mr. Glenn. "If you put the burden of Smith again in the national election, and Smith and William Hale Thompson speak for Illinois, I fear it may mean defeat for our party in the nation.

"Smith, while presiding over the body which fixes the rates of your public utilities—things which control to a large extent your cost of living—accepted more than $200,000 from men seeking the favor of that body at your expense.

"If you send him to the senate, and even if the senate would admit him on this fourth set of credentials, which they would not, Smith may take a million dollars from some man who wants an act of congress. And if he did take it, you couldn't blame him; you couldn't blame the man who gave it; you'd have to blame yourselves."

Mayor Thompson Assailed.

Both Mr. Glenn and Attorney General Oscar E. Carlstorm, who seeks renomination, led spirited attacks on Mayor Thompson. They spoke at two meetings, the second being at Odd Fellows hall, 3335 South State street, before an audience of 500 colored men and women.

When Mr. Glenn pictured Mayor Thompson as a man who had betrayed the confidence placed in him by the colored race, and declared that Big Bill was really "Big Bull now running the second battle of Bull Run," he was cheered by the colored voters for five minutes. It was viewed as a sign that Thompson's hold over the colored voters has slipped, and that they have swung widely over to the Deneen ticket.

"Bill Thompson has proved himself faithless to every trust," declared Attorney General Carlstorm. "I came to you before he was elected and asked you to vote for him, because he had sworn to me that he would deal fairly with the people and give them a great administration. He has shown himself a low traitor, and I ask you now to treat him as such. He talked to you about a 5-cent fare, but now he has entered a deal to deliver your traction lines over to your enemies."

POLITICAL NOTES

Louis L. Emmerson and other headliners on the Lowden-Deneen ticket are to speak before the Coöperative club at the Hotel Morrison this noon. They have a meeting at Joliet tonight.

The Chicago Truck Owners' association, of which Joseph Kunsky is secretary-treasurer, is with the Thompson-Crowe ticket.

Charles J. Tietzel, Republican candidate for congress in the Third district, has been justice of the peace in Evergreen Park for seven years.

Friends of Edwin R. Wright, Deneen candidate for sanitary trustee and former president of the Illinois Federation, ask that word be spread that he is not to be confused with Edward H. Wright, colored leader of the 2d ward.

Five hundred members of the Hamilton club and their friends last night unanimously indorsed the candidacy of Congress-at-large Henry R. Rathbone for renomination at a dinner given for him at the club.

"I NEED PEACE," DUCE DECLARES TO ROTHERMERE

LONDON, March 27.—(AP)—Peace, and no foreign complications, is the message which Lord Rothermere brings back from Italy after an interview with Premier Mussolini and prints in his newspaper, the Daily Mail.

"I need peace," Mussolini told Rothermere. "Italy has a hard struggle of economic development still ahead of her. Foreign complications are the last thing I could afford."

Lord Rothermer's article says that Mussolini still is much misunderstood abroad. "The war that he seeks to win," Lord Rothermere says, "is not a military one, but economic and industrial."

FIVE INJURED AS AUTOS COLLIDE; TWO MAY DIE

Merl C. Ferguson, 23 years old, 9134 Blackstone avenue, and Claude Griffey, 27, of 818 East 38th street, were probably fatally injured last night when the automobile in which they were riding collided with another car at 87th street and Jeffery avenue. Both machines were overturned and the occupants thrown to the pavement. Mrs. Louise Connell, 28 years old, 7605 Paxton avenue, driver of the second car, was bruised but was able to go to her home.

Ferguson's wife, Naomi, 25 years old, and Miss Josephine Follensbee, 19, who rooms with the Fergusons, were seriously hurt. Ferguson was taken to the South Chicago hospital. The others were carried to Jackson Park hospital. Police said Ferguson was intoxicated, and, if he lives, will be charged with driving while intoxicated and reckless driving. Both Ferguson and Griffey are switchmen.

No deaths from automobile accidents in Cook county were reported yesterday. The county's motor toll remained at 218.

ILL, OUT OF WORK; KILLS SELF.

Fred Agen, a laborer, 46, of 10909 Troy street, cut his throat yesterday morning and died at his home last night. Police learned that he had been ill for two years and had been unable to find work.

Canada's State Railway Asks for $25,000,000

[Chicago Tribune Press Service.]

OTTAWA, Ont., March 27.—Canada's National Railway system is asking 25 million dollars from parliament for additions and betterments. Estimates were tabled here today. New rails on western lines and new hotel structures at Ottawa, Halifax and Vancouver, account for the bulk of the amount.

Charles Cahan, Montreal conservative, protested to the government today that the Chicago diversion and channel dredging had reduced water levels in Montreal harbor to a seriously low level.

The Chicago Tribune's
GAME of "SONG TITLES"
617 Big Cash Prizes for Best Answers

No. 33. The Chicago Tribune's Game of "SONG TITLES"

CLUE: "Such popularity must be deserved." It would appear the lady's smile is more attractive than those steins (empty perhaps) or the comfy pillows. Who can she be?

The Name of This Song Is................ (Write Song Title Here)

My Name Is................

Street Address................

City................ State................

THE RULES:

1. Every weekday for 40 consecutive days, (not including Sundays) the Chicago Daily Tribune will print a cartoon picture representing the name of a popular and well known song or an old favorite melody. The public is invited to cut out these cartoons and name the songs the pictures represent.
2. The Chicago Tribune will pay $5,000.00 in cash prizes to the persons sending in the nearest correctly named and neatest complete sets of pictures as follows: 1st Prize, $1,000.00; 2nd Prize, $250.00; 3rd Prize, $100.00; next 4 Prizes ($25.00 each) $100.00; next 100 Prizes ($10.00 each) $1,000.00; next 510 Prizes ($5.00 each) $2,550.00. A total of 617 Prizes, totaling $5,000.00.
3. This game is open to everyone, everywhere—men, women, boys and girls—except employes of The Chicago Tribune and their families. It does not matter where you live.
4. You pay nothing. Just prove your skill. Accuracy will count. Neatness will count. Song Titles are to be submitted only in complete sets. Hold all pictures until you have the complete set of 40. Then send them to "Song Titles," The Chicago Tribune, Post Office Box 1539, Chicago, Ill. All entries must be in by midnight 15 days after Picture No. 40 has been printed.
5. Each entry must be sent in by first class mail—postage prepaid. Entries with insufficient postage will be returned by the Post Office Department. At the end of the contest we want you to tell us the name of your favorite song—the one you like best of all—and why. Contestants may send in as many sets of Song Titles as they wish, but no contestant will be entitled to more than one prize.
6. You need not purchase the Chicago Daily Tribune to compete. You may copy or trace the cartoon pictures from the originals and use the copies you have made. The Chicago Tribune may be examined at any of its offices or at public libraries free of charge.
7. The judges will be a committee appointed by The Chicago Tribune. Their decision will be final. In case of ties a duplicate award will be paid to each tying contestant.

The Name of the Song Represented by the Picture is in this List.

"Are You Lonesome Tonight?"
"Dear Old Girl"
"Falling in Love With You"

SMALL BRINGS HIS CAMPAIGN INTO CHICAGO

Talks of Roads, but Says Nothing of "Gas" Tax.

BY PARKE BROWN.

Joining his political associates, Mayor Thompson, State's Attorney Crowe and Frank L. Smith, who made their first loop speeches on Monday, Gov. Len Small opened his Chicago campaign for a third term yesterday at a crowded noonday meeting in the Cohans theater.

His chief topics were roads, the Illinois waterway and THE TRIBUNE, and the principal comment among political observers who listened to him was that he had been completely silent on four subjects that have been referred to by the opposition, two of which were considered of particular interest to Chicago. The subjects ignored were these:

The $1,000,000 interest suit.

The gasoline tax.

The state income tax.

The quo warranto law exempting himself from ouster proceedings.

Audience Seems Friendly.

The governor was given a warm reception by an audience that was friendly. It seemed to be made up largely of friends, as many greeted each other by first name as they went into the theater or out of it, most of them in the direction of the county building and city hall across the street.

Gov. Small's talk in reference to roads and Illinois' part in the lakes-to-gulf waterway varied from his regular speech downstate by amendments calling particular attention to the benefits to be given Chicago.

"Our plans," he said in reference to roads, "include not only the connection of every city and village in the state by a paved road to Chicago but many new and wider roads into and around the city of Chicago. With a view to relieving the congestion of traffic in this great center of population, at important road intersections grade separations will be built and there will be 40 foot roads running out of Chicago north, northwest, west, and south."

Tells About Waterway.

In the same way he referred to Chicago in talking about the waterway. "It will connect Chicago," he said, "with the Gulf of Mexico and thence to South American ports and by way of the Panama canal to the Pacific and the Orient."

His discussion of these two topics was extended but his chief attack on his opponent, Louis L. Emmerson, was a charge that Mr. Emmerson is the candidate of THE TRIBUNE. He suggested that if Mr. Emmerson were elected he might give to THE TRIBUNE in advertising "at least one-half" of the money now spent for road maintenance.

"I assure you, my friends," the governor said, "that THE CHICAGO TRIBUNE has not received one cent from the governor's office during the last seven years for advertising: but I will leave it to you if they have not given me more free advertising than any other man in the state.

"You people may think it queer that I refer so often to THE CHICAGO TRIBUNE. You may not realize that this paper for the last 50 years has been controlling or attempting to control the various branches of our government from Washington down."

Dailey Alludes to Interest Suit.

There was considerable more of this and there were other speeches that the crowd thought interesting. One of these was the speech of Senator John Dailey of Peoria, candidate for attorney general, who, with the governor still present, alluded several times to the $1,000,000 interest suit although he did not discuss it at length.

He spoke of Attorney General Carlstrom's promise during the last campaign to "dismiss certain pending proceedings against the governor," and declared that he, as a candidate, would not pledge immunity to Gov. Small or anybody else.

Then later he referred to Secretary of State Emmerson's name being brought into the state Supreme court in the proceedings in the interest suit filed by Carlstrom's office. This was an allusion to the charge that Small used state funds for the purchase of stock for himself, Emmerson, and the late Edward C. Curtis in connection with a Springfield bank merger.

The third state candidate who spoke at this meeting was Frank L. Smith. It was his customary appeal that he and the state of Illinois are entitled to his being seated in the United States senate. He also intimated that many of the present members of the senate have been elected with the aid of questionable campaign contributions.

"If every senator," he said, "had to meet that standard for entrance into the senate, there wouldn't be enough left to constitute a quorum."

Plans for Restoration of Fine Arts Building O. K.'d

Final approval of the plans for restoration of the Fine Arts building in Jackson park to house the Industrial museum was given yesterday by the south park board meeting with the architects. The commissioners have authorized the opening of bids on May 16. Work probably will begin in June, Edward J. Kelly, president of the board, announced after the meeting. The contract will require that the five million dollar project be finished in two years.

SELFRIDGE AND YANCSI DOLLY TO WED, REPORT

Paris Friends Tell of the Dancer's Romance.

BY HENRY WALES.

[Chicago Tribune Press Service.]

[Copyright: 1928: By The Chicago Tribune.]

(Pictures on back page.)

PARIS, March 27.—H. Gordon Selfridge, former Chicagoan, and millionaire London department store owner, soon will wed Yancsi Dolly, half of the famous dancing team, if the conversation here of intimate friends is based on fact.

These friends say that with sister Rosika happily married, and with the prospect of becoming fabulously wealthy as the wife of Mortimer Davis, whose millionaire father passed away a few days ago, Yancsi—or Jenny, as she is better known—will feel free to retire from the act.

Seen Together Constantly.

Jenny, according to intimates, refused to marry until Rosie's future was assured, because she was unwilling to break up the dancing act and leave her sister without means of livelihood. Mr. Selfridge, who has been often in her company at Paris, Deauville, Cannes, London, and Biarritz for the last couple of years, insisted that she retire from the stage when she became his wife, it is said. Mr. Selfridge's first wife died May 13, 1918.

Rosie's future is rosier today than it appeared yesterday, when reports were broadcast that her father-in-law, Sir Mortimer Davis, prominent Canadian tobacco and whisky merchant, disinherited his son after the marriage. The new Mrs. Davis intimated today at memorial services for Nora Bayes at a local synagogue that Sir Mortimer became reconciled to the marriage before his death and her husband will divide the $100,000,000 estate with the widow, the one time American manicurist, Eleanor Curran, who married the Italian Count Morini and then became Lady Davis four years ago.

Refuses to Discuss Will.

"I am proceeding to America with Lady Davis and the body of Sir Mortimer, tomorrow," said Rosie, after the memorial services. She declined to comment on the reported changes in the will as the father announced he had disinherited his son after Mortimer Junior's marriage last year.

HOUSE VOTES BIG NAVY WITHOUT ONE SINGLE NAY

360 Million Dollar Bill Is Sent to Senate.

[Chicago Tribune Press Service.]

Washington, D. C., March 27.—[Special.]—Opposition to the $360,000,000 naval appropriation bill failed to develop in the house this afternoon and the measure was approved without a dissenting vote, and now goes to the senate.

A total of $48,000,000 is provided for continuing construction of eight 10,000 ton cruisers and two fleet submarines, $6,575,000 is carried for modernization work and gun elevation work on two battleships, and an additional $31,315,000 goes for naval aviation.

An item of two million dollars for beginning two giant dirigibles caused a flareup on the floor.

Ohio representatives attempted to push through an amendment directing the secretary of the navy to let contracts at once for the construction of the two airships. Eastern representatives interpreted this as an attempt to shut the American Brown Boveric company of Camden, N. J., as a bidder for constructing one of the ships in favor of the Goodyear Tire and Rubber company of Akron, O., and combined to defeat it.

Plans Are Upset.

Until the last few days it had been expected that the Akron company would be awarded the contracts, as it had won the airship design competition held by the navy department.

A few days ago, however, representatives of the Brown Boveric company appeared before the appropriation committee in executive session and announced they could build one dirigible for four million dollars, about a million dollars below the Goodyear bid.

The committee called in Secretary Wilbur, who decided to call for new designs before awarding contracts.

Rear Admiral William A. Moffett, chief of the bureau of aeronautics, said each one of the new ships will carry five airplanes and twelve machine guns. Landing and take-off platforms will be built on the dirigibles so the airplanes can take off and return while the airship is in the air. The ships will have a maximum speed of 80 knots an hour and a cruising radius of 12,000 miles.

Nicaragua Row Flares Up.

When the marine corps appropriations came up the Democrats attempted to ascertain the cost of maintaining marines in Nicaragua. When this failed Representative Abernethy [Dem., N. C.] criticized the sending of American marines to Nicaragua to oversee elections.

"Will Sandino, the rebel chief, be allowed to vote this fall?" he inquired.

"He will have about as much chance as a colored man in the gentleman's own state," replied Representative La Guardia [Rep., N. Y.] amidst laughter.

"HOW DRY I AM" TO BE '28 CONVENTION SONG IF U. S. PLANS WORK

Washington, D. C., March 27.—[Special.]—It will be a long time between drinks for the delegates and guests at the national conventions this year if announced plans of the prohibition bureau are made effective.

Alf Oftedal, deputy commissioner of prohibition, left tonight for Kansas City to coöperate with local officials in a comprehensive plan for stopping importation of liquor into that city. After his plans are completed there, Mr. Oftedal will go to Houston.

Prohibition authorities believe that if they can establish especially dry zones around the convention cities, the liquor obtainable will be so bad no one will drink it.

WAUKESHA MAN'S S O S JUST FILLS SIDEWALKS OF N. Y.

82 Assorted Police and Firemen Respond.

New York, March 27.—[Special.]—John Estberg of Waukesha, Wis., needed hep this morning. He had just been slugged and robbed by a taxi driver and hurled from the cab.

Mr. Estberg, slightly dazed, called weakly for help, but got none. He figured if he would pull a fire alarm box a policeman would come. He also figured he needed several policemen, so he pulled the box several times.

First came four fire engine companies, bringing thirty-two firemen. Then two hook and ladder companies with sixteen men roared up.

Two battalion chiefs and their drivers arrived, followed by a deputy fire chief and his chauffeur, a water tower with three men, the fire patrol wagon with ten men, a gas company emergency truck with a crew of three, an Edison company repairman, two private policemen, two detectives, six patrolmen, and Deputy Police Inspector Vincent Sweeney.

"Are there any more firemen and policemen in the world?" asked Mr. Estberg. He then told what had happened to him. He said he entered a cab at Times square shortly before midnight and instructed the driver to take him to the Biltmore, where he is staying.

Instead the taxi man drove him to a dark spot under the elevated. There, Mr. Estberg declared, the man jumped out, opened the tonneau door, seized him by the throat, beat him, robbed him of $200 in cash, a $100 gold watch and a gold knife and chain and then tossed him into the gutter and drove away.

Mr. Estberg, who is a bond broker connected with the Quarles Investment company of Milwaukee, said he would not go home today as he had planned, but would remain in New York to assist in the search for his assailant.

laims Land Long Held by Church of England.

BY JOHN STEELE.

[Chicago Tribune Press Service.]
right: 1928: By The Chicago Tribune.]

LONDON, March 27.—The hero of don's newest romance is William an Allery, a spruce 83 year old h Londoner. He has suddenly ped into the limelight and astoned a couple of dozen tenants of a able piece of property in Brixton d by declaring he is the long lost to the Angell estate, and therefore rightful owner. Ownership of the perty has been a legal mystery for years.

orning mere verbal claims, Mr. ery appeared at the building today coolly turned one of the rooms an office. He informed the tenthat he is ready to collect rents, ch, with the other income from the ,000,000 estate, amount to the tidy of $10,000,000 yearly.

Thought Church Was Landlord.

To make the case even more parlel with the famous Anneke Jans te case of New York, it appears the nts heretofore believed that the dlord was the Church of England, ch has controlled the property for ny years.

Agitated ecclestiastical commissiontoday covered their confusion with dignified announcement, "We have ing to say at present," but the octogenarian says he has unred the "missing link," supplying olute proof of his claims. Meanle he calmly accepted $15 month's from each of three tenants today, posing for photographers of the London newspapers. A squad of police held back frenzied crowds.

Considerable zest was added to the case by the chorus of a couple of hundred persons who have now rushed forward, claiming some sort of right in the property. Marriage records are being ransacked in an attempt to substantiate the claims. All sorts of skeletons are being dragged from the closets, including two murders as well as lesser crimes, in order to trace family lines in the direction of the $300,000,000 prize.

SNOW SHOVELING KILLS HIM.

Exertion of cleaning off the snow from the rear porch and steps at his home proved fatal to Michael Walaszkowski, 60, of 1725 North Union avenue. He died last night of hemorrhage.

"She's a Septic!"

Many women want to be, deserve to be, and *could* be far more popular than is their lot. Doctors know why. So do nurses. They call such cases *septics*.

To remedy obnoxious body odors and bad breath, you must recognize their cause. The trouble is deep-seated. Frankly in the colon. Semi-constipation makes millions of systems septic. There may be a daily movement, but all the waste is not eliminated. The matter that remains poisons the blood, and permeates the perspiration. It taints the breath. *Nature is signaling her need of a little calcium.*

Calcium works wonders in one's appearance, too. With the inner system sweet and clean, the complexion clears most marvelously. Eyes brighten. Teeth whiten. The tongue is no longer coated, even on arising. And you never need take another harsh cathartic.

Perhaps you are septic, and don't know it. Try a tiny bit of calcium, and see! It may make all the difference in the world. Leave harsh, habit-forming cathartics alone. You never need them if you take an occasional calcium tablet.

A five-day test will prove to you very conclusively the system's need for calcium, and the benefit from these little wafers. Your druggist has them for 10c. Or the family size, 60c. Start this test today!

MAYOR BOOSTS 15 PARADES TO COST $250,000

Fifty Improvement Clubs Asked to Foot Bill.

Representatives of fifty district improvement organizations and business clubs, summoned by Mayor Thompson, came to the city hall yesterday to hear him unfold a new plan to boost business and improve their districts. They were told that they were to foot the bill—some $250,000 or so.

The mayor's plan, he told them, is to stage a big "improvement parade" every two weeks from April 15 until Christmas to celebrate the improvements such as street widenings, fire and police stations, bridges, and garbage plants.

"Holding parades is the only way in which we can direct the attention of the public to what we are doing," the mayor explained. "The papers never boost us. They always lie."

A Float for Each Club.

The mayor said it would be a grand thing for each of the forward-looking improvement organizations to put up from $1,000 to $5,000 each for a float to take part in the parades and suggested further that he had the name of an acceptable float-making concern that made a specialty of supplying the floats.

One improvement club secretary, sitting in the rear of the room, took his pencil and did some calculating. Fifteen parades between April 15 and Christmas with an average of about twenty-five $1,000 floats in each are going to cost somebody in the neighborhood of from $250,000 to $300,000, he figured.

"That 'somebody' means us, the forward looking improvement clubs," he commented. "And after we hand over the cash to the 'acceptable' float making concern our honorable mayor will ride at the head of the parade with a sign, 'Big Bill the Builder and Chicago's friend, Len Small, did this.'"

Recalls Pageant of Progress.

The mayor in his talk recalled that 88,000 paid admission to the Pageant of Progress on the opening day, although the only advertising was done by parades. Increased property values, better business, and fuller dinner pails resulted, he said.

In closing, he took another shot at the newspapers, relating how, after he had talked for an hour or more to the reporters about his plan to build a new garbage incinerator, one of them looked at him blankly and asked, "But, Mr. Mayor, haven't you got any news?"

"Yes," he added, "when I mentioned putting the American flag on garbage wagons to take part in a celebration parade the reporters gave a wild whoop and declared it hot stuff."

Louis E. Golan, it was announced, has been made chairman of the mayor's parade committee and will be charged with arranging the processions in various parts of the city.

Quincy, Ill., March 27.—(AP)—Fire, caused by an overturned blow torch, today destroyed the hangars and one of three planes of the Quincy Aircraft company. The loss was estimated at $12,000.

HOLLYWOOD BARN CAFE PADLOCKED FOR YEAR BY U. S.

The Hollywood Barn, Kedzie and Lawrence avenues, yesterday was ordered padlocked for one year by Federal Judge Robert C. Baltzell. This is the fifth of the city night life bright spots closed by padlocks on observation evidence gathered by prohibition agents.

The decree was entered by consent of John Horn and Thomas McCarthy, owners of the Hollywood Barn. Contempt proceedings against Horn and McCarthy, based on their alleged violations of the prohibition law following a temporary injunction against the café, will be heard later.

The four other cafés closed are the Jeffery Tavern, Club Bagdad, the Plantation café, and the Rendezvous café.

Steal $50,000 in Liquor from U. S. Warehouse

Fresno, Cal., March 27.—(AP)—Whisky valued at $50,000 was stolen from internal revenue warehouse No. 7, two miles south of here, by six men who overpowered and bound two watchmen last night.

BOMBS FOR DENEEN AND SWANSON.

Bombers added the homes of United States Senator Charles S. Deneen and of Judge John A. Swanson to the record of political pineappling Monday night. Mr. Deneen had been in Chicago for some political business and for the funeral of Joe Esposito, his supporter, who was assassinated last week. He was on a Washington train when the bombers blew part of his house in. Miss Florence Deneen, the senator's sister, was in the house.

Judge Swanson had just returned from evening campaigning when the bomb exploded at his home. It may have been timed to get him. If that was the purpose, it failed by a few seconds. Swanson is the Deneen candidate for the Republican nomination for state's attorney against State's Attorney Crowe.

Senator Deneen is the highest official mark aimed at thus far by the bomb throwers and assassins. Charles Fitzmorris and Dr. Reid of the Thompson family have had the experience with front door explosions. The killing of Esposito was given an international news value because he could be identified as a close friend and supporter of a United States senator. The news of the blowing up of the senator's house less than a week after the murder is good for space in Europe and Asia, still more definitely establishing the reputation of Chicago.

Mayor Thompson said that within sixty days after his return to office he would have the crooks chased out of Chicago. Instead of that there has been one criminal outrage after another, with motives which could be detected or easily surmised. Mr. Thompson says he has run George V. out of town. He is known to have run a good superintendent of schools out of office, but organized crooks and terrorists never before had greater freedom and never showed less apprehension of law. Assassination and bombing are being added definitely to the technique of politics, and the higher ups are being included as victims. Chicago politics is being Caribbeanized.

Thompson said he could handle the crooks. On his own statement he is responsible. If he had handled them they would not be shooting candidates for office and blowing up the homes of public officials. Mr. Thompson has chased himself out of town several times after bombings. That enabled curious readers of Chicago news in Europe to observe that the state of terror here had officials fleeing for their lives.

It's a question how much of this reputation Chicago can stand without material injury.

THE MARRIAGE PROBLEM SOLVED.

It was back in July, 1926, that the shipping board wrecked a fine old nautical tradition and shattered the awful dignity of sleeves steeped in gilt up to the elbow and of gold encrusted caps with "Captain" on them by ruling that marriages performed on American merchant vessels were performed without legal authority. Captains, said the opinion of the board's general counsel, had no more warrant to celebrate a wedding than ordinary or mere passengers.

It was only a few days ago, however, that the appellate division of the New York Supreme court, ruling in the case of Mr. "Bud" Fisher's maritime marriage, denied the contentions of plaintiff's counsel that the marriage was void and alimony negligible, and decreed that Mr. Fisher had been most authentically married to the Countess de Beaumont by Capt. Herbert Hartley of the Leviathan.

There the matter stood, the shipping board, on the one hand, saying their captains had no authority to join in wedlock; the New York court, on the other, declaring such ceremonies valid matrimonial contracts in the eyes of the law.

It took a Chicago judge—none other than Superior Judge Joseph Sabath, expert by virtue of long familiarity with matters nuptial and exnuptial—to find the nicely precise and judicious via media between the two extremes.

It was in an annullment case in which the marriage had been performed on the shipping board liner President Roosevelt. Husband and wife had agreed, it was said, that their marriage was a mistake. The judge solved their difficulty by canceling the union.

But—he declared in handing down his opinion—it was to be understood that the court's decision was not directed at all marriages on the high seas. Such marriages, the court explained with keen discrimination, are, in the interest of public policy, valid and binding so long as both parties wish it—but only so long as both parties wish it. The wish ceasing on the part of either party, the marriage may be brought into court and there dissolved. In other words, marriages performed on the high seas by American masters are voidable but not void.

Is it too much to predict that Judge Sabath's decision will set a new matrimonial style?

Has there been, now and again, mention of companionate marriages? If so, why look farther? Tourist cabin on an American trans-Atlantic vessel can be had for less than $200 apiece, round trip.

So embark on a companionate marriage, voidable but not void, and spend the honeymoon—such as it is—in Europe.

"DRAFTING COOLIDGE."

Any one who votes for President Coolidge in the Republican primaries in this state is throwing a vote away. The President is not a candidate for renomination. It was conceded to him if he wanted it. He decided against it. He was urged to reconsider, but said he had made his decision and that it would be respected. He took himself definitely out of the campaign in order that the party should turn to other men.

"Drafting Coolidge" is transparent political trickery. It reflects upon the President's sincerity and common sense. It assumes that a man who could have had virtually a clear field and who could have gone on the ticket with little if any opposition would decline what he had only to say he would take, thus start a number of candidates in the running and then, with the contest in full swing, be willing to take the nomination if he could get it. Mr. Coolidge has justified no one in attributing to him both bad faith and bad judgment in promoting opposition where there was none and making enemies of men who were his supporters.

It is a waste of a vote in Illinois to vote for Coolidge and for delegates pledged to him. The Illinois candidate is Lowden. Mr. Dawes says he is not a candidate. He is not in the field for delegates. Mr. Lowden is the state candidate and he should be given the backing of the Illinois delegation in the convention. He represents the midwest, has great strength where the party needs strengthening, and is qualified by record, experience, and character. It is a credit to the state to be able to offer his candidacy when much of Illinois political control is discreditable.

KEEPING THE BAD NEWS BACK.

Many citizens may be willing to have the bad news delayed in getting to them from the county collector's office and some may be willing that Treasurer Harding should not mail them their tax bills until next December when the Christmas savings accounts will be available. Then they would feel more like playing Santa Claus to Mr. Thompson. But it is not indicated that the delay will be so long. The bills will be held back until it is too late for the postman in delivering them to beat the judges and clerks of election in receiving and counting the primary ballots.

The administration hopes that all the voters will be bright faced and happy the morning of April 10 and it is possible that if the postoffice had Mr. Harding's little notices to taxpayers before that day they might be preoccupied with figures. It has been reported that some boosts will be noticed when the bills are read and that might not produce happy voting from contented citizens.

Mr. Harding wishes the electorate to be in position to devote all its thought to America First from now until April 10. If the bills went out before the voting many citizens might be thinking of many things. THE TRIBUNE has given some of the citizens the amount of their tax bills by printing parts of the list, but most of the tax paying electorate will wait for the news until after the voting.

MYSTERY STORY.

Last Friday, March 23, was the tenth anniversary of a unique event in the history of the world war. It was March 23, 1918, at the height of the first great German offensive of that spring and early summer when Big Bertha, from its secret emplacement near Laon, began to bombard Paris with its 240 millimeter shells.

For more than two weeks the shelling kept up. More than 250 persons were killed and the Parisian morale was seriously shaken. Big Bertha accomplished what it was intended she should accomplish. Like the German "schrecklichkeit," the bombardment of Paris and the killing of civilians was a military error only because Germany lost.

That was ten years ago, ten years in which much that was unknown about the war has been brought to light. But Big Bertha's secret has never been disclosed. Big Bertha was dismantled long before the armistice, and the formula for her manufacture hidden or destroyed. Several people in Germany must know how Big Bertha was constructed; perhaps the ordnance departments of other nations have found out more than they are telling and are saving what they know for another war. But as far as the public is concerned, as far, even, as high military men and government officials are concerned, the secret of Big Bertha is still unexplained.

When Big Bertha first began firing on Paris even the artillery experts refused to believe that the projectiles could come from a gun. They declared no gun could fire more than thirty miles at the most, and the Germans were more than sixty miles away. A few days later, when it was conclusively proved that it was a gun of long range, the same experts could only turn about and prove that it was possible, after all. But just how? That question has never been answered.

The cub reporter who burns with the desire to make a name for himself by solving a mystery has only to solve the mystery of Big Bertha to gain fame and an assured berth on any paper.

Editorial of the Day

THE UNSMIRCHED DONKEY.

[St. Louis Post-Dispatch.]

That was a trying moment in Chicago the other day when the former secretaries of the late Fred Upham were talking. It looked as if the oil scandal was at last about to splash over on the unlovely but virtuous Democratic donkey. As those witnesses told it, Upham, then treasurer of the Republican national committee, and Treasurer Marsh of the Democratic national committee agreed to make no reports to congress about campaign contributions received that year of 1923. Mr. Marsh has categorically denied the yarn, and Cordell Hull, who was chairman of the Democratic committee, has withered the story with details and facts.

Mr. Hull's recital of Democratic finances reads like the short and simple annals of the poor as compared with the imperial budget of the Grand Old Party. There was no magnificent Lorenzo like Harry Sinclair for the Democrats to "touch," and no need of such a princely patron. Yes, the Democrats were in the red, all right, but their debt was an ignoble triviality, which was paid off, it seems, by the humble offerings of widows' mites.

So, no odor of petroleum issues from the Democratic donkey's stall. There the poor beast stands, battered and bleeding from the buffetings of the terrible referendums of 1920 and 1924, its blood pressure nil, pulse faintly flickering, lackluster eyes in which the light of hope has been all but extinguished, a sad and solemn symbol, but pure, by thunder, pure.

SUN'S RAYS ARE STILL BETTER THAN MAN'S.

THE J. N. Adams Memorial hospital at Perrysburg, N. Y., near Buffalo, has been using light therapy for a number of years. They borrowed many of their ideas from Rollier of Switzerland. While they have not had as wide a clinical experience as Rollier, they have treated several thousand patients, and they have done far more laboratory research work on light than Rollier has done.

Theirs is a tuberculosis hospital, and most of their cases have been cases of tuberculosis, but they have treated some pus infections and other infections with light. They have kept a very close and scientific record of the amount and intensity of sunlight, particularly winter sunlight, at Perrysburg. They have made comparative studies of the quality of sunlight in Colorado and some points in other western states with that at Perrysburg. They have compared sunlight passed through dry air with that through moist air; sunlight at high altitudes with that at low.

Their experience has been that sunlight at Perrysburg is a better curative agent for tuberculosis than is the light of any lamp they have succeeded in making. The patients under sunlight do rather better than those under artificial light. In winter time the sunlight is not as abundant nor as good quality as they would like, but they get enough of it, and of good enough quality, to give results. The artificial light patients get only a two hour exposure daily, and there is about that much effective sunlight on the average. The lamps they use give a light which, chemically and physically, is a duplicate of sunlight, or just as near as it can be made.

Few people know that light is a mixture and that it is compounded, like other prescriptions. Their hope is that some day they may have a dozen or more prescriptions for different kinds of light. Maybe in that day we will order a rickets light, or a pneumococcus light, or a pus case light, or a tonic light, as we now order medicines in bottles.

ANY LIVER FOR ANEMIA.

G. H. W. writes: I am on a liver diet for anemia. Will you kindly advise me whether pig liver has the same value as beef liver? Dr. Minot gave the impression, in his article on anemia, that any kind of liver is good, just so long as it is liver.

The price of beef liver has just doubled in price, while there is no advance in pig liver.

Do you consider it safe to use pig liver and will it have the same effect?

REPLY.

The reply to each of your questions is yes.

OFFENSIVE SINUS TROUBLE.

A. B. writes: An office mate suffers from a sinus trouble. When he blows his nose a very offensive odor is often noticeable for many feet around; at other times it is not evident beyond a couple of feet. Is there any way this man can reduce the nuisance he causes to others? What are the dangers of contagion?

REPLY.

My guess is that your office mate has ozena. This disorder is not contagious.

It is not easily cured.

Perhaps you can lessen your discomfort by using perfumes profusely.

MAY BE CANCER!

Miss M. E. G. writes: 1. Could there be danger of a cancer developing from a dark brown, almost black, scabby looking crust appearing on the skin between shoulder blades about as large as a dime and thick? It does not respond to healing lotions and salves that I have used.

2. Do skin cancers start in that way? I am a woman of 40.

REPLY.

1. There is danger. Stop applying salves and such.

2. Some kind of cancers do. What is usually called skin cancer is not so likely to start that way.

HARDENING OF BONES.

M. W. writes: Does cod liver oil harden the bones, and is it therefore bad for older people to take?

REPLY.

The argument you quote is used against the free use of ultra violet and some other lights by adults.

It is not used against the use of cod liver oil by adults.

ITCH ON KNEES.

Mrs. H. writes: My son, aged 12, has an itch on his knees and elbows. It looks like ringworm. It disappears in the summer but comes back every winter. It has been troubling him for about five years now.

Can you tell me the cause and what to do for it?

REPLY.

I wonder if your boy has psoriasis?

I do not see how it could be ringworm since it disappears at times.

If it is psoriasis, why do anything?

CHILDREN AND STEPCHILDREN.

Chicago, March 23.—[Legal Friend of the People.]—A widower with several children married a second time. There were several children from the second union. At the time of the second marriage the wife was possessed of about twice the means of the husband. They buy a farm with her funds and equip it with his property. The farm was put in the wife's name. She died recently leaving no will. All of this took place in Wisconsin.

There has been no ill feeling among the several members of the family. However, the children of the second union assume themselves to be the only heirs, after the death of the father, and one of them has been acting as manager for several years.

1. Are the children of the second union the sole heirs, after the death of the father?

2. A mortgage was placed on the farm without the knowledge of the husband, to keep him from worrying. Could this mortgage now be increased without his signature?

3. Will it be necessary to secure the consent of all of the children before the mortgage can be increased?

E. R. S.

1. Yes, unless it can be affirmatively proved that there was an understanding between the husband and wife that the wife held partly in trust for the husband.

2. No.

3. It will be necessary to have the signatures of the adult children of the holder of the record title. Court proceedings would be necessary if there are minor heirs.

TRIBUNE LAW DEPARTMENT.

WORK BEGINS SOON.

Chicago, March 26.—[Friend of the People.]—When will Race avenue between Waller and Pine be paved? Also, Central avenue from Lake to Madison street?

G. E. S.

Race avenue, between Waller and Pine avenues, and Central avenue, between Lake and Madison streets, will be paved this year. Contracts have been let for the work.

EDWARD J. GLACKIN, Secretary.
Board of Local Improvements.

FROM THE TRIBUNE'S COLUMNS

65 YEARS AGO TODAY

MARCH 28, 1863.

INDIANAPOLIS, Ind.—Robert Gay, Company D, 71st Indiana volunteers, convicted by court martial recently of desertion to the enemy, taking the oath of allegiance to the confederacy, and returning here as a spy, was shot this afternoon. Two men were selected by lot from each company in the regiment, making twenty in all, to do the shooting. Half the guns were loaded with blanks and half with Minie balls, and handed to the men, none knowing which were loaded with blanks and which with balls. Gay was blindfolded and sat upon his coffin. The twenty fired and eight balls lodged in his breast.

MURFREESBORO.—Skirmishing is in progress beyond Readyville. A large rebel force is concentrating near Woodbury.

ST. LOUIS.—A large force of cavalry has been dispatched against guerrillas, said to be under the lead of Quantrell, who defeated a company of Col. Pinick's regiment at Blue Mills recently.

MEMPHIS.—The Union forces at last accounts had not taken the fort at Greenwood, Miss., and there was no immediate prospect of such an event. The idea of giving up Vicksburg without a struggle has not occurred to the rebels. They are strongly fortified at Yazoo City, and I suspect at all points which command the rear of Vicksburg.

CINCINNATI.—Several more regiments reached here and others passed down to Louisville. Gen. Burnside received a dispatch from Kentucky stating that the number of rebels under Breckenridge, advancing on Danville, is greatly overestimated. A Frankfort dispatch reports all quiet there, with no prospect of the rebels reaching that place.

CHICAGO.—C. C. Strawn and Miss Clara F. Bouvan were married on March 26 by the Rev. Dr. R. Boyd.

CHICAGO.—The will of ex-Alderman George Sitts was admitted to probate with J. E. Sitts as administrator.

30 YEARS AGO TODAY

MARCH 28, 1898.

HAVANA.—At last the Spanish government of Cuba expects war with the United States. They openly say so. A staff officer close to Blanco said: "You Americans will have to leave Havana in a few days. No especial edict will be made, but correspondents all will go together."

LONDON.—Mrs. Delia Tudor Parnell, daughter of the celebrated naval officer, Rear Admiral Charles Stewart and mother of the late Charles Stewart Parnell, long the Irish home rule leader in the British parliament, died at Avondale, Rathdrum, County Wicklow, Ireland, from burns suffered when her clothing was ignited while she was sitting in front of a fire.

WASHINGTON, D. C.—[The Associated Press abstract of the Court of Inquiry report.]—The Associated Press presents a complete abstract of the court of inquiry which investigated the wrecking of the battleship Maine. From technical details of wreckage the court deduces that a mine was exploded under the ship on the port side. It is the opinion of the court that the explosion of the mine caused the explosion of two magazines. The court declares that it cannot find evidence to fix responsibility.

NEW YORK.—The Rev. Thomas Dixon Jr. delivered a stirring sermon on "The Hour of Action" at the Academy of Music. Not since the civil war have such violent utterances been delivered from the pulpit. At times his auditors burst into cheers.

10 YEARS AGO TODAY

MARCH 28, 1918.

PARIS.—The war office admits a reverse to the French forces east of Montdidier. The report says: "The Germans, throwing into the battle fresh troops, attacked with redoubled violence. Our troops checked the assaults of the enemy, who succeeded in advancing only by reason of a marked superiority in numbers." Near Lassigny and Noyon, the reports say, attacks no less powerful suffered a complete check.

BATTLE OF THE SOMME.—The strength of the great German offensive apparently is diminishing. On the seventh day of the battle there were indications that the enemy was feeling the strain and that his power had been greatly impaired. The British repulsed heavy attacks both north and south of the Somme and also drove back across the Ancre river the Germans who forded the stream on the 27th. The fighting continues of a sanguinary character on all sectors. Especially severe was the battle southwest of Albert, where the Germans, in an endeavor to debouch westward, were repulsed by Field Marshal Haig's men with the heaviest casualties. There is no gainsaying the Germans have won much ground in the week's battle, but they did it at an enormous cost. It is estimated the great attacks caused 400,000 German casualties. About twenty-five miles represents the greatest depth of penetration by the Teutonic forces.

NEW YORK. — A message from David Lloyd George, British prime minister, calls upon the United States to send "American reinforcements across the Atlantic in the shortest possible space of time."

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

WE ARE NOT ARCHITECTS

We are not architects and yet we build
  Houses to hold a hundred restless dreams;
Little, colored castles to be filled
  With hiding-places for our hopes and schemes;

Houses to hold our moods when we forget
  The splendor of the songs we sang at dawn;
And those to which we bring with some regret
  Flowers adroop to tell that love is gone;

Houses for keeping all the sun-warm smiles
  Encountered in the rose-blown lanes of chance;
And houses built on far enchanted isles
  Where children of our dreams play shadow-dance.

We are not architects and yet there's this:
  Our houses, somehow, have a kindred claim,
For when we cross their thresholds with a kiss,
  We learn that all dream houses are the same.

COLORADO PETE.

YES, MR. L. L. BLAIR, Hotel Abraham Lincoln, Capitol avenue and Fifth street, Springfield, Springfield township, Sangamon county, Illinois, U. S. A., you may reprint in the Illinois 1928 Memorial and Peace Day that lovely poem from the Line by Dennis King, "He Knew, He Knew." And we know Dinny will be as pleased when he sees it as he was in being acknowledged the biggest wow that New York has seen in the memory of the oldest inhabitants.

Oh, For That, of Course, You Double Every Day For a Year.

R. H. L.: Solve this one, Richard: If we double our contribs every day for a month to make the Line, then how long must we double them in order to gain immortality by making the year's classic, the Linebook?

DJELFA.

Another hundred miles farther south. Market day. All the boys came in from the hills in their best bath robes, with goats, sheep, shoes, eggs, chickens, hammered silver jewelry, etc. And among those present was a story teller. Being as how he was a fellow craftsman of mine, I hung around him a long time. He was a popular man, too, probably one of the headliners. There must have been a hundred around him all the time, listening. Easy enough for me to get to the front row, because every one drew back to let me through. I thought this was politeness, but they've told me since it's because these Moslems think it's unclean to touch a Christian. Especially during Ramahdan, their Lent, which is now going on.

If any of them rubbed against me it would take him a week's work at the mosque to get clean again. Can yuh imagine that? Well, about this story teller, he had an orchestra to help him. When he wanted to get over some sob stuff, two flutes played throbbingly, and when all was excitement, two drums and a bagpipe let go. If I had an orchestra to help me some of my stuff might be a lot better.

Shall we spend our vactions in New York and all our money going to see young Dennis King's "most completely satisfying and most thrillingly perfect characterization" of D'Artagnan? Man! That was a great description! Those of us who love Dinny can well believe in its truth.

R. H. L.: The efforts of Senator Borah to pay back Harry Sinclair is, indeed, noble. I am sending you for this purpose three priceless possessions garnered in London three months ago. One is the label from a bottle of *Marques de Riscal, 1921.* Ah, as I close my eyes now, I can still see that Marques de Riscal as it was poured into my glass and the taste still lingers. I am also sending a beautiful label from a bottle of Dog's Head Ale, and another from a bottle of the w. k. Bass & Co.'s justly celebrated Pale Ale. Take them, though parting from them is like tearing the heart from my bosom.

THE BELLS OF SHANDON.

WE'RE NOT especially worried about how many people are fired by Mrs. Salomea Jaranowski, the new county recorder. What we are afraid of is that she will get popular with the Chicago Beautiful commissioners and the city council and that they will name a street after her, and that some day we will be saying to our chauffeur, "James, go to 455 Mrs. Salomea Jaranowski driveway." And how embarrassing when James turns and says, "I don't git yuh. Spell it."

He stood this a few moments, then jumped up, kicked the cat, and yelled: "For God's sake, cat, quit stamping your feet on that rug."

THE SPEED OF TRAINS.

Chicago, March 23.—I know of no better way to become convinced that our trains are unusually slow than by taking a trip to the northwest, or to either San Francisco or Los Angeles. The trip to the latter two cities has been cut down the last year or so from 68 hours to 63 hours, and still the trains loaf along. This last month the speed was again increased so that the trip is now made on extra fare trains to Los Angeles and San Francisco in 61¼ hours. There is no discomfort experienced because of the speed in a trip on one of these so-called fast trains.

The trip to the northwest is so slow that nothing short of the direst necessity would make me take the trip again. I understand that the trip to the northwest is going to be speeded up a bit so that the journey will take two hours less. That is quite conservative.

It appears that the railroads have agreements to make the same time to the same points. If one road has a good roadbed and the cars and locomotives are the last word in equipment, such a railroad does not take advantage of its good roadbed and equipment because a competing road in weaker condition cannot do as well. Or, if one railroad has a shorter route to a particular point, its trains must idle along because some other competing railroad has a more circuitous route.

The Great Northern is now building an eight mile tunnel in the mountains between Spokane and Seattle, two miles longer than the famous Moffatt tunnel. This tunnel will be completed some time this fall, and on completion of this tunnel about four hours can be cut off the present twelve hour trip from Spokane to Seattle. As I understand it, freight will go through in a hurry, but the human being may have to drag along at 20 miles an hour.

Mr. Leech in one of his articles says the western railroads find that their fast trains do not hold traffic. I feel the answer lies in the fact that the time cut off in the trip to the coast is not sufficient to justify the extra fare in the case of most people.

There is no question about the fact that a great many people do not go to the coast because the thought of sleeping three nights in succession on a train is viewed with horror. I will hazard a guess that if one night were cut from the trip to the coast, the increase in traffic would more than compensate the roads for the extra cost in speeding up trains to such a point.

ABRAHAM ELLER.

PARKING NUISANCES.

Chicago, March 25.—I am advised that parking autos at street car transfer points is not permitted. Many times I have missed street cars by reason of one or more (sometimes four) parked right at the corner, making it dangerous to get on and off the surface lines.

I have seen police officers on the street cars look the other way when attention was called to this.

Let's have more police outside the loop to enforce the ordinance.

At the hotels on the near north side there are automobiles parked day and night so that people from out of town are compelled to park blocks away and carry their baggage.

G. A. U.

VETERANS AND STATE JOBS.

Chicago, March 25.—During Gov. Lowden's administration the civil service law was amended to give war veterans preference. When Len Small became governor, 97 per cent of the eligible lists were headed by war veterans who passed the various examinations. I had occasion to call this fact to Gov. Small's attention. Nevertheless he threw all the eligible lists, headed by war veterans, in the waste basket in open defiance of the law. And since then no bona fide civil service examination has been held.

Thousands of war veterans had spent time and railroad fare as well as considerable energy in preparation for these examinations which they passed. The war veterans' hope for appointment was shattered. The jobs which were rightfully theirs under the law were handed out to inefficient, incompetent, parasitic political heelers who did not have the intelligence and the necessary qualifications to pass civil service examinations.

Is there a war veteran so dumb that he wants King Len elected for the third time?

CHICAGO'S REPUTATION.

Chicago, March 26.—A person does not have to travel to Europe to know what people think of Chicagoans. Not so long ago while in New York I was asked by a native if young ladies could risk walking unescorted after 8 o'clock in the evening. It seems to be the general opinion that Chicago stages a wild west show on every street where people have to dodge bullets.

M. C. CARLOUGH.

THE NEW RECORDER.

Chicago, March 22.—I wish to voice my protest against the recent appointment to the position of county recorder vacated by the late Mr. Haas. It seems this position was originally scheduled for the county commissioner, Mr. Jaranowski, who no doubt could handle it very capably, but when it was discovered that he could not legally pick off this big political plum and he had no son who could, and it was entirely too good to pass on to any one else, why it was just switched over to his wife.

Probably some of the county commissioners may be able to tell the public why the appointment was made, as it seems to me that a position of such importance surely needed some special qualifications. If not, and a housewife can step from her kitchen into a position of this kind and handle it efficiently and it is purely clerical, then why must the city pay a salary of $9,000 annually?

MRS. MARY BULETTI.

UNEMPLOYMENT.

Chicago, March 22.—What meaning or consolation is there in the government's or Mr. Leech's assurances that the "unemployment talk is much exaggerated"? Actual conditions are terrible. They don't need any exaggeration. When earnest men by the thousands seek work for months and can't get any, there is more than just "some unemployment."

I have been looking for work for three months. I have advertised. I have visited employment agencies. I have called on and written to a great many people. Yet I can't get a job, even at half what I have been earning.

LOWDEN RETAINS FIRST IN STRAW PRIMARY VOTE

Then Hoover and Dawes; Coolidge Fourth.

BY OSCAR HEWITT.

Two more bundles of straw votes, totaling 941, were tabulated yesterday on the presidential possibilities.

In these former Gov. Lowden lost a trifle, but remained in first place. Secretary of Commerce Hoover kept second, but gained over Vice President Dawes, who remained third. The movement to "draft Coolidge," as indicated by the new straws, subsided a little.

The distribution of the total straws to date among the men urged for the Republican presidential nomination follows:

Candidate.	Votes.	Pct.
Frank O. Lowden	980	35.39
Herbert C. Hoover	830	29.98
Charles G. Dawes	763	27.55
Calvin Coolidge	196	7.08
Totals	2,769	100.00

These straws, while few in comparison with the more than 500,000 ballots which will be cast at the primary, April 10, were fairly well distributed among the three sections of the city. The north side contributed 640 or 23.11 per cent, the west side 845 or 30.52 per cent and the south side 1,284 or 46.37 per cent.

Sectional Character of Straws.

The following table shows the number of votes received by each candidate from each side of the city:

Section—	Lowden.	Hoover.	Dawes.	Coolidge.
North	231	199	169	41
West	314	230	230	71
South	435	401	364	84
Totals	980	830	763	196

An interesting feature of the presidential poll is the fluctuation in the votes received by each candidate. In arriving at the above table, four batches of votes were counted and tabulated. First 561 votes were counted because they were the first to arrive, then 1,267, then 554 and finally 387, to arrive at today's total of 2,769. The votes for each candidate in each bundle of straws counted, does not present the changes as vividly as do the percentages.

How Percentages Vary.

The following table shows the percentage of votes each candidate received from each bundle of votes:

Candidate—	561 Votes.	1,267 Votes.	554 Votes.	387 Votes.
Lowden	39.2	35.2	32.1	35.1
Hoover	25.3	28.4	35.0	34.6
Dawes	27.9	28.7	25.9	25.3
Coolidge	7.4	7.6	6.8	4.9

The consolidation of all of these percentages showed Lowden 35.39, Hoover 29.98, Dawes 27.55, Coolidge 7.08, as given in the first table in this column. Only Mr. Lowden's name will appear on the Illinois primary ballot, thus the Chicago straw vote for each man merely is interesting as it reflects public sentiment.

Perhaps 600,000 votes will be cast on April 10 by the Republicans, so it follows that each change of one per cent would be the equivalent to 6,000 votes in the actual primary. On that basis of reckoning, there has been an indicated advance of 42,600 in the Lowden votes, of 58,200 Hoover votes, of [illegible] in the Dawes votes, and of 16,-[illegible] in the Coolidge votes. That basis of computation and comparison conveys a rough impression of the meaning of the changes in the percentages obtained in the straw vote.

The number of straws, however, is too small to make any serious estimates of the Chicago strength of any of the names mentioned for the presidential Republican nomination. In addition, replies are few in comparison with the number of straws already mailed out.

It's Actual Secret Ballot.

THE TRIBUNE ballot purposely is designed to obtain a secret vote. The identity of the voter neither is desired nor can it be obtained from the ballot as mailed back to THE TRIBUNE. Each ballot has a number on it, which indicates the ward in which the voter lives, so that the votes may be tabulated according to wards and sections of the city. All of the ballots sent to the first ward have the number 1 on each of them, the second ward has number 2, and so on.

To each ward has been distributed the exact number of ballots to which its strength in the last Republican primary entitles it.

CONSTIPATION CAUSES BAD COMPLEXIONS

Kellogg's ALL-BRAN brings natural relief.

Disordered blood, skin eruptions, blemishes, are often the result of faulty elimination. Indeed, constipation is the cause of more than forty diseases. Just a few of its symptoms are headaches, listlessness, dull eyes, falling hair, failing appetite . . .

Guard against this scourge. Kellogg's ALL-BRAN is guaranteed to relieve constipation. More—to prevent it. Two tablespoonfuls daily—chronic cases, with every meal.

Doctors recommend ALL-BRAN because it is 100% bran. Because ALL-BRAN accomplishes 100% results that no part-bran product can hope to equal.

An inviting health cereal—to eat with milk or cream, or with fruits or honey added. Use it in cooking too. Waffles, bread, muffins. Sprinkle it into soups. Sold by all grocers. Served by hotels, cafeterias, on diners. Made by Kellogg in Battle Creek.

BREAK SMALL'S STRANGLE HOLD, ELMORE PLEADS

Charges Governor with Choking Chicago.

Use of state authority to retard the purely local development of Chicago in the matter of utilization of air rights for building purposes over downtown railway trackage and yards was charged to Gov. Len Small's administration last night in a statement by Howard W. Elmore, candidate on the Lowden-Deneen-Glenn ticket for sanitary district trustee.

"Typical of the greedy maneuvering of the Len Small gang," Mr. Elmore began, "was the action of the governor's Illinois Commerce commission in blocking for months approval of the transfer of air rights for the construction of two important building projects.

"Here was a matter of vital importance to Chicago's growth wherein the people of Chicago alone were concerned. But Len Small's mob, in accordance with its practice of reducing Chicago and Cook county to a state of vassalage, held up the city at the point of a gun.

"Expected Thanksgiving."

"When Len Small's commerce commission finally told Chicago that it could construct its own buildings over railroad tracks in its own city, the governor expected that to be an occasion of thanksgiving to him for this concession.

"For eight years Small has pursued a policy of stripping Chicago of its rights, tinkering with its machinery of government, looting its taxes, and yoking it to his rotten political cart.

"Tightens Strangle Hold"

"He has unblushingly carted off $27,000,000 of Chicago auto license fees to build downstate roads. He jammed his illegal gas tax through the legislature, draining Chicago motorists and giving them nothing in return. He has used his power over the Lincoln park and west park boards to tighten his strangle hold on Chicago. He has made Cook county's sanitary district a tool of his polluted political machine.

"But Chicagoans are tired of being used as a feed bag by this insatiable gourmand. They are going to the polls on April 10 and flatten Len Small so that he will never again dare to raise his head in Illinois politics."

RUTH SNYDER'S DAUGHTER MAY LOSE INSURANCE

New York, March 27.—[Special.]—Lorraine Snyder, 11 year old daughter of Ruth Snyder, who was electrocuted for the murder of her husband, Albert Snyder, may lose $97,000 of life insurance because of alleged forgery which is now being investigated. The signature on the application for the policies, it is contended, was not that of Snyder. When the suit of Prudential Insurance company for annulment of the policies comes up for trial it is understood the company will attack the Snyder signature as forged.

WASHINGTON GIRL, SON OF BOURBON FAMILY ELOPE

[Chicago Tribune Press Service.]

PARIS, March 27.—Disregarding the objections of the famous Bourbon family, descendants of the former French royalty, Miss Margaret "Peggy" Watson, Washington, D. C., society girl, eloped last night to London with Prince Charles Phillippe, the Duke de Nemours, only son of the Duke and Duchess de Vendome.

The duke has requested the British foreign office to forbid the registry bureau to issue a marriage permit.

The marriage is opposed by the family mainly for religious reasons.

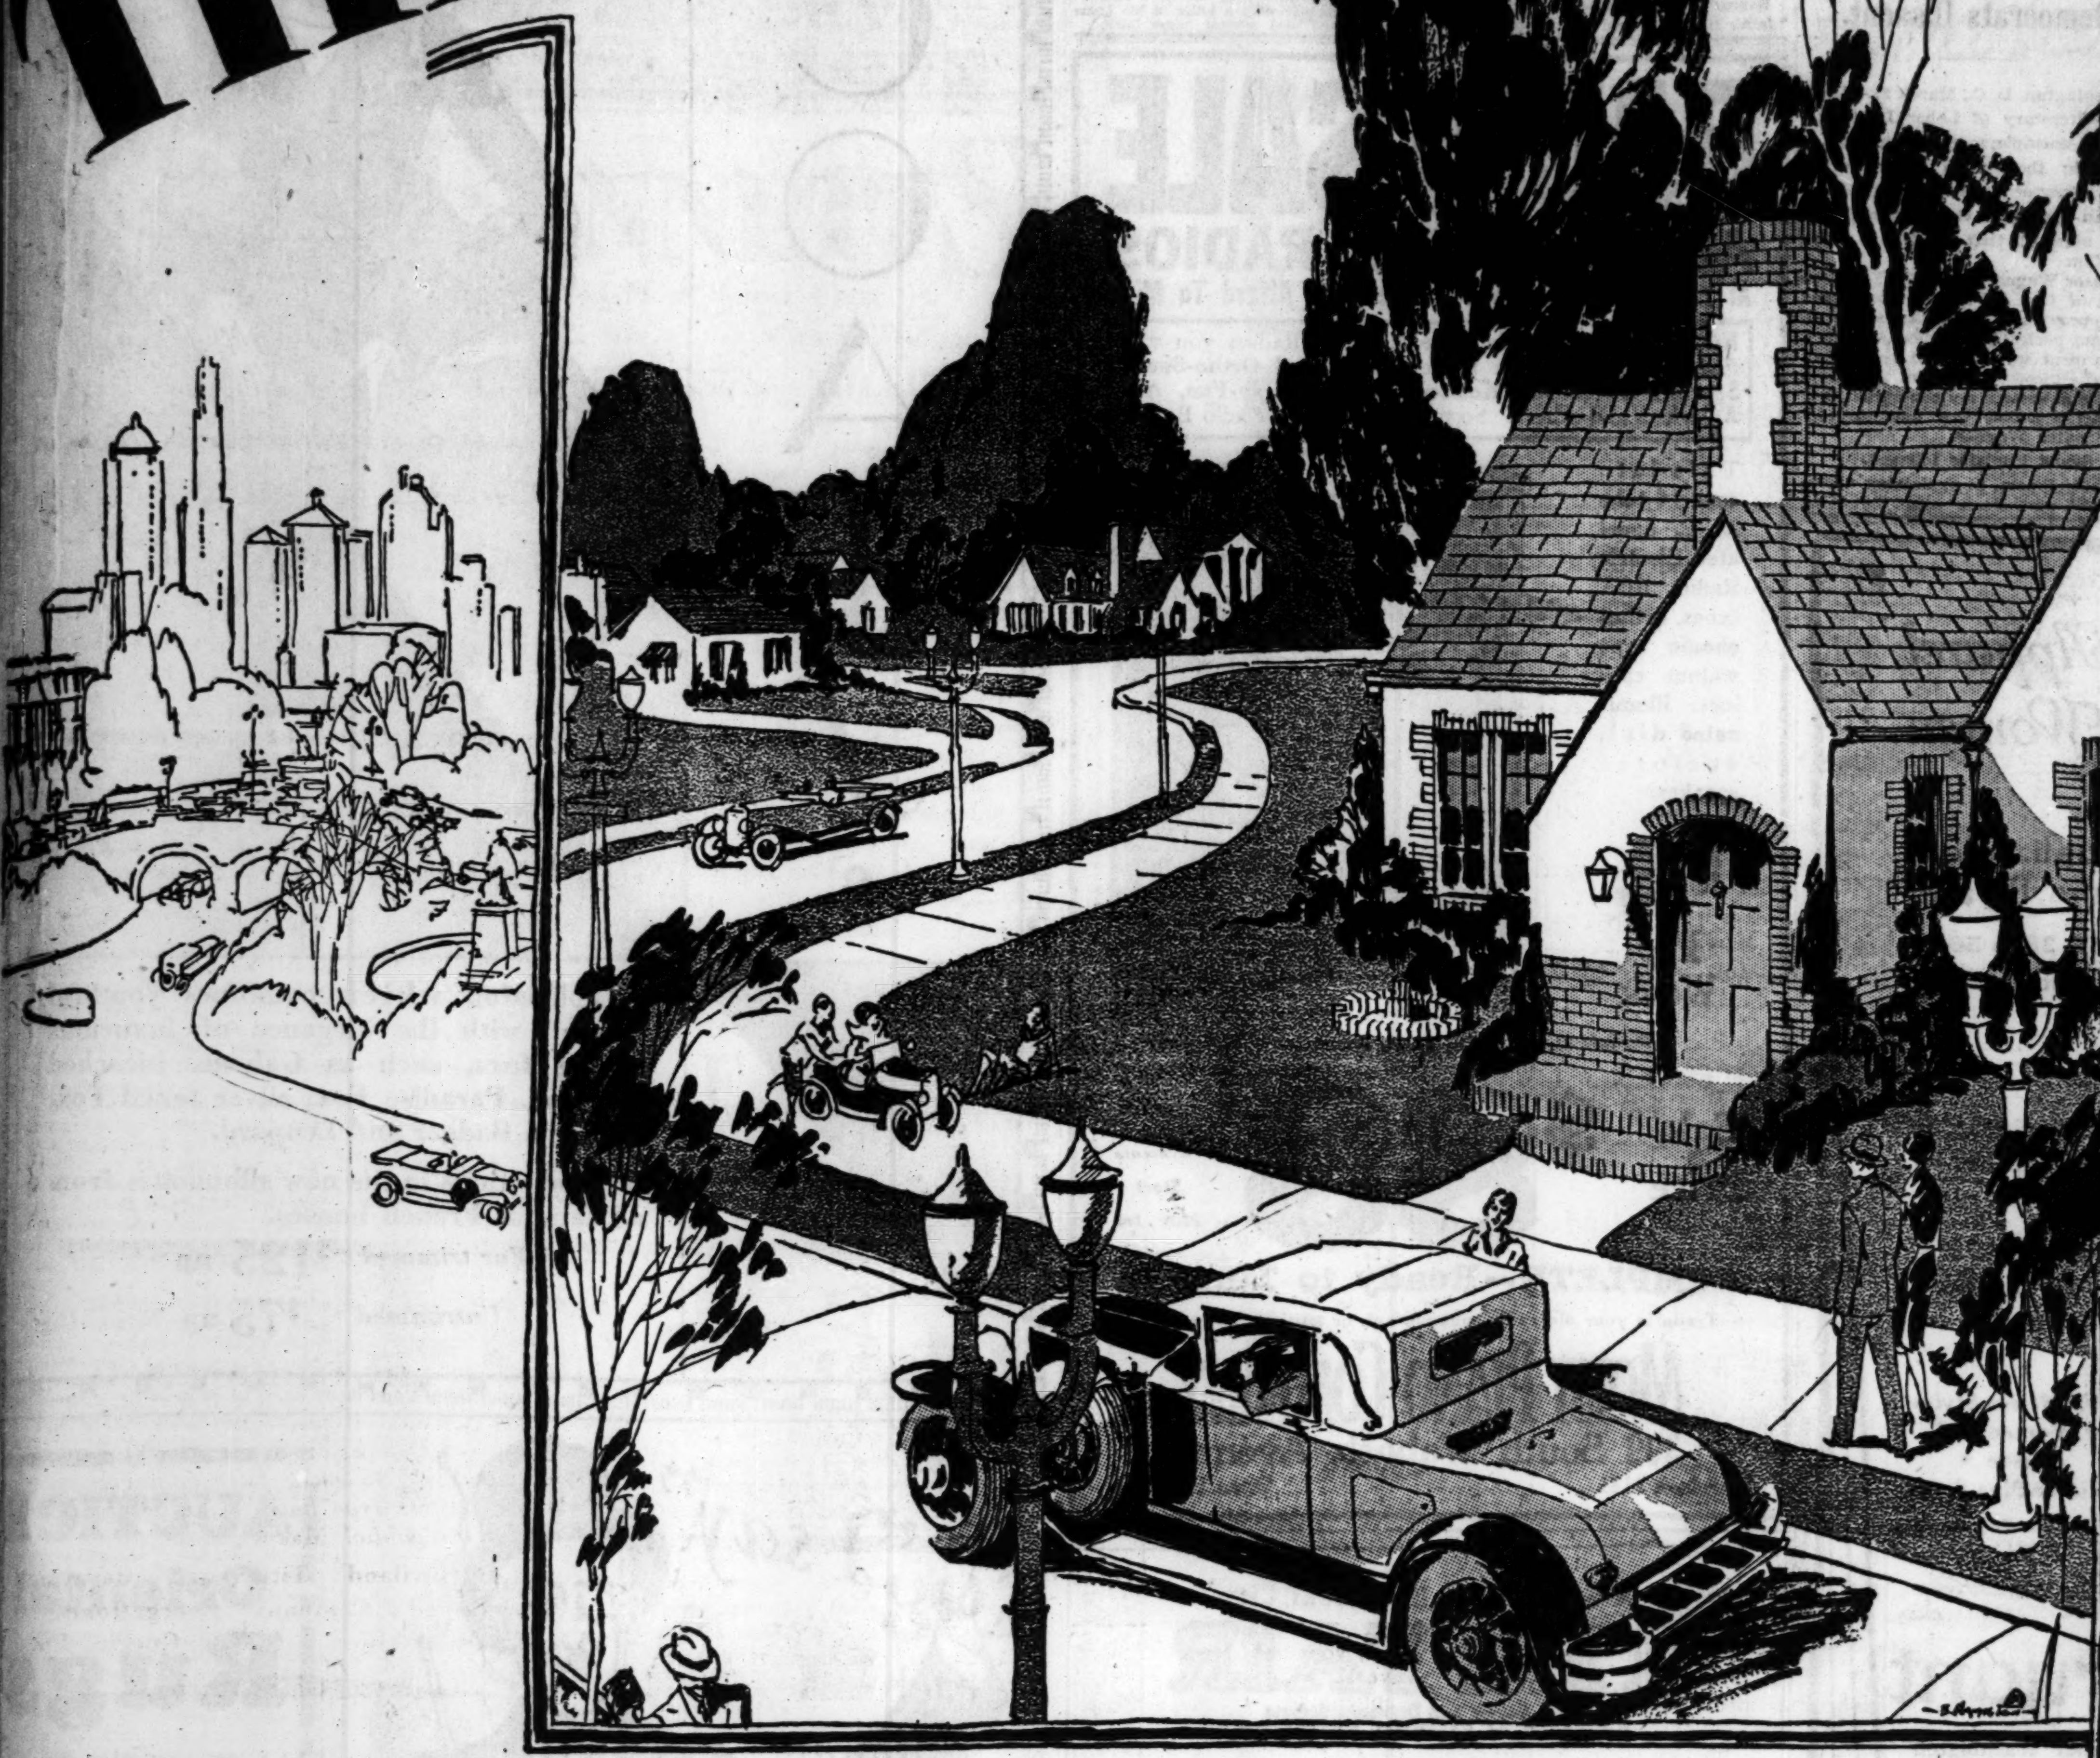
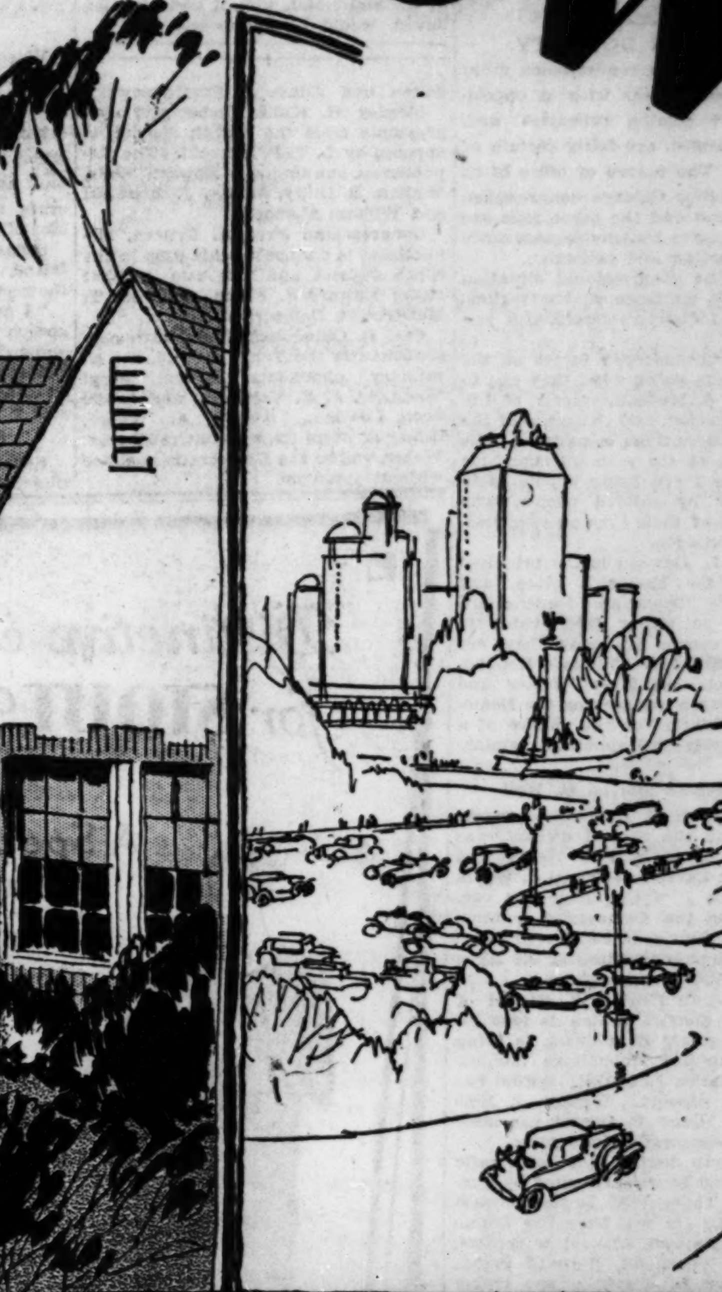
THE CITY YOU KNOW





CHICAGO has surmounted every obstacle that ever has impeded her growth. She has outstripped every city of the Earth in rapidity of expansion and the creation of riches. At the age of 100 years, Chicago and its suburbs undoubtedly will constitute the world's second largest city; and in the wealth of its population probably will be unexcelled by any.

Most of Chicago is owned by Chicago people—not by persons living elsewhere. During the last 10 years twice as many people bought Greater Chicago real estate as in any other decade in history. And in that period more money was made out of Chicago real estate than in any other similar period.

It is to the interest of every Chicagoan who now owns land or expects to own land to work for those men and those institutions whose interests compel them to work for Chicago—a greater Chicago, a more dominating city in this land, and an international market place whose growing power will be impressed upon all nations for centuries to come.

Chicago real estate is not flexible in value—it is certain and progressive. Its great upward movements come in cycles that closely follow one another. Between these cycles the values of Chicago real estate remain stable and the income profitable. No man need fear the safety of his investment in Chicago real estate nor doubt its ultimate rise in value. Again and again this has been clearly and forcibly demonstrated.

Insurance companies throughout the world, American savings banks, trust estates, and large investors recognize the basic values of our real estate and freely purchase securities issued on it. Titles to Greater Chicago real estate are recognized by lawyers, bankers, and investors as the finest titles ever known under any system of land tenure in the world.

In politics, important things are about to happen. Chicago needs the best material it can get for men in public office. Illinois needs the services of its best men. America needs mature, careful and intelligent men to solve her national and international problems.

Let every citizen when he goes to the polls on next Primary Day, Tuesday, April 10, remember the city in which he lives, the state of Illinois, and the country he calls "My Country."

Not by expressions of fidelity, but by deeds of efficiency do we measure public servants. Chicago's public servants must be men who know Chicago's needs and men willing to work for her and the people. As the health of Chicago depends upon its Sanitary District, it is of prime importance that men be elected to the Sanitary Board who will efficiently and progressively handle the extension of the Sanitary District.

Economic conditions demand that Chicago shall become a port of entry for the commerce of every maritime nation in the world. We should elect men who will give us the Calumet Harbor complete and our two waterways to the oceans.

Greater Chicago needs thousands of miles of wide paved highways, better transportation, an extension of its park systems, and it wants the World's Exposition to be held here in 1933. Men capable of bringing all this about should and must be elected.

With our growing industrial power and proper men in public office, Chicago real estate is the safest investment in the world and one offering perhaps the greatest return on the investor's dollar. Let property owners and prospective property owners realize this on Primary Day and vote accordingly.

HOWARD W. ELMORE, president of H. W. Elmore & Co., is a candidate on the Republican ticket for Trustee of the Sanitary District of Chicago in the coming Primaries, Tuesday, April 10.

Mr. Elmore has been identified with the growth and development of Chicago for many years; and through his immense real estate activities, covering sixty-six subdivisions and millions of dollars of financing brokerage, he is thoroughly familiar with the needs of the people and the importance of Chicago's drainage, not only to the health of the community but also to future realty values.

Mr. Elmore comes before the public as a candidate for office for the first time in his life—a man with youth, vision, and a great loyalty to the city in which he has prospered so well.

The house of H. W. Elmore & Co. bespeaks for him at the Primaries the vote of all the property owners who reside in the Sanitary District and of the investors in Chicago and Greater Chicago real estate.

TWO HOT FIGHTS LIVEN CONGRESS RACE IN CHICAGO

Eight Members Believed Fairly Sure of Victory.

BY JAMES DOHERTY.

Four of the ten congressmen from Chicago districts are without opposition in the coming primaries and, being nominated, are fairly certain of reëlection. The tenure of office of at least two other Chicago congressmen is endangered and the other four are believed to have reasonable assurance of renomination and reëlection.

This is the congressional situation at a glance, as those at the various political headquarters described it yesterday.

The Thompson-Crowe forces on the south side are doing what they can to aid Martin B. Madden, veteran of Illinois congressmen and chairman of the house appropriations committee. His danger lies in the race question, his district, the First, being populated in a majority by colored people, who have long had their eyes on Congressman Madden's job.

William L. Dawson is the principal contender for Madden's place, and though the Thompson leaders are promising to swing their votes to Madden, reports are that they are having difficulties. This is a Republican district, but Harry Baker and Thor J. Benson are seeking the Democratic nomination on the chance of a Negro getting the Republican nomination.

Two Oppose Morton D. Hull.

Morton D. Hull, Republican, representative of the Second district, has opposition from Patrick Henry and Edward H. Barron. Michael C. Walsh and Kieran P. O'Gallagher are contending for the Democratic nomination. The district is considered heavily Republican, consisting of the Hyde Park and Woodlawn sections.

Congressman Elliott W. Sproul of the Third district, which is also regarded as safely Republican, is being opposed for the Republican nomination by Charles J. Tietzel. Sproul has Thompson support. William J. Hartigan and Henry P. Bergen are seeking the Democratic nomination.

The Fourth district is a Democratic one, and has been represented by Congressman Thomas A. Doyle for several terms. He will have the Democratic nomination without a contest. Frank G. Zelezinski, Bernard Petka, and Arthur A. Cervinka are trying for the Republican nomination.

Sabath Unopposed in Primary.

Congressman Adolph J. Sabath, Democrat, has come through many elections in the Fifth without losing, although once or twice the vote was close. This time he is unopposed for renomination, and Frank C. Fried, Edward J. Gates, John S. Rybicki, and Leonard J. Mandel are seeking the Republican nomination.

The Sixth district is usually Democratic, although occasionally in presidential elections Republicans have won. William Lorimer once represented this district. This time, Congressman James T. Igoe, Democrat, will be opposed in the election by either Samuel L. Golan or B. J. Cossman, Republicans.

The Thompsonites are making a strenuous fight against Congressman M. A. Michaelson in the Republican Seventh district and in favor of Ingolf P. Pederson. Another Republican candidate is Erhardt T. Michelsen. The Democratic candidates are Emil Selten and Adam J. Przybyszewski.

Stanley H. Kunz, Democratic congressman from the Eighth district, is opposed by L. T. P. Labucki. The Republicans running are Edward Walz, William B. Duffy, Stanley J. Mistalski and William Morton.

Congressman Fred A. Britten, Republican, is unopposed this time in the Ninth district and will run against either Edward J. Flynn or James T. McDermott, Democrats.

Carl R. Chindblom, Republican congressman in the Tenth district, has as primary opponents Samuel Beryl Wechsler, J. E. Vanderlip and Leslie Scott Lowden. Joseph A. Weber, father of State Representative Charles Weber, will be the Democratic nominee without a contest.

LOWDEN CANDIDATE IN JERSEY; TO FIGHT HOOVER FOR STATE

Trenton, N. J., March 27.—[Special.]—Former Gov. Frank O. Lowden of Illinois became a candidate for the Republican nomination for President at the New Jersey spring primary today through delegate petitions filed from the 12th congressional district. This means a fight against Secretary of Commerce Hoover, who was indorsed by the Republican state organization of the state, and, who, it had been believed, would be unopposed.

SENATE DEBATES UNEMPLOYMENT ON PARTY LINES

Smoot Is G.O.P. Optimist; Democrats Dissent.

Washington, D. C., March 27.—[Special.]—Secretary of Labor Davis' report on unemployment precipitated a debate in the senate today during which Senator Smoot [Rep., Utah] took an optimistic view, while Democrats asserted that conditions were alarming.

Senator Wagner [Dem., N. Y.], close friend of Gov. Al Smith, challenged the accuracy of the secretary's figures.

"I am perfectly confident that in a speech next week I shall be able to show the incompleteness of the Davis report and sustain my contention that at least 4,000,000 are unemployed," said Senator Wagner.

Smoot Explains Idleness.

Senator Smoot, in explaining unemployment conditions, said that this country leads, "not only in high wages and excellent working conditions, but in commercial prosperity." Unemployment has resulted, he said, because of seasonal conditions and also because of the increased use of labor saving machinery. He predicted in this connection that automatic dial telephones would throw 20,000 persons out of employment in New York City.

Senator Smoot was repeatedly interrupted by Democratic senators who challenged his statements. Besides Senator Wagner, Senators Simmons [N. C.], Smith [S. C.], and Walsh [Mass.], joined in the debate.

Democrats Can't See It.

Senator Simmons said he wanted "facts not gathered by people interested in trying to uphold the prosperity slogan."

Senator Simmons said that the number of unemployed probably runs between 4,000,000 and 5,000,000.

Senator Smith asserted that the 5,000,000 was nearer right than 2,000,000.

Senator Walsh said "it is impossible to exaggerate the extent of unemployment." There were more persons out of work in February and March, he said, than in any recent time.

"Big business, the stock speculators and gamblers and great wealth are prosperous," said Senator Walsh.

KILLS HIMSELF WITH KNIFE.

RUSSIAN REDS TO WAR ON CHURCH AT EASTERTIDE

Order Plays to Ridicule Life of Christ.

BY DONALD DAY.

[Chicago Tribune Press Service.]
[Copyright: 1928: By The Chicago Tribune.]

RIGA, Latvia, March 27.—After two years of passivity, the communist party again has instructed its members to organize atheist demonstrations during the Easter festival.

The Eastertide is the most widely celebrated holiday in Russia, not only because it marks the end of the northern winter but also because the festival offers a respite from work from Good Friday to the following Tuesday. On Saturday night the Orthodox churches are packed with people. The services continue until 1 o'clock Easter Sunday morning. An attractive feature of the service comes at midnight, when, after the bishop calls, "Christ has risen," the male members of the congregation are permitted to kiss every pretty girl in sight. The fact that the churches do not contain pews and the communicants stand throughout the services gives the men an unusual opportunity. At the close of the service the people go to their homes and feast on huge hams and black bread.

Reds Bar Kissing Game.

All these pleasures will be taboo for the communists. The decree of the commissariat of education specifies that the communists must not eat ham nor kiss on Easter morning. Instead, all the movie-houses have been instructed to run special programs until the devotions have ended, and the clubs are ordered to arrange atheist lectures and stage plays and pageants ridiculing and attacking the birth and life of Christ.

All the Russian broadcasting stations, including the communist international station at Moscow, are scheduling anti-religious programs. Loud speakers will be stationed at street corners and around churches in an effort to prevent the people from attending services. Three years ago similar communist agitation resulted in bloody riots in many cities.

The Moscow newspaper, Pravda, discussing Easter, admits that thus far the bolsheviks have failed in their effort to destroy the influence of the church upon the masses. Before the war the Orthodox church operated upon a government subsidy. The individual contributions played a small part in the maintenance of the church.

Today, according to Pravda, the churches actually are flourishing without state support. The Russians are contributing approximately 400,000,000 rubles [about $200,000,000] yearly to the support of their religion. Even communists have been caught assisting in the collection of funds to build new churches.

New Repressions Against Church.

The communists anti-Easter demonstrations mark the beginning of new repressions against the church. Workers failing to report at the factories Good Friday, Easter Saturday and Easter Monday will be fined heavily.

As evidence of the increasing influence of the church, Pravda points out the lack of success with the Moscow crematorium, which seldom has more than two cremations a day despite the fact that both the Orthodox priests and Jewish rabbis are permitted to hold burial services there. Among the population there is the belief that the crematorium is an invention of the devil, and the old style burial remains universal, chiefly because the followers of the Orthodox faith place a cross at the foot of graves, so that when the resurrection comes, the dead person can use it to pull himself out of the grave.

Another Employe of Haas Fired by Mrs. Jaranowski

Warren Douglas, 4051 Michigan avenue, colored leader of the Deneen faction in the 3rd ward and a state representative for eight years, was discharged last week from his position as an examiner of titles in the county recorder's office, it was learned yesterday. This is the fourth employé under the late Joseph F. Haas who has been fired since March 19, when Mrs. Salomea Jaranowski, wife of the Thompson-Crowe candidate for county recorder, was appointed to fill the vacancy caused by Mr. Haas' death.

THREE AMERICANS DIE IN AIRPLANE CRASH IN MEXICO

MEXICO CITY, March 27.—(AP)—Three Americans were killed today when a plane which they were flying from Nogales, Ariz., to Mexico City crashed in the streets of Toluca, only about forty-five miles from their objective. The victims were Sterling Rohlfs, pilot; William E. King and Wallace Springer.

Gov. Palacious of Toluca informed Weddell that the plane was about 1,000 feet above the city when a strong gust of wind caught it. The pilot apparently attempted a landing, but the machine nose dived and crashed in a side street near the center of the city. The plane was completely wrecked and the bodies of the occupants were badly broken.

Wealthy Cattleman.

Douglas, Ariz., March 27.—(AP)—Sterling Rohlfs, wealthy New Mexican cattleman, piloting his monoplane, and accompanied by Wallace Springer, a cattleman from Cimarron, N. M., and W. E. King, attorney, with offices in Douglas and Mexico City, left here late the afternoon of March 22 by way of Nogales for Mexico City.

The plane had been flown from New York to Douglas by Rohlfs, manager of the Bartlett ranch in northern New Mexico.

King, before leaving, said the trip was a pleasure jaunt.

ARREST TWO IN STILL RAID.

Joseph Farnsone, 1030 Townsend street, and Joseph Batlabia, 1942 Warren avenue, were arrested yesterday by prohibition agents who confiscated a 250 gallon capacity still in a raid at 942 Milton avenue.

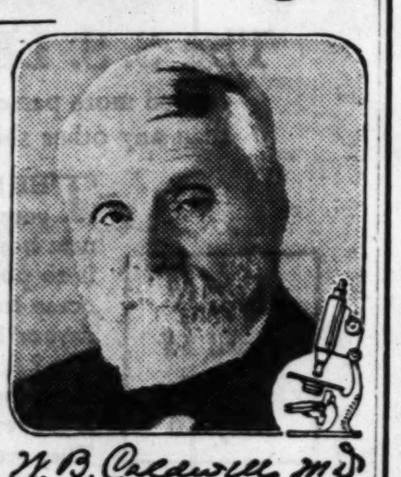
Old Folks Say Doctor
Caldwell was Right

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892 as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal. All drug stores have the generous bottles.



W. B. Caldwell M.D.
AT AGE 83

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

NICARAGUA PUTS ISTHMIAN POLICY OF U. S. TO TEST

Yanks Forced to Guard Foreign Lives.

BY JOHN CLAYTON.
[Chicago Tribune Press Service.]

MANAGUA, Nicaragua, March 26.—There are two possible deep water routes for canals connecting the Atlantic and Pacific oceans. One is across the isthmus of Panama, where the canal was opened in August, 1914. The other is across the isthmus of Nicaragua.

The geography of Central America, which dictated the construction of a canal in one of these two places, if not in both, also dictated the policy of the United States in the Caribbean.

Hayes Enunciated Canal Policy.

The Monroe Doctrine, which notified other nations that the territories of the two Americas no longer were open to colonization by other powers, was not solely an expression of altruistic interest in the future of the nations coming into existence as the power of Spain in the new world waned. On the contrary, it was the documentation of a condition necessary for the future development of our young nation.

That it was the purpose of our country to go even further in the protection of its vital interests in the Caribbean was made known to the world in 1880, when President Hayes, in a message to congress, declared:

"The policy of this country is a canal under American control. An interoceanic canal across the American isthmus will essentially change the geographical relations between the Atlantic and Pacific coasts of the United States and the rest of the world. It will be a great ocean thoroughfare between our Atlantic and Pacific shores and virtually a part of the coast line of the United States. Our merely commercial interest is greater than that of all other countries, while its relations to our power and prosperity as a nation, to our means of defense, our united peace and safety, are matters of paramount concern to the people of the United States."

What Roosevelt Said.

Mr. Roosevelt in 1905 said:

"We cannot permanently adhere to the Monroe Doctrine unless we succeed in making it evident, in the first place, that we do not intend to treat it in any shape or way as an excuse for aggrandizement on our part at the expense of the republics to the south of us; second, that we do not intend to permit it to be used by any of these republics as a shield to protect that republic from the consequences of its own misdeeds against foreign nations; third, that inasmuch as by this doctrine we prevent other nations from interfering on this side of the water, we shall ourselves in good faith try to help those of our sister republics which need such help toward peace and order."

Col. Henry L. Stimson in his second book comments as follows:

"These sentences contain the gist of the situation. They also show the true character of the duty we have assumed. It is in no way an encroachment upon the independence of Central American countries. On the contrary, it contains the recognition of and an assurance of that independence.

"By the Bryan-Chamorro treaty, ratified in 1916, Nicaragua granted to the United States the permanent and exclusive right to construct such a canal. Any lodgement of a possible foreign influence upon the territory of Nicaragua would therefor in a double sense be perilous to the safety of the United States."

The present state of affairs in Nicaragua has brought to the test the Isthmian policy of the United States, the genesis of which was contained in the Monroe Doctrine and elaborated by Mr. Hayes and Mr. Roosevelt. Faced with a serious disturbance of internal peace in Nicaragua, the United States was placed in the position of answering a challenge to the Monroe Doctrine and the Rooseveltian interpretation, and to our Isthmian policy. Marines were landed.

With the civil war deadlocked, President Coolidge sent Col. Stimson to Nicaragua to report on the situation.

Col. Stimson had not been long in Nicaragua before he was asked both by Conservatives and Liberals that the good offices of the United States be offered for mediation, and a personal invitation was sent President Coolidge to become arbitrator between the two parties.

Both sides were anxious for peace, and an able exploitation of this desire brought an amicable settlement, under which the United States pledged itself to supervise the presidential elections of 1928.

SANDINO SICK; REPORT HE FLEES FROM NICARAGUA

Carried in Hammock by His Followers.

BY LOUIS ROSENTHAL.
[Chicago Tribune Press Service.]
[Copyright: 1928: By The Chicago Tribune.]

MANAGUA, Nicaragua, March 27.—Well confirmed reports from Matagalpa state that for the last ten days Gen. Augusto Sandino, leader of the insurgent bandits, has been ill. He has been carried by his remaining followers on a hammock strung on a pole, to the upper Coco river, and in all probability will attempt to leave the country by way of the east coast.

It is believed that the group of approximately 150 alleged outlaws who were bombed by marine aviators ten days ago at Murra, were Hondurans who were deserting Gen. Sandino and were homeward bound. It also is believed this band planned to attack Jalapa, where a small guard of marines is stationed to guard the emergency landing field for Fokker transport planes.

Report Many Followers Desert.

Many of Gen. Sandino's followers are reported to have been deserting in the last few weeks, as he is low in provisions and supplies since the Daraili combat, and since the extended occupation by marines.

Marine aviators flying over Murra saw hundreds of vultures devouring dead bandits and pack animals. It is believed the bandits were killed and abandoned on the field of battle. More than fifty bombs were dropped during the air battle, which exceeds the bombs dropped during the Ocotal and El Chipote air attacks.

Diaz to Shake Up Cabinet.

It was authoritatively annnounced today that before holy week the members of the cabinet of President Diaz will resign. A new cabinet which will support President Diaz in his stand with regard to the McCoy electoral law, which was promulgated by presidential decree and which provides for United tSates supervision of the Nicaraguan election, and all other pro-American policies, will be formed.

The proposed changes in the cabinet are looked upon with favor both by the American legation anf Brig. Gen. Frank McCoy. Informed statesmen believe the removal of sympathizers with Gen. Chamorro will result in a break between Gen. Chamorro and the Conservative party.

FLOODS IN WEST RECEDING, BUT PERIL 3 TOWNS

San Francisco, March 27. — (AP) — Flooded rivers in California were receding tonight while hundreds of men worked to reënforce levees against the still swollen streams.

The three remaining danger spots were Alicia on the Feather river; Marysville on the Yuba, and Durham Land Colony on Butte Creek, all in northern California.

In Reno, Nev., on the Truckee river, the situation was reported better although still potentially serious.

MAN WITH PINT IN PEN FOR LIFE GRANTED APPEAL

Michigan Man Calls Law Cruel and Unusual.

Lansing, Mich., March 27.—[Special.]—Fred Palm, Michigan's martyr to the zeal of prohibitionists, was afforded a new chance to escape from the life cell to which he was sentenced a few months ago for possession of a pint of gin, when the state Supreme court today granted a writ of error which enables him to appeal his conviction and sentence.

The filings upon which the writ is based attack the method of arrest, conviction and sentence of Palm and the constitutionality of Michigan's prohibition law which defines possession of liquor as a felony.

Attracts Wide Attention.

The case of Palm, who was sentenced here in Ingham county Circuit court Sept. 29, 1927, by Judge Leland W. Carr under the habitual criminal provisions of Michigan's new criminal code, attracted wide attention nationally. This was because the fourth "felony" for which the law specified he be sent to prison for life consisted of this relatively minor infraction of Michigan's rigid dry law.

Liberal leaders in many parts of the country came to Palm's aid. He was prevailed upon to write a letter in his cell in Jackson penitentiary, outlining the points in his conviction which he believed unjust and illegal and this letter was filed with the Supreme court by H. Stanley Copeland of Buffalo, N. Y., secretary of the Association Against the Prohibition Amendment.

No Search Warrant.

In his letter claiming error, Palm, who pleaded guilty when brought into court, contends that the raid made on his house by Lansing police when the pint of gin was seized was not preceded by the serving of a search warrant. The arrest, which resulted in the extreme sentence, is thus claimed to have been illegal.

The points made in the filings by Copeland, in addition to Palm's letter, were as follows:

1. That the court erred in allowing the prosecution to place the habitual criminal charge against Palm without having placed the evidence before a grand jury.

2. That the court erred in allowing the prosecution to file charges against the defendant, including the charge that he had been convicted of passing counterfeit money, which is not a crime according to Michigan law.

Attack Mandatory Sentence.

3. That the section of the revised criminal statutes of 1927 [the new criminal code] providing for the manner of mandatory sentencing to life imprisonment after a fourth conviction for a felony, as defined in the law of Michigan, is in contravention with that section of the state constitution which provides that "Cruel and unjust punishment shall not be imposed" and is also contrary to the constitution of the United States. In this connection, the filings say that this law "provides for the mandatory life sentence on the commission of four felonies, three of which were petty violations of the prohibition law, involving no moral turpitude, and the last of them an act of possessing one pint of liquor in the defendant's residence with no act or sale or other illegal acts, thus clearly applying cruel and unusual punishment, forbidden by the United States constitution."

Violates Constitution.

4. That the Circuit court's order of judgment was void in that the state prohibition law is void in that section, which defines an act of illegal possession of intoxicating liquor as a crime, for there is no warrant, either in the prohibition amendment or the Michigan constitution or that of the federal constitution for "any such definition of crime, whether felony or misdemeanor or what may be an innocent act of possession of one's own property harmful to no other."

From his letter it is taken for granted that Palm does not expect to obtain a temporary parole in order to appear before the court, but it was believed in capitol circles that it was possible he might be granted such a leave because of the unusual circumstances.

TIMES SQ. RECLUSE, WIDOW OF AID TO ANDREW JOHNSON, DIES

New York, March 27.—[Special.]—Horse cars were the principal distractions in Longacre square when Mrs. Eva Sprague Warden, 90, widow of the secretary of President Andrew Johnson, lawyer and journalist, moved into the house she owned at 212 West 43d street late in the last century. Mrs. Warden did not move until last week, when she was taken to a hospital suffering from pneumonia. She died today.

The narrow four story brick structure which Mrs. Warden refused to sell or rent is sandwiched between a theater and a restaurant. Fifty steps eastward is Broadway at Times Square. Mrs. Warden's memory took her back to the days of Lincoln's assassination. William Wallace Warden died in 1890 and Mrs. Warden, who had bought the house twelve years earlier, left Washington and moved to New York.

She had lived there with her foster daughter, Mrs. Eva K. Davlin. Her treasures included scrapbooks which contained signatures of President Lincoln, President Johnson, and President Grant.

RELATIVES WIN $20,000 IN FIGHT FOR HAISH ESTATE

A fight over the will of Jacob Haish, late barbed wire manufacturer and inventor of De Kalb was settled in the De Kalb County Circuit court at Sycamore yesterday when relatives who sought to have the will set aside agreed to accept $20,000 from the beneficiaries.

The bulk of the estate, valued at $350,000 to $500,000 was left by Mr. Haish to erect a memorial hospital at De Kalb and to three Masonic bodies of the city. In a special paragraph of his will Mr. Haish said that he refrained from leaving anything to his relatives "for the reason that I have given to them from time to time such gifts as I desire them to have."

Mr. Haish, a widower, who had no children, was over 90 years old when he made his last will. One of the beneficiaries was his housekeeper, Mrs. Anna Anderson Nelson and relatives charged that she had improperly influenced him. The money which will be given the contestants will be divided among nine branches of the family as represented by heirs of Mr. Haish, brothers and sisters of his second wife.

WOMEN TRAMPLE MOB VICTIM AS HE BEGS FOR LIFE

T. C. Ferguson, 6933 Emerald avenue, conductor of a Halsted street car last evening refused to accept a mutilated quarter from Henry Carter, colored, 35, of 2953 Ellis avenue. A dispute followed and Carter attempted to stab the conductor with a long knife, but leaped from the car at 22d street when passengers rushed to Ferguson's aid. A score or more, including several women followed with cries of "lynch him." The Negro was overtaken and was being trampled when Sergt. Patrick O'Connell and his squad of the detective bureau arrived. At the center of the crowd they found Carter prostrate, pleading for his life as the sharp heels of two women who were stamping at this face. The police dispersed the crowd and took Carter to the safety of the Maxwell street station.

Rob Washington Bank Messengers of $7,200

Washington, D. C., March 27.—(AP)—Two messengers of the Federal-American bank reported to the police today that they had been held up and robbed of $7,200 at 14th street and Columbia road, in the northwest residential district.

3 WINE GLASSES CLEW TO FORTUNE TELLER'S MURDER

CRIMINAL COURT.

Henry Hartison, arson, sentenced to 1 to 20 years in the penitentiary by Judge Otto Kerner.

Two unindentified men were being sought last night by Maxwell street police in connection with the murder early in the day of Giovanni Zoccolo, 50 years old, a fortune teller, residing at 1013 West 11th street. Zoccolo was shot to death in his cottage. Three chairs were arranged about the kitchen table upon which were found three wine glasses and a jug of wine. Shots were heard by neighbors in the cottage, where Zoccolo lived alone, about midnight Monday.

West Park Board Employe Shot by Unidentified Man

Lewis Knoll, 44 years old, 1312 West Washington boulevard, a landscaper employed by the west park board, was shot in both legs last night in the saloon of Louis Sbarboro, 1169 West Madison street. He told the police that a man entered the rear door and fired at him without warning, adding that he did not know his assailant.

POLAND FACING CRISIS AS FOES CRUSH PILSUDSKI

Socialists Stage a Wild Demonstration.

[Chicago Tribune Press Service.]
[Copyright: 1928: By The Chicago Tribune.]

WARSAW, March 27.—Marshal Josef Pilsudski, the Polish dictator, suffered a sensational defeat in the new Polish parliament, which is expected to lead to the most serious consequences.

The marshal's entrance was greeted by loud cheering, but the harmony was broken by the persistent hissing of Ukrainians and communists. The dictator scowled and told an officer to fetch a detachment of armed police. When the police arrived they seized three Ukrainians and two communists, handcuffed them, and dragged them out. The Socialists thereupon struck up a battle song, entirely drowning the dictator's voice.

Suspends Sitting.

Marshal Pilsudski, by shouting at the top of his voice, "Silence, there!" got a respite, during which he quickly read out his speech. However, when the swearing in of the deputies started the indignant uproar of the opposition began afresh, until the speaker had to suspend the sitting.

One hour later the house reassembled. When, owing to the opposition's adamant attitude, the arrested deputies were released, their entrance led to pandemonium, the opposition rising and cheering widely.

Socialist Victory.

After order was restored the election of the speaker proceeded. Marshal Pilsudski's candidate, Acting Premier Bartels, was thought to be sure of election. He was opposed by the Socialist candidate, M. Dashinski. When the figures were read out, giving the Socialists a victory of 206 to 140, a breathless silence gave way to a demonstration unprecedented in Polish annals.

Marshal Pilsudski, thinking the danger had past, already had left the house, so special messengers were sent posthaste. Presumably on his instructions the entire government party, including all the ministers, rose and left the chamber.

Intense excitement reigns in Warsaw, where it is believed a coup d'état is impending, as the dictator stated unequivocably that he would not allow any speaker but M. Bartels, and would rather close up the parliamentary shutters if his man was not installed.

HARBORD HERE FOR FUND TO FIGHT LEPROSY

(Picture on back page.)

Vetoing discussion of one financial topic, but inviting conversation about another, Maj. Gen. James G. Harbord, U. S. Army, retired, president of the Radio Corporation of America, arrived in Chicago yesterday. His veto concerned the recent financial acrobatics of Radio Corporation stock, and his invitation, the $250,000 drive for the Leonard Wood memorial fund for the eradication of leprosy.

Gen. Harbord, national president of the memorial, is former chief of staff of the United States Army, a personal friend of the late Maj. Gen. Leonard Wood and has decorations from the American, British, French, Italian, and Belgian governments for his war services.

He will be here until Thursday, making arrangements for the drive. He will address the Chicago Association of Commerce at its noon luncheon today at the Hotel La Salle.

Already nearly a quarter of Chicago's quota for the drive, which has been set at a national total of $2,000,000, has been raised. At a conference held yesterday at noon, Col. A. A. Sprague, chairman, and Melvin A. Traylor, treasurer; R. P. Lamont, H. H. Porter, Brig. Gen. Abel Davis, A. J. Wheeler, A. A. Carpenter, and Col. T. R. Gowenlock were present.

PLANS TO HAUL DEAD ANIMALS THROUGH SUBURB

Despite a warning by Health Commissioner A. H. Kegel, the city council finance committee voted yesterday to contract for removal of the city's dead animals with a concern that plans to haul them through Oak Park or some other suburban town.

"I think you're making a mistake," Dr. Kegel told the committee. "These villages will get an injunction the first time a dead dog crosses their limits. They have good noses out there."

The concern recommended for the contract was the Aurora By-Products company which offered to take the animals to Aurora for disposal for $74,000 a year under a 5 year contract. The next highest bidder, the Canal Melting company, which now has the contract, bid at $80,000.

He was drowned before he could be pulled out of the gasoline.

CHAS. C. CURTISS DIES; CHICAGOAN OVER 80 YEARS

Founder and Head of Fine Arts Building.

Charles C. Curtiss, who was born in Chicago on July 1, 1847, and who has been a resident of this city continuously since his birth, died on Monday at his residence, 1404 Astor street, following a brief illness. He was projector of the Fine Arts building and had been its vice president, treasurer, and director during the thirty years since it was remodeled from the Studebaker building.

Mr. Curtiss was a son of James Curtiss, who was twice mayor of Chicago. He was married in 1877 to Addie Louise Miller, who survives him, as do three children, Mrs. James Hall Marshall of Boston, Mrs. Walter O. Wilson of Winnetka, and James Curtiss of Chicago.

When he was but 17 years old Mr. Curtiss became a private in company B, 135th Illinois volunteer infantry, serving in the civil war.

In the years directly after the war he was a salesman for Field, Palmer & Leiter, later being connected with Lyon & Healy as a bookkeeper. Then he was a partner in the music publishing house of F. S. Chandler & Co. Later he was manager and treasurer of George F. Root & Sons Music company, then president of the Manufacturers Piano company, and later the founder of the Fine Arts building.

He was a member of the Legislative Voters' league, the Illinois Civil Service Reform league, the Citizens' association, the Municipal Voters' league, and a charter member of the Apollo Musical club. He also was a member of the Chicago Academy of Sciences, the Chicago Historical society, and of the Loyal Legion, and was likewise a member of the Chicago and University clubs and the Cliff Dwellers.

Funeral services will be held tomorrow (Thursday) at 2:30 p. m. from the residence. Interment private, at Graceland.

COUNCIL GROUP O. K.'S ETTELSON PAY ROLL BOOST

$35,000 More for Aids and Investigators.

Corporation Counsel Samuel A. Ettelson, who recently announced that his pay rolls are private property—at least until after the primary—today will have another $35,000 to spend, partly for so-called experts, if the city council accepts the report of its finance committee.

Without a question as to where the money is going the committee yesterday approved items of $20,000 and $15,000 respectively for Mr. Ettelson's office.

Asks End of Control.

The first, as disclosed by the record, will be taken from bond issues for investigators, $5,000 coming from each issue for the improvement of Western avenue, Ashland avenue, 22d street, and Peterson road. The $15,000 item will go "to employ certain special assistant corporation counsels, investigators, etc., from Accounts 30-B and 30-S1." At the end of his communication asking for the latter appropriation, Mr. Ettelson added:

"Also kindly have the council release the 30-B personal service account from the clause which it now has attached requiring council approval for all appointments."

For Deficit, Says Cronson.

Ald. B. A. Cronson [4th], one of the Thompson members of the committee, explained after the meeting that the $15,000 item would go toward making up a deficit inherited by Mr. Ettelson from the Dever administration which overspent the moneys appropriated in the personal service account. Mr. Ettelson has not complained about the deficit because "he doesn't want to show up the former administration," Ald. Cronson said. None of the other members of the committee expressed any interest in the reported deficit.

Following its action on the $35,000 items the committee approved the payment of a bill for $575 submitted by Frank S. Righeimer for services in 1927 as attorney for the council track elevation committee. Mr. Righeimer is now attorney for the board of education and was assigned to the trial of Supt. McAndrew.

MRS. COOLIDGE'S MOTHER STILL CRITICALLY ILL

Northampton, Mass., March 27.—(AP)—The condition of Mrs. Lemira Goodhue, mother of Mrs. Calvin Coolidge, who is critically ill at the Dickinson hospital here, remained unchanged throughout the day, her physician, Dr. J. E. Hayes announced tonight. The mind of the aged patient remained clear, and she was able to converse with Mrs. Coolidge, who arrived from Washington early today.

The wife of the President visited the hospital three times during the day. Dr. Hayes let it be known today that Mrs. Goodhue had been delirious most of the time since Sunday night. During today, however, she remained mentally alert and appeared to be quite bright.

Dr. Hayes warned that sudden variations may possibly occur in the case of a patient so advanced in years. Mrs. Goodhue is 78 years old. She suffered an attack of influenza last December and has been at the hospital since.

France makes the fifth continental European nation to be added to the trans-Atlantic circuit. The rate from Chicago to the French capital will be $51.75 for three minutes and $17.25 for each additional minute.

Agnes Nestor Works Hard for Others; Finds Career

BY KATHLEEN McLAUGHLIN.

Nobody gave her a chance—so she manufactured her own. Nothing could be more indicative than that, of the personality on which Agnes Nestor of trade union fame has built a record many a man might envy—and many do. It started her out at the age of fourteen to bolster the family finances with her wages as helper in a glove factory. It has carried her, at this writing—to the Democratic candidacy for state representative in the Sixth senatorial district.

That her prospects of nomination and election are at least equally good, with those of her opponent demonstrates how well she has builded, and how firm was the foundation—though her educational background consisted of only eight grades of grammar school.

Friends Point to Record.

If you count that a drawback, consider the record her friends are promulgating in the interests of her ambition to serve as representative. Consider also that in the making of that record she matched mentalities with such women as Dr. Anna Howard Shaw, Mrs. Stanley McCormick, and Ida Tarbell, and that they did not find her wanting. Then it becomes evident how ably she overcame her educational handicap, and how it came that she got her chance.

Instead of the zenith of her career, her present candidacy represents, if anything, a downward curve from more important things. The brightest chapter in her achievements was written, for instance, when, during the war, she was accorded the highest recognition of the government and served as a member of the women's committee of the council of national defense.

She headed the department of women in industry, and she was the only woman member of the advisory committee to the secretary of labor. She was appointed by President Wilson in 1914 as a member of the commission to consider federal aid for vocational education. She now is a member of the executive committee of the American Association for Adult Education.

Wins as Trade Unionist.

But to Chicagoans, Agnes Nestor is first, last, and always associated with trade unionism—through which she got her start as secretary of her glove workers' union. She is now first vice president of the International Glove Workers' union, and since 1913 has been president of the Woman's Trade Union league of Chicago. In 1918 the American Federation of Labor sent her abroad to study labor conditions.

City to Start $500,000 Home for Nurses Soon

Construction of a $500,000 nurses' home at the municipal contagious disease hospital, California avenue and 31st street, will be started within the next few weeks, Ald. John S. Clark [30th], chairman of the city council nance committee, announced yesterday. Completed plans for the structure, to be paid for by bonds voted last April, were presented to the committee yesterday by Paul Gerhardt, architect, and will be acted on at the next meeting, Ald. Clark said.

Jury Awards Florist $400 from Detective for 2 Teeth

Louis Moteff, a florist at 30 East Randolph street, yesterday was awarded $400 compensation for the loss of two teeth. A jury so decided in the Superior court. The judgment is against Sergt. Lawrence Byrne of the detective bureau, who, according to testimony presented, struck the paintiff in the mouth on the night of Jan. 1. The blow was struck after the two men inadvertently brushed against each other in a downtown crowd, Moteff told the jury. The florist had asked for $50,000 damages.

MAXWELL LANDIS, NOW IN POLITICS, BORN LEVITSKY

Maxwell Landis, candidate who will share with Judge John A. Swanson the anti-administration votes in the Republican primary for state's attorney, is no relation to former Federal Judge Kenesaw Mountain Landis, but was born with the name of Max Levitsky.

MAXWELL LANDIS.

Records of the Circuit court yesterday disclosed that Maxwell Landis' brother on Feb. 11 changed his name from Jacob Levitsky to John Landis. Both were born in Kiev, Russia.

Maxwell Landis, nee Max Levitsky, questioned at his law office, said he had been known under the name he now uses for the last twenty years. At the Chicago Kent College of Law a Max Levitsky was enrolled in 1916, changing his name to Landon two months later and then changed it again to Landis.

-mayonnaise *wants* this flavor,

How the housewife has despaired that her men folks won't eat salad. No wonder. Men like salad dressing with sharper, spicier, racy flavor. And men like mayonnaise when it's mixed with A. 1. Sauce. You will like it, too.

Stuffed tomatoes are delicious filled with celery, apple and mayonnaise. But be sure to use a quantity of A. 1. Sauce with the mayonnaise.

BLAME FOR DAM DISASTER LAID AT BUILDERS' DOOR

Commission Finds Foundation Was Defective.

Sacramento, Cal., March 27.—(AP)—Responsibility for the collapse of the St. Francis dam near Los Angeles on March 13 was placed today on the builders of the structure, by the commission appointed by Gov. C. C. Young to investigate the disaster.

The findings of the commission were embodied in the following three conclusions.

1. Failure of the dam was due to defective foundations.
2. There was nothing to indicate that the accepted theory of gravity type dam is in error.
3. The failure indicated the desirability of having all of such structures erected and maintained under the supervision and control of state authority.

Built by City of Los Angeles.

The St. Francis dam was built and maintained by the city of Los Angeles, it was pointed out.

Two hundred persons are still missing as the result of the flood unloosed by the bursting of the dam, while the known dead number 236, the commission reported. Property loss was given as "many millions of dollars."

Samples of foundation taken from underneath the westerly wall of the dam quickly softened and changed to either a mushy or granular mass when immersed in water, the report said.

Foundation of Poor Material.

"Unfortunately, this material is of such nature that when entirely dry it is hard and rock-like in appearance and characteristics, although defective in compressive strength. With such a formation the ultimate failure of this dam was inevitable, unless water could have been kept from reaching the foundation."

The commission declared there was no question about the safety of concrete dams designed in accordance with the gravity theory when built upon even ordinarily sound bedrock.

"Photographic evidence and the testimony of witnesses showed that little seepage passed through the structure of the main dam," the report said. "Certain cracks developed in the main structure, which possibly discharged an unimportant amount of water, not at all unusual in concrete dams."

TEN KILLED, MANY ARE INJURED IN ITALIAN QUAKE

LONDON, March 27.—(AP)—A dispatch to the Daily Mail from Venice says that ten persons were killed and thirty-five injured in a violent earthquake which shook the province of Udine, Italy, this morning. The advices state that there was much property damage, particularly to houses, and that telegraphic communication with the stricken district was interrupted.

The main shock was followed by four other shorter but sharper shocks at brief intervals for twenty minutes thereafter.

Carabinieri and Fascist militia were dispatched immediately to the scene of the disaster to aid the sufferers, restore morale, and assist in repairing damages. It is reported that numerous buildings collapsed.

COOLIDGE WILL BACK MELLON IN PROPOSAL FOR TAX REDUCTION

Washington, D. C., March 27.—[Special.]—President Coolidge will stand back of whatever recommendation Secretary of the Treasury Mellon will make regarding tax reduction.

The President has not been advised as yet regarding the revised estimates of revenues and expenditures now in preparation at the treasury department. Such information as is in his possession leads him to think that a tax cut of not to exceed 225 million dollars is possible.

If Secretary Mellon reports that the maximum should be reduced somewhat the President expects to rely on his judgment.

ALDERMEN DROP PROPOSED BAN ON PARKING AT NIGHT

An ordinance prohibiting automobile parking on residential streets between midnight and 6 a. m. was pigeonholed yesterday by the city council's traffic committee. A substitute ordinance, requiring lights on cars parked at night, was ordered drafted. The committee also directed the corporation counsel to draft an ordinance compelling automobiles to come to a full stop before crossing a street car track.

BOWMAN DAIRY ASSEMBLES SITE FOR BIG PLANT

BY AL CHASE.

With the purchase of 100x149 on the east side of North Kilbourn avenue, 145 feet south of Montrose avenue, the Bowman Dairy company has assembled a site with 200 feet of frontage on which it contemplates erecting a $250,000 distributing plant. The building of this proposed structure depends, however, on the carrying out of the Avondale motor highway project.

The new building will replace the company's present plant at 4310 North Kenneth avenue, which would have to be wrecked if the new motor route is developed. No architect has yet been engaged. The site just assembled comprises nine parcels of real estate costing a reported total price of $90,000. Part of the land is improved with old buildings and some modern flats, all of which would have to be wrecked. Montgomery, Hart & Smith were attorneys in yesterday's sale. Leroy F. Washburne was broker. Henry Seng, Alex Letterer and Conrad Fritz were sellers.

Cole Hotel Is Sold.

The four story Cole hotel at 5616-18 Winthrop avenue, lot 47x148½ feet, has been sold by Michael W. O'Brien to Hano J. Thomsen for an undisclosed consideration subject to $123,000. The Cole, which was built about three years ago, contains eighty-five rooms. G. Dette represented all parties as broker.

The Manhattan Electrical Supply company, who formerly occupied the building at 112 South Wells street, recently destroyed by fire, has leased the first floor and basement at 108 West Illinois from Mrs. Clara L. Rehm through Callistus S. Ennis & Co.

Wrightwood Avenue Deal.

Dorothy Potter Stanton of Pass Christian, Miss., has sold the three story apartment building at 632 Wrightwood avenue to Nella B. Drinkall for a reported $25,000 cash through Gilbert G. Buhmann of Theodor W. Buhmann & Son. The lot is 23x200.

John Swanson and Joseph T. Carp, contractors, will complete the eight apartment building on which S. Cinman started construction at 2500 North Mansfield avenue. Construction was suspended for financial reasons. The building will cost $45,000. Harry A. Goldsmith was attorney for the builders. C. J. Harrington represented Mr. Cinman.

THINKS CAMELS ROAMED WEST 1,000 YEARS AGO

Coincident with his departure yesterday to dig for fossils in the vicinity of Seymour, Tex., Prof. Alfred S. Romer, paleontologist at the University of Chicago, announced that examination of a skull found recently in Utah has convinced him that native camels, believed by scientists to have been extinct for 500,000 years, existed in the west in the last thousand years.

The skull, found by two high school boys in a cave in the buttes near Fillmore, was sent to Prof. Romer by the University of Utah, to which it was given. Flesh adhering to the skull and its general appearance convinced Dr. Romer that the creature "lived quite possibly as late as 1,000 years ago."

It differs in fourteen particulars from the skull of the present Asiatic animal, which is said to have originated in this country and spread by way of the Bering straits to Asia.

Years Younger than she used to be!

Her method easy. Says anyone can follow it

SHE JUST got tired of having strangers speak of her husband as "your son". Yet, goodness knows, she felt old enough to be his mother most of the time! And when she looked in the mirror she really couldn't blame people for what they said.

If you were to meet this same woman *today*, you'd think she was her husband's younger sister, at least. Vivid, radiant, full of "aliveness"—the sort of person who never grows old. With vitality to enjoy all the happy activities our modern life provides.

No face-lifting, no mysterious regime brought about this miracle. Nujol treatment did it. It took about 3 months in *her* case. But after the very first bottle she began to feel a difference in herself. For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal. This natural, harmless product got at the real cause of the trouble and removed it.

If you feel draggy and out-of-sorts and years older than you should—why don't you try this Nujol treatment? It certainly would do no harm for Nujol contains no drugs or medicine. And we feel sure it will help you. Nujol was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey).

The whole 3-months treatment costs about the price of 3 good movies. Wouldn't you give that much to feel like yourself, again? Be sure you get the genuine.

OWNERS WILL ASK TO RUN COAL PITS AS THEY SEE FIT

But Senators Plan Laws to Stabilize Mines.

BY PHILIP KINSLEY.

[Chicago Tribune Press Service.]

Washington, D. C., March 27.—[Special.]—With nine members of the senate interstate commerce committee at the table, several for the first time since the coal investigation started, the committee got down today to a discussion of legislative proposals that may stabilize the industry.

West Virginia operators and attorneys were present in force, ready to fight to run their coal fields as they see fit. They will object to committee examination of their books. The West Virginia operators will be heard tomorrow.

Facing the large group of organized operators was Percy Tetlow, one armed champion for the United Mine Workers of America, who placed the blame for all the trouble in the coal fields upon one spot on the map, the southern tier of counties in West Virginia which are barred to union labor.

Urges Stable Union Contract.

Here, he said, was the key to the trouble, this bitter nonunion district, with its guards and shotguns and court injunctions keeping out the union organizers. He declared that the solution to it all for Illinois as well as Pennsylvania, was a stable union contract wage everywhere.

Mr. Tetlow is president of District 17 of the mine workers, with headquarters at Charleston, W. Va.

From Logan county, with its 15,000,000 tonnage a year, he said, the wage depression in 1924 spread through northern Virginia, across the Ohio, and now threatens to engulf the northern field, "with ruin to all." He told the committee that he had studied mining conditions in Europe and that, in his opinion, American methods are costing this country 250 million tons of wastage every year and great loss of life. He contended that some of the companies in West Virginia were cheating the men and that the men made barely enough to live on. And wage deflation, he argued, had failed in that the operators in West Virginia are in just as bad shape as the northern operators.

No Benefits to Chicago.

To Senator Goff and the West Virginia operators he issued this warning:

"If wages are broken down in the north—in Illinois and Ohio and Indiana—as a result of the policy started in West Virginia, the north will take the markets back, and every extra ton of coal produced in the north will be taken away from the West Virginia and Kentucky trade.

"The domestic consumer has received no benefit from all this. The consumer in Chicago, for instance, is paying $11.50 for West Virginia coal, produced at the mine for $3.50, with a freight rate of $3.29. The captive mines and the railroads are the only ones to benefit."

Senator Hawes interrupted:

"The union mines and the Illinois coal field are affected by this legislation and want to be heard here. Illinois is losing 16,000,000 tons a year to the southern trade."

Mr. Tetlow said that the formation of stabilized conditions north of the Ohio river was the only hope of the southern operators.

"How can we settle this by collective bargaining?" Senator Watson [Rep., Ind.] wanted to know.

"If the operators recognized this method, it would be easy to solve," replied Tetlow. "A sales agency method would help. You have got overproduction. In the future, with modern machinery, you are going to reduce working hours or close some of the mines. The question is how can we break down the barriers against us in West Virginia. How far afield have we gone in hampering labor? We are bound hand and foot by the courts."

"I should blame the middlemen in Chicago and other markets," said Senator Goff. "Do you think this senate can interfere with these profits?"

Senator Wheeler [Dem., Mont.] suggested that it came down to fixing prices.

"Are we going to have communism in industry, a government board regulating prices of what the people need?" asked Senator Goff. "You can't do that unless you destroy liberty of contract."

It was suggested that this was already being done with railroads, and the lumber men were fixing prices. "Is it to be an eye for an eye or can we find a middle ground for legislation?" asked Senator Watson.

REPORT OPERATORS PLAN BREAK WITH ILLINOIS COAL MINERS

The Illinois Coal Operators' association may break relations as an organization with the Mine Workers' union, according to an unverified report circulated yesterday. The operators will hold a conference today in the Auditorium hotel. Rice Miller, head of the association, declined to comment on the report or on what action the operators will propose in their wage differences with the miners.

Many operators, it is known, have signed individual agreements with the miners calling for a continuation of the Jacksonville wage agreement. One ultimate solution of the problem, it is held, will be a gradual signing up of a majority of the operators as individuals thus to an extent at least neutralizing the chief purpose for which the operators' organization was founded twenty-five years ago.

The miners thus far have refused to accept a lower wage than provided by the Jacksonville agreement. According to one survey, last month there were 177 mines in operation in Illinois employing 57,285 men.

PEASANTS GROOM MARIE AS REGENT OF ROUMANIA

Queen on Vacation as Leaders Squabble.

[Chicago Tribune Press Service.]

BUCHAREST, Roumania, March 27.—Premier Vintilla Bratiano today conferred with the leader of the national peasant party, Julius Maniu, in an attempt to obtain the collaboration of the opposition in negotiating a loan. M. Bratiano says that as soon as this is accomplished the government is willing to resign and call new elections.

Foreign Minister Titulescu hopes to arrange a solution of the differences with Hungary over the question of reimbursement of Hungarians in Transylvania for confiscated property valued at $75,000,000. As this question is not coming up in the league of nations before June, the withdrawal of the government before then is declared impossible.

Wants Government to Quit Now.

M. Maniu, however, is demanding the immediate resignation of the government. Although the other leaders of the national peasants have approved M. Maniu's stand, they recommend a continuance of pourparlers with Premier Bratiano.

Queen Marie, accompanied by Princess Ileana, is on her way to Cyprus, where they will remain six weeks. Their trip to that sunny British isle is occurring at a time when serious developments are expected in Roumania.

Might Make Queen Regent.

M. Maniu's promise to the electorate to open the dyansty question, while it does not hold out a great possibility for the return of former Crown Prince Carol, does not exclude the possibility of Queen Marie being requested to assume the regency. M. Maniu has publicly declared the regency is "the tool of the Liberal party and must not be taken seriously." Queen Marie refused to stop at Piraeus, Greece, because her daughter was expelled from there as queen.

FIND MISSING MAN DEAD.

The body of Louis Klopp, 45, of 551 Vermont street, Blue Island, missing since Sunday night, was found by pupils of the Calumet school yesterday morning. He apparently died from cold.

LAKE MICHIGAN BUILDING

Successful buildings are well kept, efficiently operated, well managed buildings. The new Lake Michigan Building is one of them.

Its successful record has been matched by a uniformly high standard of service, meeting the requirements of a widely diversified tenant list—including many of the country's foremost corporations and Chicago's leading business houses and professional men.

The carefully planned space arrangement and the completeness and quality of the appointments have contributed greatly to the efficient operation of the building.

A number of unusually desirable areas are included in the limited available space. We invite you to see them. Rentals are moderate.

Take Care of Your Kidneys!

Colds and Chills Throw Heavy Burdens on the Kidneys.

ARE you getting over a cold or grip only to find yourself always lame and stiff—tired and achy? Are you bothered with nagging backache, drowsy headaches and dizziness? Are the kidney eliminations irregular or painful? Then you should give some thought to your kidneys.

Colds and chills increase the poisons in the blood and bring extra work to the kidneys. When the kidneys act sluggishly waste impurities remain in the blood and cause many unpleasant symptoms.

Following winter's colds many users rely on *Doan's Pills*, a stimulant diuretic to the kidneys. *Doan's* increase the activity of the kidneys and thus aid in the elimination of waste impurities. Since 1885 they have been winning new friends the country over. *Ask your neighbor!*

CUBS WIN, 7-5; CUYLER LEADS ATTACK

PEGLER PICKS YANKS, PIRATES TO FINISH LAST

Adopts Upside Down Expert System.

BY WESTBROOK PEGLER.
[Chicago Tribune Press Service.]

Tampa, Fla., March 27.—This is the time of the year when a baseball expert who really feels the responsibility of his position goes into executive session with a package of cigarets and decides upon his predictions regarding the order of finishing in the major leagues.

It is a very serious business and any one who thinks a baseball expert merely draws the names of the ball clubs out of a hat, even a neutral hat, is wronging an earnest body of men. I have known experts to ponder for days as to whether they thought the Yankees were as good as they thought or whether they only thought so.

There are two popular schools of experting, the inspirational school who arrive at their predictions by free hand thinking and the scientific school who make use of decimals sometimes measuring two inches from tip to tip. This scientific system is quite complicated and the one really serious defect in it is that the dyed-in-the-wool fan or confirmed customer, by the time he has read the first column of comparative statistics, has no more idea what it is all about than the expert who got it up.

Here's The System.

However, there is one undeniable virtue about the scientific school of experting and that is that it is absolutely infallible. If, by the application of mathematical principles to the back muscles of a rheunmatic pitcher or to the decrepit dogs of a superannuated outfielder, an expert decides that such and such a team is the champion of a given league, you may be certain that this finding is correct. And if at the end of the season this team should prove to have finished seventh or eighth, the discrepancy may be charged against the ball club, not the expert.

Of course, if you should lay a wager on the expert's selections and the ball players should betray him, you would lose your money, but you would win a moral victory.

Your correspondent is not a member of either the free hand or the scientific school of experts. He has a system of his own, known as the upside down or wrong way system, which is something spiritual derived from within and very hard to explain. However, it might be exemplified with two little episodes that occurred at Miami Beach during the La Gorce open golf tournament last week.

The Upside Down System.

One day during the tournament Mr. Stephen Jerome Hannagan of the Miami Beach chamber of commerce, who recently was appointed to the post of White House spokesman for Gene Tunney, came bustling up and said:

"I have a great story for you. There is a goofy young man out here who has rigged up some kind of a rocket and is planning to shoot himself to the moon. He will probably come down about a mile out in the gulf stream during the sharks' old home week, so it is a great chance to write a kidding piece."

But your correspondent picked the Yankees to run last in 1926 when they won a pennant. So I told Mr. Hannagan that if I should kid the goofy young man about shooting himself to the moon the young man would be a thousand to one to make it.

That evening Mr. Hannagan escorted me to a place where games of chance are played. Your correspondent purchased ten dollars' worth of chips on the ten cent roulette wheel.

A Sure Thing Bet.

"I will bet you ten dollars," your correspondent said to Mr. Hannagan, "that neither the sixteen, seventeen nor eighteen will pay off in the next thirty-three turns of the wheel." So Mr. Hannagan took the wager and your correspondent played ten cents twice on the sixteen, seventeen and eighteen for thirty-three whirls. When $9.90 worth of chips had been expended in this manner your correspondent collected the ten dollars from Mr. Hannagan, thus recouping the money lost on the wheel.

It was practically the same as collecting on a sure thing, so your correspondent thought he should get the money back for Mr. Hannagan. Therefore, your correspondent said: "I am going to play this last ten cent chip on the red and if you will lay ten dollars on the black you will just break even."

Mr. Hannagan naturally laid ten dollars on the black, the ball rolled, but something happened to the system. The ball came red, your correspondent won ten cents and Mr. Hannagan lost ten dollars more.

Pursuant to the wrong way or upside down system of experting, your correspondent would like to select the New York Yankees to finish last in the American league, the Senators to run seventh and the Detroit club sixth. He would also like to pick the Pirates to finish eighth, the Cubs seventh and the Giants sixth in the National league.

But, as Mr. Hannagan remarked when he lost the ten dollars on the black, an expert can be just so wrong and no wronger.

"You are so wrong that you are right," he stated. "I am afraid you have developed into a real expert."

DOWLING, PEREZ, MARQUETTE WIN IN K. OF C. MEET

Brown's Play Is Feature of Series.

Dowling, Marquette and Perez advanced to the second round of the Knights of Columbus basketball championship series last night by winning decisively at the 132d regiment armory.

In a game featured by the all around play of Bill Brown, Dowling ran over Father O'Connor, 28 to 20, and never left the result in doubt after turning the half with a 15 to 8 advantage. Brown sank three baskets and four free throws.

Easy for Marquette.

Marquette, the defending champion and winner of the north section title, cantered off with a 31 to 15 victory over De La Salle. For the first ten minutes the losers gave Marquette a stiff argument, but just before the half ended the north siders speeded up and were leaders, 20 to 6 at the intermission.

Perez was not extended to eliminate Barry, 24 to 17. The second place winner of the south section led nearly all the way.

Next Series Tomorrow.

The three winning teams will go into action again Thursday night at the same gym and the schedule will be Marquette vs. Perez, Santa Maria vs. Dowling, Damen vs. Madonna, and Hennepin vs. St. Francis. Lineups:

MADISON SQUARE GARDEN PROFITS EXCEED MILLION

New York, March 27.—[Special.]—Gross revenues of Madison Square Garden corporation for 1927 reached $7,650,518, an increase of 34 per cent over 1926. Net income was $1,014,199 after all charges, including federal taxes, had been deducted, equivalent to $3.12 a share on the capital stock outstanding, a gain of 30 per cent over the $2.42 a share earned in 1926 on slightly smaller capitalization.

George L. Rickard, president, informed stockholders that in the last two years the corporation had paid admission taxes of $1,661,871 and other taxes of $476,626, or a total of $2,138,497, exceeding the net income of $1,798,838 earned during the same two years.

PERCY COLLINS BEATS McCLURE IN CUE MATCH

Percy Collins, representing the I. A. C., turned in the highest run and the best game last night when he defeated M. P. In the WAKE of the NEWS

BASKETBALL AFTERMATH.

BEFORE The Wake went on a southern trip, or jaunt, or "vacation," or whatever Helpers have chosen to call it, we essayed a little prediction on the finish of the Big Ten basketball race, then not quite at the halfway point. This estimate of the leaders' prowess elicited so many ha-has from various sources that we have looked up the article and are rather surprised to find how close it came, except in one instance, to the final standing.

Indiana and Purdue, as all know, ended in a tie for the title at 10 and 2. Our forecast was "The Boilermakers could hardly do worse than 9 and 3 and might end 10 and 2. Indiana also has a great chance to end 10 and 2 by winning all its remaining games. Northwestern comes into the picture at 9 and 3." Northwestern did finish 9 and 3.

The Wake also said "Michigan figures 8 and 4 and Wisconsin 8 and 4 or 9 and 3." Michigan ended 7 and 5 and Wisconsin 9 and 3.

Our worst slip was Illinois, of which we said "Illinois looks like 7 and 5, but might end 8 and 4." The Illini, unfortunately for our soothsaying ability, gathered only two victories. But we did come pretty close on the others, now didn't we?

Milburn, Injured Polo Ace, Taken to N. Y. Sanitarium

New York, March 27.—(AP)—Deverux Milburn, veteran polo player, arrived in New York today from Aiken, S. C., and was taken on a stretcher to a sanitarium for treatment for injuries received when his horse fell heavily on him a few days ago. Physicians said the accident might have aggravated the injury Milburn suffered in 1921 when his back was strained.

N. Y. TELLS GENE TO SIGN UP OR FACE SUSPENSION

Muldoon Says Tuesday Will Be Deadline.

New York, March 27.—[Special.]—William Muldoon, loud speaker for the New York state athletic commission, has soured on another of his pugilistic pets, James Joseph Tunney, world's heavyweight champion and one of Miami Beach's leading social luminaries.

Muldoon does not think there is anything noble about a champion who won't fight at least twice a year. And by way of informing Gene Tunney that he is no longer in good social stading with the New York boxing board, Muldoon and associates served notice on the champion today that unless he accepts by next Tuesday one or more of the seven challenges that have been aimed in this state at his titled brow he will be placed on the ineligible list.

The commission agreed to let Tex Rickard do the naming of the man who will be Tunney's next opponent.

Thumbs Down on Dempsey.

Muldoon made it plain that another bout with Jack Dempsey is out of the question. In fact, he so belittled the former Manassa mauler's pugilistic ability as to leave small doubt that if Rickard named him as Tunney's opponent the bout will not be sanctioned.

"Tunney must fight twice this year if he observes the boxing laws of New York state," Muldoon announced. "He hasn't paid any attention to any of the challenges filed with us. He should have fought six months after defeating Dempsey in Chicago. He is already behind schedule.

Too Much Gold.

"Tunney could refuse all seven of the challenges on file provided he expected to receive a challenge from another man he considered more worthy. We have a better bunch of heavyweights and more of them than ever before, but Dempsey is now nothing more than a drawing card and should be forgotten. Tunney is spending too much of his time mingling with the idle rich. It looks like Tunney and Rickard think more of gold than they do of the sport."

IT'S ALL UP TO TEX

Miami Beach, Fla., March 27.—(AP)—Gene Tunney could not accept the challenge now on file with the New York state athletic commission if he wanted to, Tex Rickard, promoter, declared here today with the assertion that the matter was entirely in his [Rickard's] hands.

"Tunney stands ready to fight any man I name, but I do not feel that the commission has any right to force me to name an opponent at this time," the promoter said.

"The affair is in my hands, not Tunney's."

The champion could not be located.

Rickard said there is a possibility, however, that an opponent for Tunney's title defense will be selected before the expiration of the period of grace.

"This looks like a lot more smoke than fire to me, anyhow," he said. "If we don't accept within the time limit, all they can do is put Tunney on the ineligible list, and then reinstate him whenever he accepts their challenge."

Ban Johnson in Serious Condition at Brother's Home

Los Angeles, Cal., March 27.—[Special.]—According to wires received here today, Ban Johnson, former president of the American league, is in a serious condition and under continual care of physicians in Coronado, Cal.

He suffered a relapse, caused by too much activity, according to his brother, W. R. Johnson. Mr. Johnson is suffering from diabetes, complicated by nervous weakness. His brother, at whose home the ex-baseball magnate is staying, was for a time treasurer of the American league.

Mr. Burns' Who's Who and What's What in Spring Training Camp of Chicago's Sox

BY EDWARD BURNS.
[Chicago Tribune Press Service.]

Shreveport, La., March 27.—The White Sox, full of synthetic enthusiasm and vigor, through the medium of routine practice, today sought to iron out some of the several terrible things that are wrong with the organization.

Aside from the circumstance that Mr. Comiskey is somewhat shy of young persons who can play baseball in big league fashion, the greatest grief has resulted from the fact that when pitchers were pitching, hitters were not hitting, or vice versa. This highly technical quirk now is responsible for what shreds of optimism still exist around Sox headquarters.

With one week to go at their spring training camp, and with considerable games behind them, the following observations on the roster seem to be about the way the club stacks up:

Manager Schalk—Throwing arm injured, but may be ready to work in the opener, April 11.

Ted Lyons—In great shape, taking it easy. He'll pitch the opener against Cleveland.

All About Tommy.

Tommy Thomas—Hasn't been exerting himself unduly in exhibition games. Sure of a great year if his mates can produce a run or two for him occasionally.

Ted Blankenship—Wild as a coot so far. In fine physical trim and is sure to do much better.

Red Faber—Hasn't pitched a ball in competition so far, but claims to be in better shape than any time in the last four years.

George Connally—The sarge would do well to snap into it, and fast.

Harmonica Goodell—So far a very surprising sandlot pickup who probably will be on the Sox roll for some time to come.

Roy Wilson—He may do.

Grady Adkins—Hasn't shown much.

Al Williamson—Slightly better than Adkins, but they appreciate such boys more in the Texas league than in the American.

Refuses to Obey Orders.

George Cox—He's the boy who wouldn't obey orders and walk Jim Riley in the ninth inning in Dallas Sunday when third and second were occupied and first was open. Riley doubled and the final score was Dallas, 10; Chicago, 9.

McCurdy, Crouse, and Berg—You've been to the Sox park. There's nothing new we can tell you about Harry and Buck and Moe.

Bud Clancy—His hitting has been better than the average, but his fielding ragged. He'll be all right after the curtain goes up.

George Redfern—The best fielder by far of the four second base candidates. His negligible hitting and a slight injury received in Fort Worth have pushed him down in the competition.

Bill Hunnefield—A great ball player if he'd only keep working at it.

Bill Barrett—Now they're trying to make an infielder out of him.

Johnny Mann—In some aspects of the game he's a fairly good ball player. Hit? No.

All Pulling for Bill.

Bill Cissell—Everybody's pulling for the kid. He loosened up yesterday with a triple, a double, and a single in four trips. But otherwise he's been beset with the jumps.

Bill Kamm—The same reliable fielding Bill, still coming up with a hit once in a while.

Randy Moore—This young man has been hitting 'em hard, his throwing is good, and his fielding is above the average.

Alex Metzler—So far one of the few bright stars in White Sox spring endeavor. If they all were like Alex——

Bib Falk—Bib's no gamble.

Carl Reynolds—They say he's got a great future.

How About Yanks?

SHREVEPORT, La., March 27.—[Special.]—All was gloom in the White Sox camp tonight until news from other major league training grounds was received.

Most of the White Sox jumped right up and cheered when it was announced that the world champion New York Yankees had been beaten in seven of their first eight exhibition games.

"Let us at 'em," begged Sarge Connally.

Even Cracker Schalk smiled at this encouraging bit of news.

BY IRVING VAUGHAN.
[Chicago Tribune Press Service.]

Los Angeles, Cal., March 27.—There seems to be no way by which Joe McCarthy's clouters can be permanently suppressed. For a time this afternoon their activities were kept in check so well that a defeat for the Chicagoans seemed imminent, but they, principally Mr. Hazen Cuyler, broke loose in the last two chapters and scattered enough havoc around the premises to register a 7 to 5 victory over the Hollywood Stars.

All that Cuyler did toward the close was to deliver two singles, both good for runs in the eighth and ninth, and this doesn't take into account a valuable double and single he had delivered earlier in the struggle. The ex-Pirate was not alone in his glory, however, because such fellows as McMillan, Wilson, and Stephenson not only shared in the belated rallies, but also contributed various potential items during the attack in the front half of the battle.

Cuyler's Record Impressive.

Cuyler's record for the last four games now is nine hits, three of them homers, in nineteen times at bat, and that is quite an impressive figure in any league.

The pitching with which McCarthy tried to deceive the ex-major leaguers who make up the Hollywood layout was both good and bad. Charley Root operated for seven innings and was hit harder than an athlete of his standing should permit in minor league circles. When Root finished, the pitching burden was taken over by Art Nehf and, although slightly wild, he was good enough to handle the situation.

The Chicagoans started to make things count when they scored one run in the second inning. Fullerton refused to give Wilson a good ball to hit and Hack walked. Stephenson forced him and Grimm was awarded free transportation. Gonzales smashed a single through the first baseman's territory and Stephenson went home.

Cubs Hand Stars Three Runs.

An attack of heebie jeebies or whatever it was overtook the Cubs in the home second and gave the so-called Stars three bargain runs. Old Braggo Roth walked. Heath laid down a bunt and Root heaved the ball into right field, letting the runners take third and second. Wera bounced to Grimm and Roth was cut down at the plate. English tried to duplicate this play on Bassler's grounder, but his peg went to the stand and both Heath and Wera scored. Then Fullerton doubled and sent Bassler over the pan.

The select members of McCarthy's hitting society put in a few votes in the fourth and a couple runs followed to tie the score at three apiece. Cuyler led off with a double against the center field bricks and Wilson shoved him home on a two bagger to right. Stephenson pushed a single over second and Hack registered.

McCarthy's workers broke the tie with a run in the fifth, but outside assistance was necessary. With one out, McMillan got as far as second on Welch's muff of a fly in left. He moved to third on a wild pitch and a slashing single off Cuyler's bat sent him the rest of the way.

Cubs' Lead Melts.

The trouble with this lead was that it didn't last long. Heath came up with two out in the Stars' sixth and slapped a homer into the right field bleachers. Then Wera singled, stole second and scored on a hit by Bassler.

As Cuyler was up again in the eighth, it was natural that the Cubs should score. The scoring, however, was limited to the one tally needed for a tie. Kiki singled with one out, advanced on Wilson's infield grounder and went home when Stephenson arched a single to left.

Then the Cubs put on their winning rally in the ninth. It went something like this: Nehf singled with one out, English was retired, McMillan singled, Nehf home, Cuyler singled and Wilson singled to count McMillan.

The Cub officials and representatives of the Los Angeles club held a meeting this morning, presumably over a trade for Ray Jacobs, the Angels infielder. It is whispered the Cubs will get the player.

MONTREAL NOSES OUT OTTAWA, 1-0, IN TITLE SERIES

New York Sextet Wallops Pittsburgh, 4-0.

Ottawa, Ont., March 27.—(AP)—The Montreal Maroons came out on top in the first clash of the playoff contests in the National Hockey league championships tonight, defeating the Ottawa Senators, 1 to 0. Approximately 8,000 jammed the Auditorium.

The Maroons' goal was scored by Lambs in the second period. With Munro of Ottawa in the penalty box, Lamb breezed through the Ottawa backs to accept Phillips' pass and shoot the puck in the cage in 9:05.

The final game between the teams will be staged in Montreal Thursday night. The sextet scoring the greatest number of goals for the two contests will advance into another playoff with the Montreal Canadiens, the leaders in the international group.

8,000 SEE RANGERS WIN.

New York, March 27.—(AP)—The New York Rangers tonight whitewashed the Pittsburgh Pirates, 4 to 0, in the opening game of the playoff series of the American group. The attendance was estimated at about 8,000.

The victory made the Rangers heavy favorites to meet the Boston Bruins in the final of the American group championship. The second game of the series, which will be decided by total goals, will be played here Thursday night.

Playing at top form, the Rangers kept up a constant bombardment on Roy Worters, who justified his selection as all-star goalie by giving a spectacular display behind the weak Pirate defense. The Rangers scored three goals in the first period and one in the second. Worters handled 17 difficult saves in the final period to hold the New Yorkers scoreless.

Bouchert Starts Scoring.

Frank Boucher opened the scoring less than five minutes after the faceoff. Bunny Cook netted a pass from his brother Bill for the second and Alex Gray pushed in a pass from Murray Murdock shortly afterward. Ching Johnson ended the scoring early in the second period when he drove Boucher's pass from right wing past Worters.

FLORENCE BEEBE MAY REPRESENT PURPLE ON LINKS

If the University of Wisconsin enters a woman student in athletic competition this spring, it will establish a precedent that Northwestern university will follow, Purple athletic officials agreed yesterday. Miss Florence Beebe, Illinois woman's state golf champion, is a freshman at Northwestern and would be scholastically eligible to compete next year.

"I don't see why not," Director of Athletics Kenneth L. Wilson said in commenting upon reports from Madison that Miss Dorothy Page, former woman's western champion, would participate for the Badgers if no technicality was unearthed to prevent her. "If it is ruled that Miss Page may compete, then we shall be glad to welcome Miss Beebe as a candidate for our golf team." Prof. Leon G. Kranz, golf coach, added his approval.

GIRLS' FIVES TO PLAY.

The Moore Pirates will play the Dvorak Park Alumnae tomorrow evening at the Dvorak park gymnasium, 21st and May streets. This game is being played by the Moore Pirates in preparation for the contest with St. James Lutheran girls, which will take place Sunday at the St. Phillip gymnasium.

Zennie, 168-1 Shot, Winner at Tia Juana

TIA JUANA, Mex., March 28.—The largest mutuel price of the season was displayed after the second race here today, when Zennie, a Nevada bred mare, was first to the wire. She paid $339,40 for every $2 ticket straight, $150 for place, and $42 to show. Jockey Trimble guided her. She races for Lem Allen of Carson City, Nev.

Zennie was only one of numerous longshots to score. When W. M. Mikel, the Illinois turfman, put over Bagabald in the 2 year old opening race he got $42.60 for each two dollar mutuel ticket. Great Finisher paid 24 to 1 when he galloped home an easy winner of the third event. Friskaway's mutuel price was $25 for two when he made a show of his field in the fourth.

The feature race was at a mile and seventy yards and came eighth on the program. Mrs. R. Brady's Hamadan, one of the few favorites to win all afternoon, was a length and a half in front of Rallin at the finish with Harbinger far back in third place.

MAROONS START SPRING BASEBALL TOUR TONIGHT

Thirteen University of Chicago baseball players under the leadership of Coach Fritz Crisler leave tonight for St. Louis, on their annual spring training trip. The schedule calls for three out of town games, the first with St. Louis university tomorrow, and the second and third with the University of Arkansas at Fayetteville, Ark., on Friday and Saturday.

Hold Finals in Legion Tournament Tonight

Finals and semifinals in the American Legion basketball tournament will be held tonight at Stockton junior high gym, Dakin and Montrose. Zientek Post will meet Rogers Park in one of the semifinals and Yarno Devere and North Shore will clash in the other. Winners of each game will then play for the title in the final game of the evening.

John Mohardt, Grid Star, Accepts Mayo Fellowship

Dr. John Mohardt, former all-American half back at the University of Notre Dame, left yesterday for Rochester, Minn., to accept a three year fellowship course in the Mayo Brothers clinic, to which he was recently appointed.

IOWA TO PLAY KNOX.

Iowa City, Ia., March 27.—[Special.]—University of Iowa tennis players will play the Knox college team of Galesburg, Ill., on the Hawkeye courts May 18.

Science Will Help Find Best Gridiron Turf

Urbana, Ill., March 27.—Science has at last stepped in to solve the highly expensive and at present impossible task of maintaining a satisfactory turf on football fields.

Through the coöperation of the athletic association and college of agriculture, University of Illinois, the problem of finding the best combinations of grass and soil treatment for football fields and other similar areas will be reduced to a scientific study.

This is thought to be the first search of its kind for a satisfactory football field turf. Under a plan worked out by soil and crop experts of the agricultural college, the experimental field will in reality be 90 miniature gridirons arranged in checker board fashion. Nine different grasses, or turf plants are to be planted in strips running crosswise of the experimental ground. These strips of grass are then to be crossed at right angles with ten different amounts and combinations of fertilizers applied in strips running lengthwise of the field. Thus, arrangements have been made for 90 different grass and soil treatments as a basis of selection.

The Illini squad will use the experimental field as a practice ground during the football season in order that the turf may be subjected to the same rough treatment it gets on a regular playing field.

Bob Becker Offers Nature Calendar for Spring Hiker

BY BOB BECKER.

Here is our nature calendar for the last week in March. It's a partial list of some of the outdoor features which should intrigue the hiker who wants to look for signs of spring.

* *

The meadow larks are flooding the country side with their spring songs. The photebe is due to arrive this week, and the field sparrow also should appear. The noisy goldenwing woodpecker, flicker or high holer as the boys call him, is another migrant due to check in before the end of the month.

Two expert fishermen who wear feathers return this month. They are the kingfisher and the osprey.

* *

The warm days of March bring out the honey bees. We had several zooming around us the other day when we were hiking along the shore of Lake Michigan.

The chipmunk will appear above the ground to stretch his legs, nibble a bite and take a "look see" at the weather, but at the first approach of a cold wave down he goes again.

* *

If you get into a low swampy part of the countryside the pungent odor of the skunk cabbage will be noticeable. This interesting early spring plant will push through snow to reach the sunshine.

One of the noisiest birds due to arrive the latter part of this month is the killdeer. Nervous, temperamental, suspicious, this shore bird will let you know if he's around by his shrill cries, "killdee, killdee."

Injuries Cost Yankees Two Players as Reds Win, 6 to 4

St. Petersburg, Fla., March 27.—The New York Yankees lost two second basemen and a ball game today.

The ball game went to the Cincinnati Reds who took advantage of some very wild pitching by Henry Johnson to put the game on ice in the late innings. The score was 6 to 4.

Tony Lazzeri, regular second sacker, strained his side during batting practice when he swung at and missed a pitched ball, Gene Robertson, who relieved him, was slightly spiked in a collision with "Long George" Kelly in the ninth inning.

The Yanks outbatted the Reds, 10 to 7, but sensational fielding enabled Eppa Rixey and Adolfo Luque to keep out of danger most of the time. Lou Gehrig got two singles today but Babe Ruth went hitless. The Reds' ranks were also hit today. Carl Mays, veteran pitcher, was stricken with a severe attack of ptomaine poisoning. He will be out of uniform for several days. Score:

Cincinnati [N.]......000 003 201—6 7 2
New York [A.].....200 020 000—4 10 2
Rixey, Luque, and Hargrave; Coveleskie, Johnson, Shealey and Grabowski, Collins.

GIANTS WHIP RED SOX NINE.

Augusta, Ga., March 27.—(AP)—The Boston Red Sox handed the New York Giants an exhibition game here today, 4 to 3, in 10 innings.

Hits were at a premium, the Giants scoring some of their runs on the eight hits they got off Wiltse, Macfayden, and Cremins, and the rest with the aid of six errors the Red Sox kindly contributed. Score:

Boston [A.] ......010 000 020 0—3 6 6
New York [N.]...100 110 000 1—4 8 2

BROWNS, 6; SENATORS, 5.

Tampa, Fla., March 27.—(AP)—Roettger's home run in the ninth inning, with two men out, gave the St. Louis Cardinals a 6 to 5 victory over the Washington Senators today in the first of a two game series. Roettger hit the ball into a gopher hole in left field and Goslin could not pull it out before Roettger had circled the bases. Score:

St. Louis ....000 230 001—6 11 1
Washington ....110 020 010—5 13 2
Batteries—Rhem, Johnston and Mancuso; Jones, Gaston, Griffin and Tate.

ATHLETICS SWAMP BRAVES.

Fort Myers, Fla., March 27.—(AP)—Celebrating Connie Mack day here, the Athletics came out of their slump and defeated the Boston Braves, 11 to 2. Lefty Grove rolled up eleven strikeouts and was the first Athletic pitcher to go nine innings this season. Three thousand ball fans were at the park and Mack was called to the plate in the second inning and presented with a watch, traveling bag and the key to the city. Score:

Athletics ....230 020 40*—11 13 0
Boston [N.] ....000 200 000— 2 8 6
Batteries—Greenfield, Jones, Morrison, and Taylor, Williams; Grove and Foxx.

BROWNS WIN SLUGGING MATCH.

Birmingham, Ala., March 27.—(AP)—The St. Louis Browns won a loosely played slugging match from Birmingham today, 18 to 7. The Browns collected twenty hits and the locals seventeen. Badgre starred for the Browns with five straight hits. Score:

St. Louis ....010 130 724—18 20 1
Birmingham ....301 020 010— 7 17 6
Stewart, Crowder, Gray and Schang, Bay; Jones, Brett, Collier and Jenkins, Cooper.

PIRATES LOSE RAGGED GAME.

Oakland, Cal., March 27.—(AP)—After several days' idleness because of rain, the Pittsburgh Pirates went into action against the Oakland club today and were defeated, 6 to 5. The dampness of the ground caused both teams to do some ragged fielding. Score:

Pittsburgh [N.] .....230 000 000—5 9 3
Oakland [P. C. L.] 300 100 20*—6 12 3
Batteries: Spencer, Batholomew and Smith, Hensley; Hasty, Buss, Boehler and Read, Bool.

TIGERS PLEASE MORIARITY.

San Antonio, Tex., March 27.—[U.P.]—With only three days left before breaking camp, Manager George Moriarity today said he was greatly pleased with the good fortune of the Detroit Tigers' training season. The players have not missed a day of practice since coming here. Routine workouts were held today. The Tigers will play Fort Worth Friday, Saturday and Sunday.

ROBINS PLAY BRAVES TODAY.

West Palm Beach, Fla., March 27.—[U. P.]—The Brooklyn Robins took their last practice here today. Exhibition games are scheduled on all the remaining days before the season opens, beginning with a four game series with the Boston Braves tomorrow. The Robins have played nine games, winning five and losing four.

BILLY BARTON 25-1 SHOT IN ENGLISH RACE ON FRIDAY

LONDON, March 27.—(AP)—Betting fans today still were "nibbling" at the American owned Billy Barton for the grand national on Friday. The odds were 25 to 1 in some quarters and 20 to 1 in others.

Billy Barton's jumping ability was lauded by Matt Holden, the horse's American trainer, who arrived at Liverpool with a party of racing enthusiasts on the steamship Baltic. Holden said he thought Billy Barton had a good chance to win.

The latest training reports from Wiltshire say that the entry of Howard Bruce of Baltimore is in splendid condition. He galloped seven furlongs yesterday with other horses entered in the event.

Why Clown Cigarettes are Made by Organized Labor

Number Thirteen of a series of statements

The Flesh *and* Blood *of* Little Children

The flesh and blood of children is not a necessary ingredient for any manufactured product. Child labor is an industrial crime. We are with the American Federation of Labor in its crusade against child labor.

Much has been done—but much remains to do. Exploitation of child life for private gain must not be permitted. We believe in *this* principle. That is just another reason why Clown Cigarettes are made by Organized Labor.

LOUISVILLE, KENTUCKY

CLOWN CIGARETTES

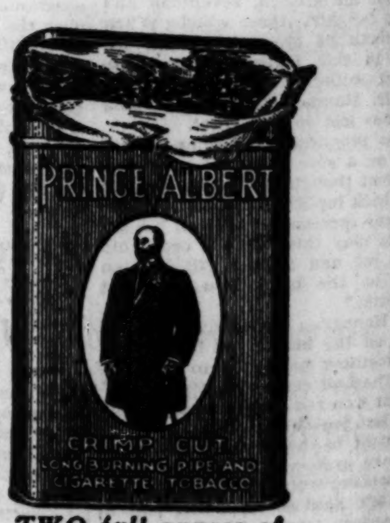
Palates, like personalities, differ. You'll never know whether this smooth, different blend of Turkish and Domestic tobaccos is your smokemate till you try it. Light a Clown!

What it takes to make a man pipe-happy, P.A. has!

TAKE a piece of paper and write down all the things you like in a smoke. Then buy a tidy red tin of P.A. and check the tobacco against your list. Open the package and release that tantalizing P.A. fragrance. Load up and light up. One thrill now follows another. You're ready to believe all the fine things you've heard about P.A.

Cool as a jury-foreman, rising to speak. Sweet as his words: "Not guilty." Mild as your interest in a civil suit. Mild and mellow, but with that rich, satisfying tobacco-body that only the world's most popular brand can offer. You can't seem to get enough of tobacco like *this!*

The proof of the puffing is in a pipe packed with P.A. Go get some now and see what a real companion your pipe can be when you put it on the right ration. Just around the corner is a store where they hand out pipe-joy in tidy red tins. Your cue-to-contentment is to get around there now.



TWO full ounces of genuine smoke-joy in every tidy red tin.

PETERSON DRAWS $375 FINE FOR FOULING ROBERTO

Barred from Illinois Rings Sixty Days.

Among the developments at the weekly meeting of the Illinois athletic commission yesterday were:

1 Suspension and fine dealt out to Big Boy Peterson, New Orleans heavyweight.

2 Dave Miller ruled in good standing as referee.

3 Joe Dundee, welterweight champion, granted permission to train at home for his bout with Joe Simonich at White City, April 16.

Peterson was fined $375 and barred from Illinois rings for sixty days for fouling Roberti Roberto in the first round of their recent bout at the Coliseum.

The boxing fathers waived the rule requiring windup fighters to be on the ground five days before their match in Dundee's case owing to the illness of his wife. He will be here three days in advance of the bout.

ROBERTO BOUT FOR CORRI?

If Pietro Corri, the New York Italian heavyweight, wins decisively over Jimmy Byrne of Louisville in their ten round fight at the Knights of Columbus clubhouse, 4723 West Madison street, tomorrow night, he will be matched to meet Roberti Roberto of Italy. This announcement was made yesterday by Promoter Joe Coffey, who has Roberto under contract.

Corri and Byrne finished preparation yesterday and will engage in only light gymnasium workouts this afternoon. Corri welcomed the two days' postponement and predicted he would be in much better condition tomorrow night.

Marriner Plans K. O.

Les Marriner, the University of Illinois football player, expects to stop Harvey Mortenson of Chicago in the eight round semi-windup. Les is eager to work his way into a position to command fights with some of the leading heavyweights.

Promoter Neils Vierup has arranged a strong supporting card, composed mostly of local talent.

Mullen Scans Feathers.

Promoter James C. Mullen is hunting an opponent for Tony Canzoneri, world's featherweight titleholder. Mullen has the signed contract of Canzoneri, who will be matched with the best opponent available for a June 21 show.

20 More Teams Join Legion Junior Baseball League

Twenty teams enrolled in the Cook county branch of the American Legion Junior Baseball league at last night's meeting in the Lutheran building, 109 North Dearborn street. Thirty-five teams are now enrolled in the league. Winners in the Cook county league will play district winners from other parts of the state, and winners of the state title will meet other state champions in a series for the national title.

Amateur Boxing Shows

The weekly amateur boxing show will be held at Mullen's gymnasium tonight. Eight fights have been listed by Instructor Dave Barry.

The Motorists' Association of Illinois will conduct a series of bouts at 2400 South Michigan avenue tonight.

The Belle Plaine A. C. has carded eight fights for its weekly show at 3943 Lincoln avenue tomorrow night.

Matchmaker Jack Eile has scheduled some interesting fights for the Edmille Health club show on Friday night.

BURNS UP COAST TRACKS

Southern California's speedy track men are limbering up for their dual meet with Illinois at Los Angeles on April 7. Clifton Reynolds (above) has run the 120 yard hurdles in 14 3-5 seconds. He is also a broad jumper.

I. A. C. SWIMMERS FAVORED TO WIN C. A. A. U. TITLE

Johnny Weissmuller will lead a contingent of Chicago's best swimmers to Milwaukee tonight to compete in the last two events of the indoor Central A. A. U. swimming championships. The 100 yard free style and the 300 yard individual medley titles will be settled.

The Illinois Athletic club for the fifteenth season seems assured of winning the district title on points. The present standing, with tonight's two events yet to be figured in, gives the I. A. C. 55; their closest competitor, the C. A. A., 34; Northwestern university, 11; University of Minnesota, 3; Milwaukee Athletic club, 1; with 17 points scattered among unattached athletes.

Honor Crane High Cage Champions at Dinner

Six hundred of the alumni and student body of Crane High will banquet Coach Samuel Lifscshultz and his city heavyweight championship basketball team at the Auditorium hotel tonight. Coach Dick Hanley of Northwestern will act as toastmaster.

Albion College Begins Spring Football Drill

Albion, Mich., March 27.—[Special.]—Spring football practice at Albion college began today under the direction of three Albion players, Victor Williams, who last fall coached the freshmen, and last year's co-captains, Syver Thingstad of Pontiac and Ben Boldt of Albion. Director Bud Daugherty also will supervise the work.

Bankers' Mile Relay Draws Strong Field

The one mile invitation university relay race will be among the features of the annual Bankers' indoor track and field meet to be held at the Chicago Riding club tomorrow night. The University of Chicago, Notre Dame, and Northwestern have accepted bids and the three schools will be represented by strong and evenly matched quartets.

Bill Droegemueller of Northwestern, holder of the world's indoor pole vaulting record off a dirt floor at 13 feet 2½ inches, is among the entrants in his specialty. In the Central A. A. U. indoor championships, the Purple vaulting ace was tied by J. Warne, a freshman at Northwestern. In the vault-off the freshman won. The pair will meet again tomorrow night and Droegemueller intends to put the freshman in his place by clearing the bar at a record breaking height.

STOCKS SINK AND RISE IN DAY OF FRENZIED TRADE

YESTERDAY'S AVERAGES

25 industrials	264.79	255.97	261.67	−1.20
50 stocks	192.91	187.38	190.99	− .57

New York, March 27.—Stock speculation rose to a fever heat today on the exchange. To the accompaniment of a record-breaking turnover and with fluctuations which for bewildering rapidity have seldom been matched, prices broke violently and then came back to cancel half and more of the loss in the case of industrials and to push through into new high ground for the rails.

There were 4,890,700 shares traded in today. Thirty-three new highs were made, and but one new low. The terrific smash in the early trading was the only shake-out in the leaders. Radio Corporation and General Motors gave the most spectacular performances in a day unequaled in the memory of the present generation of traders. General Motors broke 18¾ points and then rallied ten.

General Motors Disappoints.

When the market opened most of the leaders leaned to the opinion General Motors would go through 200. Something entirely different happened. It actually lost a point over night, opening at 198. It then faded away as stop loss orders were picked up on the way down, and before the end of the first hour it stood at 180, but it was not long before it had climbed back to a relatively quiet trading area just above 190. It closed at 190½, with a net loss of 8¼ points.

The advance in Radio was as hectic as anything seen in that stock during its sensational career. It had opened at 157½, compared with the previous close of 156, dropped more than 10 points, but came back to set a new high record for all time at 169¼. It closed at 168⅜, with a net gain of 12⅜ points.

New York Central Gains.

There were few issues that fully recovered from the three to ten point decline of the first hour. New York Central was one exception, declining 2⅛ points and recovering to close with a net gain of 3½ points. General Electric was another, wiping out an early loss of more than three points and closing at a new high of 149, up 3 points. Marland Oil, International Harvester, Montgomery Ward, Lambert and Corn Products were among the others which recovered fully and finished above yesterday's final prices.

The report that the transfer of the control of the Sinclair Consolidated Oil from Harry Sinclair and associates to other oil interests was accompanied by a sharp advance in the Sinclair stock. Closing at 28⅜, the stock showed a net gain of 2⅜ points.

Public Shaken Out.

The net result of the whole market today was that the public following was shaken out to a large extent. At the close the general list was holding steady and resisting the vicious attacks of the well organized bear party. Many issues, however, fared badly on the day and the final quotations showed that the downside had some advantage.

Sears-Roebuck had a net loss of 4¼ points, United States Steel was off 1⅝, Atlas Powder 7½, Du Pont 10⅛, Eastman Kodak 3⅜, Hudson Motors 4¼, Montana Power 2½, United States Cast Iron Pipe 5⅜, United Fruit 2¼, and Wright Aero 2.

It was evident that the ticker system cannot handle such large markets. At times it was as much as 33 minues behand actual trading.

CURB MARKET PLAYS COPY CAT TO BIG BOARD

New York, March 27.—(AP)—Trading on the curb market ran parallel to the trend on the big board today, the market opening strong, slumping badly and then recovering its strength. Total sales of 782,400 shares gave the curb the third heaviest trading day of the year, as well as one of the broadest, the number of issues in trade approximating the record 691 established yesterday.

The close found net changes small, despite wide price fluctuations during the day. A score of issues again reached new high levels, but they were chiefly stocks with a small turnover which had received the buying support that deserted the more active, and particularly the higher priced stocks during the decline.

Safeway Stores, leader of yesterday's advance, today was pounded down 16 points after touching a new high at 496, but recovered its losses and closed up 1 point net. Canadian Marconi was in demand, and with Marconi of London and Spanish and General made a small gain. Bancitaly closed unchanged. American Rolling Mills, Celanese, Lehigh Coal and Navigation, A. G. Spalding, and Tubize Art Silk were forced down 1 to 4 points net. Auburn Auto and Fageol touched new highs on heavy turnovers, but most of the issues reaching new high ground recorded few sales.

The utilities were under pressure. American Gas and Electric, the Blackstone Valley isues, Electric Investors and several others closed 1 to 3 points lower. Pipe lines showed none of yesterday's strength, Cumberland slumping nearly 4 points. Oils, however, were stronger, Gulf advancing more than 1 point.

A BARGAIN FOR A BIG INVESTOR WHO WILL ACT QUICKLY

I have a proposition that in five years should yield per year 1-3 of my asking price today—net income.

My price is $300,000, 1-3 cash within 60 days and the balance to suit.

This proposition must be acted upon quickly.

TOPICS OF FINANCE, TRADE AND INDUSTRY

New issues listed by the governing committee of the Chicago Stock Exchange yesterday are: Chickasha Cotton Oil company, 202,500 shares of $10 par common stock, 100,000 shares of which will be offered today at $47.50; Standard Dredging company, 150,000 shares of no par convertible preference stock to be offered today at $39; Monighan Manufacturing corporation, 40,000 shares of no par class A stock offered at $24.50; United Public Utilities company, 35,000 shares of no par preferred stock and Distributors Discount corporation, $3,500,000 of an issue of $5,000,000 5¼ per cent gold notes.

Alex N. McFayden, former vice president of S. S. Kresge company and general manager of the Metropolitan Dollar Stores, has been made vice president and general manager of the new Schulte United Five Cents to One Dollar Retail Stores, Inc.

The United Glanzstoff company proposes to increase its dividend to 18 per cent for 1927, against 15 per cent for 1926. The company will increase its capital to 75,000,000 marks from 60,000,000, of which 7,500,000 marks common shares will be offered to shareholders in ratio of 8 shares for each one now held at 125.

Directors of the Anglo-Persian Oil Company, Ltd., have omitted the interim dividend on ordinary shares due at this time. A dividend of 7½ per cent was paid on Nov. 14, last.

A. R. Graustein, chairman of the board of International Paper company, was elected president of the Continental Paper and Bag Mills corporation, subsidiary of the former concern.

The Remington Arms company earned $6.53 a share on 50,000 shares of 8 per cent preferred stock in 1927, against $39.88 a share earned on the second preferred, including $1,953,295 income from the nonrecurring royalties, in 1926.

CHICAGO STOCKS SLIP BACKWARD A NOTCH IN ANOTHER ACTIVE DAY

Chicago stocks were irregularly lower yesterday in another exceedingly active session in which total sales were 129,000 shares. Sears Roebuck again was the leader, this time losing 4 points of its 12 point gain of the previous day. The close was 106 after the stock sold at a new high of 110½ before touching a low of 101½.

Wrigley sold down 2 points to 75 despite a statement to stockholders at the annual meeting that business during the first three months of 1928 has shown a good increase over the same period of last year. U. S. Gypsum was down a point, while fractional declines were felt by Borg & Beck, Cutler-Hammer Manufacturing, Zenith Radio and Swift International.

On the strong side, Auburn Automobile led the market with a 3½ point rise to 140½. Balaban & Katz sold up 3 points on the understanding that the annual report to be issued soon will show good earnings for 1927. Kalamazoo Stove and Yellow Cab also advanced 3 points and Acme Steel gained a point. The movement in Yellow Cab was attributed to optimistic remarks made by John Hertz, president. Warner Gear and Middle West Utilities advanced fractionally.

On small sales Great Lakes Dredge dropped 9 points on announcement that serious competition is to enter the middle west dredging field. The new comer is the Standard Dredging company, the stock of which was listed on the exchange after the close. The stock will be offered today at $29 a share, and consists of 150,000 shares of no par preferred, which is convertible into common on a share for share basis.

Net earnings of the Standard Dredging company for the ten months ended Oct. 31, 1927, adjusted to give effect to the financing, were $1,135,480 after all charges and taxes, equal to $9.08 a share on the 150,000 shares of convertible preferred. With the last two months estimated, net profits for the year ended Dec. 31 were $1,472,321 after all charges, reserves and taxes, equivalent to $9.81 a share on the convertible preference stock. Net profits for the year ended Dec. 31, 1926, were equal to $9.55 a share on the same basis.

The consolidated balance sheet as of Oct. 31, 1927, after giving effect to this financing shows net current assets of $2,921,425, compared with current liabilities of $631,909.

Fitz Simmons and Connell Dredge sold down 5 points, while losses of from one to two points were felt by Inland Wire, Morgan Lithograph, Commonwealth Edison, Central and Southwest Utilities, Swift, Evans B, and Celotex.

Montgomery Ward sold up 4⅞, American Ship Building was up 2 points, and All-American Radio advanced a point.

The Company has no funded indebtedness

Oscar J. Martinson, President of the Company, summarizes his letter to us as follows:

History and Business: Monighan Manufacturing Corporation was incorporated under the laws of the State of Illinois in March, 1928, for the purpose of acquiring as a going concern, the business, patents and good will and all the properties and assets of the Monighan Machine Co., incorporated in 1908 under the laws of the State of Illinois, succeeding to the business of the Monighan Machine Works, founded in 1884. From its inception the business has been successful and has been built up primarily out of earnings besides having paid substantial dividends.

The Company is engaged in the manufacture of excavating machinery, and is the exclusive builder of the Monighan Walking Dragline Excavator, on which it holds valuable patents. This machine has unusually large bearing surface and cannot be easily mired, and is well adapted for use in soft and marshy ground and for digging drainage ditches, building levees and railroad embankments, sewer excavations, large tile ditches, and other purposes.

Sales and Profits: The business since its inception has made a profit in every year. The net profits of the Monighan Machine Co. after deducting all expenses, including adequate depreciation and proper deduction for Federal income tax, as certified by Messrs. Ernst & Ernst, were as follows:

Year Ended July 31	Sales	Net Profits Available for Dividends on Common Stock Amount	Per Class "A" Share
1923...........	$877,424.12	$181,236.98	$4.53
1924...........	803,576.62	155,163.29	3.88
1925...........	851,567.67	155,511.45	3.89
1926...........	944,759.59	156,870.82	3.92
1927...........	884,550.75	150,353.34	3.76
5 Year Average.	872,375.75	159,827.18	4.00

Sales and profits were materially affected during the last five months of 1927 by flood conditions in the Mississippi River Valley district. The Company anticipates a large volume of business from this section during the coming years in view of flood relief programs now under way.

Assets: Current Assets as shown in the Balance Sheet, certified by Messrs. Ernst & Ernst, as of February 29, 1928, amounted to $664,832.75, as against current liabilities of $55,033.83, showing current ratio of over 12 to 1. The net assets of the Company exclusive of good will, patents or other intangible assets amounted to $960,056.84, equal to $24.00 per share of Class "A" stock to be outstanding.

Management: The executives largely responsible for the success of predecessor company will continue in charge of its affairs and retain a substantial interest in the Company.

We offer this stock when, as and if issued and subject to the approval of counsel. The Company's accounts have been audited by Messrs. Ernst & Ernst. It is expected that temporary stock certificates will be ready for delivery on or before April 5th, 1928. We reserve the right to reject any and all subscriptions in whole or in part.

CONTINENTAL NATIONAL BANK AND TRUST COMPANY OF CHICAGO, Trustee
THOMAS W. McCOY, Co-Trustee

The Yazoo and Mississippi Valley Railroad Company, one of the principal subsidiaries of Illinois Central Railroad Company and an integral part of Illinois Central System, has leased the railroad section of the proposed bridge for a period of fifty years, renewable at the option of the lessee.

Mr. Harry E. Bovay, President of Vicksburg Bridge and Terminal Company, summarizes his letter dated March 27, 1928, as follows:

Capitalization

	Authorized	Outstanding
First Mortgage 6% Sinking Fund Gold Bonds (this issue)........	$5,500,000	$5,000,000
20-Year 7% Sinking Fund Gold Debentures..................	2,000,000	2,000,000
Common Stock (No Par Value)................................	60,000 shs.	60,000 shs.

Business: Vicksburg Bridge and Terminal Company, a Delaware corporation, will construct, own and operate a combined railroad and highway bridge across the Mississippi River at Vicksburg, Mississippi. This bridge will form a very important link in one of the principal east and west connections between southern trunk-line railway systems. Railway traffic has been ferried across the Mississippi River for many years at Vicksburg, and this crossing point has therefore been definitely established. Upon completion of this bridge, two car-ferries and other necessary appurtenances, having a value in excess of $500,000, will be abandoned by Illinois Central System, which further agrees to use this bridge exclusively for handling trans-Mississippi traffic in the vicinity of Vicksburg.

The lease provides that the lessee shall pay toll monthly for each car crossing the bridge according to the following per annum schedule: $2.75 each for the first 125,000 cars; $2.50 each for the next 25,000 cars; $2.00 each for all cars in excess of 150,000.

Based on the actual number of railroad cars ferried across the Mississippi River at Vicksburg during 1926, and anticipated normal increases of traffic, it is estimated that during the first year of operation the revenue derived from The Yazoo and Mississippi Valley Railroad Company lease alone will be sufficient to pay all operating expenses of this bridge and interest charges on this issue of First Mortgage Bonds. For the first ten years of operation, the average annual gross earnings from railway traffic are estimated to be $509,150.

Vicksburg is also a well established crossing for vehicular traffic, two ferry boats being maintained in constant service for this purpose. The highway portion of this bridge will accommodate two lanes of vehicular traffic, and will enable an average saving in crossing time of over half an hour. For the first ten years of operation, the average annual gross earnings from highway traffic are estimated to be $412,500.

Territory: Vicksburg, Mississippi is situated on the east bank of the Mississippi River about halfway between Memphis and New Orleans. It is surrounded by a rich agricultural country, and enjoys excellent railroad facilities except for the necessity of crossing the Mississippi River by ferry. Vicksburg is one of the natural east and west gateways in the Mississippi valley and the territory tributary to the bridge includes the States of Mississippi, Louisiana, Alabama, Arkansas, Florida, Georgia, North and South Carolina, Oklahoma, Texas and Virginia, having a combined estimated population of 26,500,000.

Property: The bridge will be of steel, cantilever type, with massive reinforced concrete piers approximately 7,500 feet between approaches. Together with approaches the entire length of the bridge will be about 15,300 feet, or about 2.89 miles. Messrs. Harrington, Howard & Ash have prepared all designs of the bridge and United Engineers & Constructors Inc., American Bridge Company and The Virginia Bridge & Iron Company will erect the substructure and superstructure.

Security: These bonds will be secured, in the opinion of counsel, by a first mortgage on all the physical property and other assets of the Company, now owned or hereafter acquired, including all rights and franchises. The valuation of the bridge, approaches and rights of way, as determined by Messrs. Harrington, Howard & Ash, is substantially in excess of the total funded debt presently to be outstanding.

Earnings: Coverdale and Colpitts, Consulting Engineers, have completed a detailed study of anticipated income from railway traffic and Messrs. Ford, Bacon & Davis, Inc., Engineers, from highway traffic, based upon which it is conservatively estimated that average annual net earnings during the first five years of bridge operation will exceed 2.4 times the average annual interest requirements of the First Mortgage Bonds for such period and that average net earnings during the entire life of these bonds will exceed 5.3 times average annual interest requirements to maturity.

Sinking Fund: The Trust Indenture under which these First Mortgage 6% Bonds will be issued, will provide for an annual sinking fund commencing March 1, 1932, payable out of net earnings, calculated to retire this issue at or before maturity.

These bonds are offered when, as and if issued and received by us and subject to the opinion of counsel. All legal proceedings pertaining to this issue will be passed upon by Messrs. Winston, Strawn & Shaw, Chicago. It is expected that the bonds in temporary or definitive form or interim receipts therefor of Continental National Bank and Trust Company of Chicago will be ready for delivery on or about April 10, 1928.

These Bonds are listed on the Chicago Stock Exchange

The Final Product of Every Manufacturer

The final product of your organization is—Accounts Receivable. Unless they can be collected, your manufacturing operations are profitless. So why not safeguard these precious book accounts, with

American Credit Insurance

In the last analysis, your business consists of converting money into the product you make, and then lending it to customers for 60 or 90 days. It's really your *money* you are lending them, and if they fail, *you* lose.

American Credit Insurance provides absolute security for these loans. It protects you against the failure of any highly-rated customer—always an unexpected event. It gives you the use of a country-wide Collection Service. It increases the efficiency of your credit department.

Full particulars upon request.

THIS IS ONE OF A SERIES OF ADVERTISEMENTS DISCUSSING THE PRESENT INVESTMENT OPPORTUNITIES IN SIX STANDARD CLASSES OF SOUND BONDS, INCLUDING INDUSTRIAL, PUBLIC UTILITY, REAL ESTATE, RAILROAD, MUNICIPAL, AND FOREIGN

Industrial Bonds

STRONG and well-managed industrial corporations constitute one of the greatest factors in the commercial prosperity of the United States; and a well-balanced investment list should contain a certain proportion of securities of the larger industrial corporations.

In recent years it has become more and more apparent that one of the most important factors in industrial prosperity is Management; and successful investors are inclining more and more to the choice of industrial securities of the larger corporations which are firmly established in basic industries and which have conspicuously able and conservative management.

The current list of Lawrence Stern and Company includes the following carefully selected industrial bonds:

SECURITY	RATE	MATURITY	APPROX. YIELD
Westinghouse Electric & Mfg. Co.	5%	Sept. 1, 1946	4.80
Inland Steel Company	4½%	April 1, 1978	4.75
Standard Oil Co. of N. Y.	4½%	Feb. 15, 1929-35	4.05 to 4.37
Chile Copper Co.	5%	Jan. 1, 1947	5.25
National Dairy Products Corp.	5¼%	Feb. 1, 1948	5.17

This company urges upon its clients a careful diversification of their investments among different classes of securities in order to obtain the maximum of safety. However, we wish to call particular attention to the current opportunities for investment in the industrial field, and suggest to investors that they may find it worth while to check over their lists of securities with care, from the point of view of ascertaining whether the addition of some of the excellent industrial securities now available might not strengthen their position.

We shall be glad to send circulars describing any of the above issues—or outline additional opportunities in the industrial field—upon request.

Accrued Interest to be added

Dated April 1, 1928. Principal and semi-annual interest (October 1 and April 1, payable at the office of the Trustee in New York. Coupon Notes of $1,000 and $500 denominations registerable as to principal. Interest payable without deduction for the Normal Federal Income Tax not exceeding 2%. The Company will agree to refund to holders of the Notes, residents in such States, respectively, upon proper application within sixty days after the payments thereof, the Pennsylvania 4 mills tax, the Connecticut Personal Property tax not exceeding 4 mills, the Maryland 4½ mills tax, the California and Kentucky 5 mills Personal Property taxes, the Kansas 5 mills tax, the Iowa 6 mills Moneys and Credits tax and the Massachusetts and Oregon Income taxes on the interest thereon not exceeding 6% of such interest per annum. Redeemable at the option of the Company as a whole or in part (but if in part, only in the inverse order of maturities) upon 60 days' notice at 101 and accrued interest. Trustee: The Chase National Bank of the City of New York, New York.

The Company has agreed to apply, in due course, for the listing of the last maturity on the New York Stock Exchange.

The following information is summarized from a letter furnished by D. L. Tilly, Executive Vice-President of New York Dock Company, to A. B. Leach & Co., Inc. and Halsey, Stuart & Co., Inc.:

BUSINESS: New York Dock Company was organized in 1901 under the laws of the State of New York. The Company embraces the largest warehouse and pier system in the Western Hemisphere. It owns over 180 acres of land and waterfront property, extending 2½ miles directly opposite the lower end of Manhattan Island. The properties include 34 steamship piers, 106 storage warehouses, 67 industrial buildings and 3 freight terminals. More than 20 steamship lines, serving ports of practically all foreign countries, regularly use a number of the Company's piers under lease. Extensive facilities for the storage of general merchandise are provided in bonded and free warehouses having a floor area of more than 88 acres. Cold storage facilities are also available. The 67 industrial or manufacturing buildings contain approximately 47 acres of floor space. An additional 10 story industrial building is now in course of construction.

Throughout the greater part of the property, New York Dock Railway provides railroad transportation from the three freight terminals thereon where, by adequate car-float systems, direct interchange of cars is provided with ten trunk line railroads, thereby giving rail transportation connection with the entire railroad system of United States, Canada and Mexico.

EARNINGS: The earnings of the Company for the calendar years 1919-1926, as reported by Messrs. Barrow, Wade, Guthrie & Co., and for the twelve months ended November 30, 1927, as reported by the Company, are summarized as follows:

	12 mos. ended Nov. 30, 1927	Calendar year 1926	1925
Total Revenues including Other Income	$3,950,262	$3,683,012	$3,608,517
Operating Expenses, Maintenance and Local Taxes	2,184,083	2,071,396	2,154,867
Balance before Interest, Depreciation and Federal Taxes	$1,766,179	$1,611,616	$1,453,650

These earnings reflect no benefit from the use of the proceeds of this $10,000,000 issue, which should considerably augment present earning power.

For the eight years 1919 through 1926 such balance has averaged $1,784,954 per annum. The annual interest requirement on total outstanding funded debt including this issue will be $1,002,000, and after deduction from such average of the annual interest requirement on the outstanding first mortgage bonds, there remains a balance of $1,282,954 against maximum annual interest requirement of $500,000 on these Notes.

BALANCE SHEET: The Balance Sheet of the Company as of November 30, 1927, after giving effect to this financing, as prepared by Messrs. Barrow, Wade, Guthrie & Co., shows tangible assets of $42,691,182, after deducting all liabilities other than funded debt. Total funded debt of the Company in the hands of the public, including this issue, will be $22,550,000. Real property, including land and improvements, is assessed for taxes by the City of New York at over $27,000,000.

INDENTURE PROVISIONS: The Trust Indenture under which the Notes are to be issued will provide, among other things, that while any of these Notes are outstanding (a) the Company will not create any mortgage lien on its real property, buildings or structures other than the lien of the existing First Mortgage; (b) no mortgage lien will be created on the real property, buildings or structures of subsidiaries, except subject to conservative restrictions and limitations to be contained in the Trust Agreement; (c) neither the Company nor any of its subsidiaries will create any debt maturing one year or later from the date thereof, except mortgages of subsidiaries above referred to; (d) no dividends (except stock dividends) will be paid on the capital stock of the Company except from earnings subsequent to December 31, 1927.

GENERAL: The first mortgage bonds and both classes of capital stock of the Company are listed on the New York Stock Exchange. At the present market, these first mortgage bonds are selling at a price to yield about 4.75%.

The business of the New York Dock Company is handled by a corps of executives and employees who have had years of experience in the conduct of this business.

Legal proceedings in connection with the issuance of these Notes will be passed upon by Chadbourne, Stanchfield & Levy, Esqs., for the Bankers and Davies, Auerbach & Cornell, Esqs., for the Company. Books and accounts of the Company are regularly audited by Messrs. Barrow, Wade, Guthrie & Co. We offer these Notes when, as and if, issued and accepted by us, and subject to the approval of counsel. It is expected that delivery of Notes in temporary or permanent form will be made on or about April 18, 1928, at the office of A. B. Leach & Co., Inc., 57 William Street, New York, N. Y., against payment therefor in New York funds.

Phillips Petroleum.

W. P. G., Nokomis, Ill.—Phillips Petroleum company reports consolidated net profits of $4,937,931 for 1927, as compared with $21,407,708 for 1926.

This is equal to $2.06 a share earned on 2,394,571 shares of no par capital stock in 1927, against $8.89 a share on 2,407,082 shares earned in 1926.

After payment of dividends there was a deficit of $2,223,694 for 1927, comparing with surplus of $14,189,300 in 1926.

Total earned surplus stood at $28,235,999 at the end of 1927.

Current assets were $29,806,790, and current liabilities $4,540,498 at the end of 1927.

This left net working capital of $25,266,292, which compares with $10,248,729 at the close of 1926.

The dividend has been reduced from a $3 to a $1.50 annual basis by the declaration of a quarterly dividend of 37½ cents, payable April 2, 1928, to stock of record March 15.

The stock deserves just a fair rating at present and is quite speculative.

Dated April 1, 1928 Due April 1, 1930 to 1938

Interest payable without deduction for Federal Income Tax not in excess of 2%. Redeemable on any interest date in whole or in part on thirty days' notice at 102 and accrued interest on or before October 1, 1934, premium decreasing ½ of 1% during each succeeding twelve month period or fraction thereof to final maturity.

CHICAGO TITLE AND TRUST COMPANY, CHICAGO, TRUSTEE

A letter from Mr. William G. Bohnsack, President of the Company, is summarized as follows:

PROPERTIES: The Bohnsack Brick Company owns 43 acres of clay land located southwest of the junction of Irving Park Boulevard and the River Road. On this property a modern fire-proof brick manufacturing plant is being constructed which will have a capacity of 75,000,000 brick annually and is expected to be in operation by June 1, 1928.

SECURITY: These bonds will be secured, in opinion of counsel, by a closed first mortgage on all land and buildings, machinery and equipment located thereon now owned or hereafter acquired. The values of these properties upon completion of plant now under construction as shown by independent appraisals, not including value of clay deposits, will be:

Land	$129,000.00
Buildings and Equipment	387,519.10
	$516,519.10

Value of land and clay deposits has been appraised by Coats & Burchard Company, independent appraisers, at $415,000.00, based on a probable life of 25 years.

GUARANTEE: These bonds are additionally secured by the unconditional guarantee by endorsement of Mr. William G. Bohnsack, President and Treasurer, and Mr. Louis E. Pfeifer, Vice-President, both as to principal and interest.

EARNINGS: Net earnings of the Company available for interest, as certified by Messrs. Frazer and Torbet, after Federal Taxes but before depreciation and depletion, eliminating annual rental payments which will be done away with in new plant and fire loss incurred in August, 1927, have averaged over six and two-thirds times maximum interest requirements for the last five calendar years and for year ending December 31, 1927, were over five times interest requirements.

PURPOSE: The proceeds of this issue will be used by the Company to complete the construction of the new plant and for other corporate purposes.

MANAGEMENT: The management of the Company will be under the direction of Mr. William G. Bohnsack, President and Treasurer, and other officers all of whom have been with the Company since its organization.

SINKING FUND: The Trust Indenture will provide for a Sinking Fund which it is estimated will retire the entire issue prior to final maturity.

These bonds are offered when, as and if issued and received by us, subject to approval of Messrs. Dent, Dobyns & Freeman for the Bankers; and Messrs. McKinley & Price for the Company. Audits by Messrs. Frazer and Torbet, Chicago.

CAPITALIZATION

	Authorized	Outstanding
Capital Stock ($10 Par Value)	600,000 shares	202,500 shares

Mr. R. K. Wootten, President of Chickasha Cotton Oil Company, summarizes his letter to us as follows:

HISTORY—The Chickasha Cotton Oil Company was originally incorporated under the laws of the Territory of Oklahoma in 1900 with an initial authorized capital of $100,000. In 1919, however, it became a Delaware corporation and it is now operating under the charter which it obtained at that time.

Of its present capital $750,000 has been paid in by stockholders and the balance has been accumulated through earnings. Upon the completion of this financing there will be outstanding 202,500 shares of Capital stock of the company ($10 Par Value).

BUSINESS AND PROPERTY—The company is engaged in the manufacture and sale of cotton seed oil, cotton lint, baled cotton, felt, cotton seed meal, cotton seed cake and cattle feed. Oil, the principal product, is sold to such well known concerns as Armour & Co., Swift & Co., Wilson & Co., Cudahy Packing, Palmolive Peet Co., Procter & Gamble and others. The meal, cake and cattle feed are sold, insofar as it is possible, direct to the consumer under the company's own trade names of Chickasha Prime and Chickasha Quality brands. Cake and mixed feeds are marketed under the name Chico. A considerable part of the products are sold to patent feed concerns, among which appear the names of Ralston Purina Co. and Quaker Oats Co. The lint and felt are sold to furniture and automobile manufacturers, such as Simmons Co., Burton-Dixie Corporation, Ford Motor Car Co., Yellow Truck and Coach Co. and others.

In order to carry on the cotton seed oil and cotton seed products business successfully, good plant facilities are absolutely essential. In this respect Chickasha Cotton Oil Company is particularly fortunate in that its plants are located advantageously for a steady and successful growth of the company's business.

In addition to eight cotton oil mills the company owns, or controls through stock ownership or otherwise, approximately one hundred thirty cotton gins located at strategic points throughout Oklahoma and Texas, centering at Chickasha. Located advantageously in the same territory is a cotton oil refinery with storage tanks for both crude and refined oil, a felt plant, storage warehouses and cattle feed pens. It also operates gin equipment stores and some time ago organized its own gin insurance company, which has been the means of reducing the cost of its insurance considerably.

The character of the business is highly seasonal and at the peak of its season the Company makes use of temporary borrowings through its active banks and commercial paper broker. These loans are rapidly liquidated, however, so that nothing has been owing for borrowed money on any of the past six fiscal dates. Its active bank accounts are with the Illinois Merchants Trust Co., of Chicago; The Guaranty Trust Company of New York and the National Bank of Commerce of New York; the National Bank of Commerce of St. Louis; The American First National Bank of Oklahoma City, and the Oklahoma National Bank of Chickasha.

MANAGEMENT AND CONTROL—The same management which founded the business owns a substantial proportion of the stock and will remain in the control and management of the Company's affairs. The individuals are thoroughly experienced in this line and the organization is a capable one. The bankers will also have representation on the Board of Directors.

The directors who form the Executive Committee are R. K. Wootten, E. T. Guymon and R. K. Wootten, Jr.

EARNINGS—The Chickasha Cotton Oil Company has made a profit in each one of the twenty-eight years of its existence excepting the fiscal year ending in 1921, when there was a small loss in the general period of deflation after the war.

The average earnings for the past four years, as reported by Arthur Young & Co., were $1,195,000, and the earnings for the year ending June 30th, 1927, were $1,446,905.95. The earnings of the Company for the first seven months of its present fiscal year were $632,956.65.

CURRENT POSITION—Current assets on June 30, 1927, amounted to $3,814,940.77 or more than eight times current liabilities, which were $452,138.62. Cash alone was over three times current liabilities.

DIVIDENDS—In the past the dividend policy of the Company has been favorable to its stockholders. Beginning July 1, 1928, the management will inaugurate quarterly dividends on this stock at the rate of $3.00 per share per annum.

We offer this stock when, as and if accepted by us, subject to the approval of our counsel. The Company's accounts have been certified by Messrs. Arthur Young & Co., Certified Public Accountants. It is expected that temporary certificates will be ready for delivery on or about April 5, 1928.

GEN. ELECTRIC CO. REPORTS RECORD EARNINGS IN 1927

BY O. A. MATHER.

One reason for the recent advance in General Electric stock was revealed last night when the company issued its annual report showing the largest earnings in its history. This record was made in spite of the fact that sales were about 5 per cent below 1926, the decrease being offset by operating economies and other income.

The company received orders totaling $309,784,623 last year, compared with $327,400,207 in 1926; net sales billed were $312,603,771, compared with $326,974,103; and unfilled orders at the end of 1927 were $68,916,000, compared with $72,297,000 at the close of 1926. Net income was $48,799,488, equivalent after special stock dividends to $6.41 a share on 7,211,481 shares of no par common stock, compared with $46,672,498, or $6.14 a share in 1926.

$34,251,774 Dividends Paid.

The company last year paid cash dividends totaling $34,251,774 on the common stock, after which $11,973,267 was carried to surplus, which now stands at $115,096,616. In 1926 cash dividends totaled $19,828,896, and a dividend in special stock amounted to $7,210,810, after which $17,275,177 was added to surplus. The balance sheet as of Dec. 31, 1927, shows current assets of $252,668,341, compared with $264,065,167 at the end of 1926; and current liabilities of $33,147,448, compared with $35,537,452.

The company had 49,841 stockholders at the end of last year, an increase of 3,536 during the year. The average annual earnings of its employés were $1,792, compared with $1,770 in 1926. On the other hand, the report says the trend of selling prices of the company's products continued downward as the result of improved manufacturing methods and keen competition.

Willys-Overland Prospers.

The Willys-Overland company's annual report, also issued last night, affords a reason for the increase of the market price of its stock. The company last year sold 184,127 automobiles, compared with 179,103 in 1926. Net profit was $6,341,519, equivalent after preferred dividends to $2.04 a share on the 2,526,684 shares of $5 par common stock. No common dividends were paid but surplus was increased to $30,243,998. Net profit for 1926 was $1,819,689, or 23 cents a share. The balance sheet as of Dec. 31, 1927, shows current assets of $35,718,617 and current liabilities of $7,287,019.

"In the first quarter of 1928 car sales were 42 per cent more than last year, breaking every record in company history," the report says. "March shipments will exceed by 4,000 any month in twenty years' existence. The schedule for April, the highest on record, is fully underwritten by orders for immediate shipment."

Improvement by American Woolen.

The American Woolen company also made a better showing last year, although it again failed to earn its preferred dividend, which was discontinued in June. Net profit for 1927 after charges was $600,112, equivalent to $1.20 a share on the preferred stock. After paying the first quarter preferred dividends, the year's results showed a deficit of $421,596 and surplus was reduced to $15,175,425. The company had a loss of $4,225,845 in 1926 and a deficit of $7,727,595 after dividends.

EARLY DECLINES IN WHEAT ERASED CORN IS LOWER

BY CHARLES MICHAELS.

Aggressive commission house buying of the new crop wheat futures, with talk that the coming private reports would show a condition of probably under 70, compared with 84 on Dec. 1, was responsible for a bulge of 1⅛@1½c after an early break. The close was well toward the top with the new crop months ¼@⅜c higher, and the old crop futures ⅛c higher on March and ⅛c lower on May. Corn broke badly early only to rally later and close ⅜@½c lower, while oats were ⅛@½c lower, and rye ⅛c higher to ⅛c lower.

There was selling of wheat early on the disappointing Liverpool cables and the forecast for rain in Kansas, but bearish news had little effect later, as strong commission houses were good buyers of the deferred futures, and was followed by local buying and short covering. There was some selling of July and buying of May toward the last by spreaders.

Liquidation was on in corn early with a break of 1⅜@1⅝c from the finish of the previous day, with stop loss orders caught on the way down. On the break there was free buying by shorts and holders of bids, and the early loss was fully recovered at one time, with the market easing again toward the last.

Little was heard regarding export demand for corn from abroad, and business for deferred shipment was regarded as impossible in view of the low figures quoted for Argentine. Buenos Ayres was off ½c and Rosario 1@1⅝c for the day. Spot basis here was steady to 1c higher.

Longs sold oats freely early, with the offerings absorbed by shorts and a strong rally came toward the last in sympathy with other grains. Wet weather has checked field work. Rye market was influenced largely by the action of wheat. The seaboard reported 150,000 bu sold for export.

WORLD'S GRAIN MARKET NEWS

Interest in crop damage reports in the middle west is increasing, and there is a steady accumulation of July wheat on all breaks in a way that brings sharp rallies. This tends to create a bullish sentiment and an increasing disposition on the part of traders to caution in selling whenever the market shows signs of weakness.

* * *

The wheat situation based on new crop prospects as seen by one of the oldest operators in the southwest is one where prices might advance 20c without any of the trading making money.

* * *

May wheat met good support at the last by interests who were willing to take it and sell July around 1½c difference. Considerable selling of May was on by operators who based their trades on prospects of wheat being brought here from Duluth late in April for delivery on May contracts.

Hogs moved slowly at the previous day's decline, with over 30 per cent of toal offerings still in the pens at the close. Fresh receipts at 27,000, second smallest of the year, barring Wednesdays and Saturdays, were 16,500 under the Tuesday average supply so far this year. Top and general average prices stood at $8.55 and $8.00, respectively, against $8.50 and $8.00 a week earlier. Large local packers were in a bearish mood and obtained only small numbers, leaving 14,000 at the close.

Cattle sold strong to 25c higher under brisk competition yesterday, choice 1,294 lb Nebraska beeves selling at $14.50, the day's top. Some 977 lb yearlings reached $13.65 and some 1,079 lb averages $13.80. One of the river markets quoted 1,488 lb steers at $14.50. Butcher stock shared in the full advance, baby beef heifers averaging 818 lbs, bringing $13.35. There was a scramble for veal calves for the Easter trade at sharply higher prices, best selections upwards to $16.50 showing gains of as much as $2.00@3.00.

Lamb Decline Checked.

Reduced receipts checked the decline in killing lambs yesterday, holding the top at $17.00, with most of the best selections at $16.75@17.00 and extreme weights $14.75@15.25. Aged and yearling sheep were in demand at steady prices, handy ewes selling at $9.75. Fancy lambs without fleece averaging 70 lbs, went to Wilson for Easter trade at $14.75. Fleshy 75 lb lambs, suitable for shearing and 4 to 6 weeks on feed went to country buyers at $16.75.

COTTON CLOSES LOWER

After showing fair strength and gains ranging up to 12 points around midday yesterday, the cotton market met selling on reports of further curtailment by cotton mills. Production in Fall River was said to be at the rate of 25 per cent of capacity and many mills in Georgia are said to be reducing operations to 30 and 40 hours a week.

These influences were, in a measure, offset at the last by reports of high winds in Texas drying up the surface moisture and by indications that the entire state needs rains.

Liverpool closed 1 point higher to 1 point lower, with spot sales 7,000 bales.

At the close futures were unchanged to 12 points lower in Chicago and unchanged to 13 points lower in other markets. Spots were unchanged, with New York 20c, New Orleans, 19.60c; Houston, 19.60c, and Galveston, 19.70c. Prices follow:

LARD TRADE LIGHT

Scattered buying of lard futures met ample selling by packers and warehousemen, and the market was easy, the close being unchanged to 2½c lower. Hog supplies were fair and below last week's and last year's, yet the market closed weak. Liverpool was unchanged. Export clearances were 3,539,000 lbs, which is said to be mainly consigned.

It was said that a packer bought 600,000 lbs dry salted bellies late on Monday, and trade in futures on Tuesday was better, with net gains of 2½@7½c. Short ribs were 2½c higher. Exports were 867,750 lbs. Prices follow:

VARIED ELECTRIC RATES FAIL TO AROUSE PUBLIC

BY HARPER LEECH.

Twenty big industrial and transportation consumers in Chicago use as much electric current as over three quarters of a million household consumers, they use it more continuously and they get it at a vastly lower price. There are towns in America, where one industrial consumer uses more current than all the others, and there are some cases in which the big fellow gets his current so close to cost that it takes some clever accounting to figure that he actually pays what it's worth.

Yet the people do not protest. The utilities have never had to exert themselves to defend such rates, as they have had to present their case on other matters.

* * *

As a matter of fact, power companies are more popular in these days of varied rates than in the period in which they served nearly everybody with light at the same rate and had little other business. Traction companies have always charged everybody the same fare and have had political grief all the time. When gas companies were illuminators and had one lighting rate, they were less popular than they are today with low rates for the big industrial user and higher rates for the kitchen range.

Why is this? It presents a problem in mass psychology.

Mr. Henry L. Mencken's imitative school would tell us that envy is the great motive force of democracy. By all the rules of practical politics it would be useless to attempt to explain to the masses of the voters a complex technical and economic proposition such as the justification of electric rates low enough for the big fellow to encourage industry, high enough for the little fellow to insure power company solvency. Here one would imagine there would be a great opportunity for the politician to dust off the old slogans of Liberty, Equality, and Fraternity and have at the octopus—but the American booboise can't be hustled to the barricades on that issue, although it has fought valiantly for five cent fare when car rides cost a lot more than that to produce.

* * *

Back of these puzzling inconsistencies of popular thinking and feeling lies a very powerful social instinct — respect for the other fellow's job. That mental habit is both the strength and weakness of trade unionism.

Undoubtedly it is responsible for the ready popular acquiescence in the protective tariff.

Explain to the masses that a power rate produces jobs and pay rolls—and that is usually enough.

BUTTER AND EGG FUTURES

Realizing sales by holders of March storage butter forced prices off 1c to 46¼c, with the close at 46⅜c. The open interest at the close Monday was 250 cars. April fresh standards closed ⅛c lower at 42⅝c. Total sales were 119 cars.

Fresh eggs for March delivery declined ⅜c and closed at 24⅛c. April storage packed firsts gained ⅛c to 28⅛c; May, ¼c higher at 29c; June, ⅛c lower at 27¾c; November refrigerators easier at 32⅝c. Total sales, 166 cars, with receipts 29,934 cases.

New Proposal Submitted for Rail Merger

Washington, D. C., March 27.—(AP)—A second proposal for the consolidation of three principal trunk line railroads in southwestern territory was presented today to the interstate commerce commission. The Missouri-Kansas-Texas railroad sought the commission's approval for its acquisition of control of the Kansas City Southern and the St. Louis Southwestern systems, under an arrangement for transfer and purchase of stock.

If authorized to proceed with the merger, the application said, the Missouri-Kansas-Texas company would undertake to treat short line railroads in its territory under such conditions as the commission might direct.

The proposal brought forward would result in a fusion of the three railroads along a somewhat different line than that suggested two years ago by L. F. Loree and his associates, which met with the commission's disapproval.

The first merger project called for the amalgamation of the three roads under the leadership of the Kansas City Southern. The plan today called for the sale by the Kansas City Southern of 330,900 shares of Missouri-Kansas-Texas stock which it now owns. The Missouri-Kansas-Texas thereafter proposes to acquire 210,000 shares of Kansas City Southern preferred, and 299,599 shares of Kansas City Southern common, giving in exchange new stock of the Missouri-Kansas-Texas.

WESTERN UNION IN U. S. VALUED AT $84,995,384

Washington, D. C., March 27.—(AP)—Property of the Western Union Telegraph company located within the United States was tentatively valued today by the interstate commerce commission as of June, 1919, at $84,995,384. The company's capitalization on the same date was $129,792,726, and its book investment was $155,459,119.

The commission's total valuation excluded any reference to the submarine cable system of the Western Union company, which is located outside of continental United States and consequently is without the commission's jurisdiction.

Company Protests.

New York, March 27.—(AP)—The Western Union Telegraph company today issued a statement disagreeing with the interstate commerce commission's tentative valuation.

"Before the commission announces its finding of final value hearings will be held," the statement said. "The company will present evidence in support of its claims after which judicial review is still available to the company if its property rights are not justly recognized by the commission."

JUGGERNAUT

By Alice Campbell

SYNOPSIS.

Esther Rowe, a young nurse, having accompanied an invalid from the United States to Cannes on the Riviera is about to return to New York when she sees an advertisement in the paper for a nurse and doctor's assistant and she decides to apply for the job in order to spend a little time in Cannes.

While waiting for an answer to her application to Dr. Sartorius Esther treats herself to tea at the fashionable Restaurant des Ambassadeurs. She becomes interested in the conversation of a beautiful French woman and her escort, an Englishman, who sit at the next table. On returning to her hotel Esther finds a note from the doctor asking her to report in the morning.

The beautiful French woman of the restaurant comes to see Dr. Sartorius and Esther learns that she is Lady Clifford. A few days later her husband Sir Charles Clifford is stricken with typhoid fever and Dr. Sartorius gives up his practice and laboratory work to devote himself exclusively to Sir Charles. Esther is taken on the case as day nurse.

Roger Clifford, Sir Charles' only son, arrives in Cannes. Sir Charles tells his son that he has changed his will, to the extent of making him executor and trustee of the whole estate. Roger is attracted to Esther and invites her to dine and dance with him. They go to one of the fashionable restaurants in Cannes.

On returning to the house Roger comes upon his step-mother in the darkened drawing room with Arthur Holliday who has been paying Lady Clifford some attention. Roger orders Holliday to leave the house.

The next day Sir Charles breaks the news to his wife that he has named his son executor of his estate in his will. Lady Clifford flies into a rage.

Shortly afterwards Roger complains of a headache and his aunt, Miss Clifford, offers him one of her remedies. In trying to open the bottle Roger breaks it and cuts his hand. Esther is called in to bind up the cut and in her haste she mislays the doctor's hypodermic needle, which he has just used on Sir Charles. The doctor is unwarrantably angry with her over this carelessness. Two days later Sir Charles dies. Esther finds the needle and instead of returning it to the doctor she has it analyzed. Lady Clifford dismisses her but before she leaves she gets the report from the chemist that the hypodermic needle contained typhoid germs. As she is about to warn Roger she is attacked and taken from the house unconscious. Sometime later she awakens to find herself in Dr. Sartorius' laboratory. The doctor and Holliday come in and she feigns unconsciousness. She hears the doctor say that he will have to dispose of her as she is the only one who knows that he killed Sir Charles. He also tells Holliday that he will have to finish off Roger too in order that Therese will inherit all of the Clifford fortune.

INSTALLMENT LII.

DISCOVERED.

What sound was that? The noise of ringing. Was it within her own brain? No, thought Esther, surely not, it was the bell downstairs, a loud, persistent peal. Not the telephone, no, it must be the front door bell.

An annoyed exclamation came from the doctor.

"I'll have to answer that, it won't do to leave it."

A little click as the needle was laid down, then the retreating steps of both men, out of the room. The door closed, the key turned mechanically. Esther could hear the doctor's heavy steps lumbering all the way down to the bottom floor, while she fancied Holliday remained on the stairs.

Cautiously she opened her eyes and moved her cramped limbs a little. What difference could it make now if they knew she had been awake? On a table at her side she saw the hypodermic syringe, fully charged, lying beside a glass of water. She stared at them fascinated.

"Stop!"

Suddenly an idea came to her, the wildest idea conceivable, not one chance in a million of its succeeding, yet now in the face of extinction anything was worth trying. She had nothing to lose. Quick as lightning she seized the needle, squirted its contents on the floor back of the bed, then with the same speed refilled it from the tumbler. She laid it down again exactly as it had been before, looked to see that there were no drops spilled. Then once more she lay down, trying with metriculous care to resume her former posture.

She lay still and counted to keep from going mad. One, two, three, four, slowly, more slowly still, so as to make sixty counts equal a minute. One never could do that, one always went too fast. She had counted three minutes when the front door closed below and returning footsteps mounted the stairs. One flight, two flights . . . the key rasped, the boards creaked, she heard Sartorius saying:

"You see now, that is the sort of thing one must be prepared for. Suppose no one had been here? Those asses would have gone back to the agent's and got a key, or else some fellow from the office would have come back with them to show them the house. Just the same I want you to telephone the agent's office that I've changed my mind about subletting."

He was now at her side. Would he notice anything wrong?

"She's about to come to. I thought that dose wouldn't last long."

She heard him pick up the needle. Now . . . what was happening? Was he examining it? . . . An agonizing pain in her upper arm reassured her. She was prepared for it to hurt worse than an ordinary injection, plain water did. She bore the torture without a quiver, holding her breath until she heard the doctor move away.

The tap ran. Esther knew that he was methodically washing out the bottle that contained the deadly culture. Another hour, perhaps less, and no power could save Roger from a torturing death, not even the certainty of who had caused it. Once an invisible touch of the villainous stuff penetrated the raw tissues of the wound it would work its way straight into the bloodstream. Soon, very soon, afterwards the jaw muscles would begin to stiffen!

"Come, I have no time to lose. Lock the door behind you."

The light was switched off, the door closed, she was alone once more, this time, in almost complete darkness. Again she trained her ears upon the retreating steps, afraid yet to move her cramped muscles. The punctured arm throbbed and smarted painfully, every nerve in her body was stretched like a fiddle string. Finally, far below, sounded the door's slam, a moment later, in front of the house, the whir of a starting engine vibrated upon the night air. The doctor was gone. Now or never, quick, not an instant to waste, every second lost lessened her slender chance of reaching the villa in time, or by telephone. Her plan was laid, she had no need of further deliberation. First, crossing the floor on tip-toe, she turned on the light. She was afraid to do this, but it was necessary, and the chances were that Holliday would not spy the tell-tale crack of light that would show under the door without coming to the enclosed well of the staircase. Next she climbed upon the chair again and unpinned the curtains. When the curtains lay in a heavy pile she was forced to rest a moment on top of them before attempting to continue.

She found a knife and slit the tough fabric into strips, five lengths each, then tied the ends together, tightening the knots as well as she could. She had little idea of how far the improvised rope would reach, but it seemed fairly long when it was done. She began to think it would mean everything to get outside the house, whether she were injured or not. She had at least a chance of attracting some passer-by's attention before Holliday could discover she was gone and drag her back to her prison. Gathering up her lead rope she listened again. No sound whatever save the drip-drip of the tap in the corner. Laboriously she climbed to the top of the table, pulled the light chair up after her, planted it firmly beside her. Then she examined the skylight once more, deciding that if it were open she could manage to get her body through the central section, provided she had the strength to hoist herself up that high.

With infinite caution she undid the hasp and pushed open the casement, afraid lest the rusty, scrunching sound should penetrate to the lower floors. She shot out the iron rod to its full extent and fastened it, then turned to search for something to which she could secure the end of her rope. There was a wooden shelf against the wall supported by iron brackets. Perhaps one of these brackets would serve, though she was afraid that her weight pulling suddenly upon it would tear out the screws from the plaster. There was nothing else close enough, she must trust to its holding firm. She made fast the rope's end, then with haste but noiselessly began removing the row of bottles from the shelf and setting them down on the table beside. She must get them out of the way, for it would be necessary for her to step upon the shelf in order to climb up to the opening, there being nowhere else to set her foot. Five, six, seven bottles she put down. The eighth, a small one, had an uneven bottom. Before she knew what had happened it overbalanced, rolled over and over towards the tables's edge. She tried to catch it, but could not reach it in time. Before her agonized eyes it fell to the floor with a loud, clear "ping."

Her heart in her mouth, she stood for one petrified moment rooted to the spot. Would Holliday hear? The answer came immediately. There was a sudden, loud clatter of footsteps, leaping headlong towards the laboratory door, charging full upon her. Like a flash it came to her that discovered or not she must get out of the skylight now, now, or it would be too late, she must stop for nothing. She mounted her chair, hurdled the rope from the opening, and had just set foot upon the shelf ready for the final hoist when the door burst open and Holliday, wild-eyed, confronted her.

By Mae Tinée.

Good Morning!

KIND: Woodland drama.

QUALITY: Good.

DIRECTION: Splendid.

ACTING: Couldn't be beat.

PHOTOGRAPHY: Just fine.

SCENERY: Beautiful.

OPTIENCE APPEAL: Plenty—of the wholesome, outdoorsy sort.

STORY: One of the late Gene Stratton Porter's most popular ones. The hero is a gallant, freckled chap who, placed in an orphanage, a mere baby—with only one hand!—grows up a wistful, unwanted waif. At last he is given a position of trust by the kindly head of a lumber company who makes him guard over the trees in a stretch of woods known as the Limberlost.

Here he finds peace, tests for his loyalty and bravery, a "Bird Woman," and an "Angel"—the latter played beautifully by the clear eyed, charming girl named for the author. There is something of the wind and the sunshine and the direct approach of high bred animals unafraid and unashamed in the romance that blossoms between Freckles and the Angel. I thought them the most delightful pair of young folks I'd seen in a long time.

REMARKS: This picture is a joy, if for only one reason—and there are numerous others—it is SUCH a REST!

Much Action and Great Deal of Water in This One

"WHY SAILORS GO WRONG."

Produced by Fox.
Directed by Henry Lehrman.
Presented at the Monroe theater.

THE CAST.

Sammy Cohen	Sammy Cohen
Mac	Ted McNamara
Doris	Sally Phipps
Her Father	E. H. Calvert
Dick Wright	Nick Stuart
Paul	Carl Miller
First Mate	Jack Pennick

KIND: 'S' comedy.

FUNNY? Sort of. (In spots.)

QUALITY: Well . . .?

DIRECTION: Ask me another.

PHOTOGRAPHY: Swell.

OPTIENCE APPEAL: Depends on the optience.

ACTING: Clowning. Which is what the scenario calls for.

STORY: Two eccentric spirits in the mortal forms of a taxi chauffeur and a hansom driver, in quest of monies due them, find themselves on board a sea-going yacht bearing a damsel; her father; the man she doesn't love but who will, ha! have her at any cost; the man she's engaged to and who is foully locked up in a stateroom AND some villainous sailors in the pay of the man she doesn't love and who owns the yacht.

Many untoward events occur from then on in the lives of Messrs. Cohen and Mac. A shipwreck precipitates them on an island populated by eager cannibals, earnest lions, and attentive alligators. Let the picture tell you its worst from then on

REMARKS: There are many who will laugh heartily at the teamwork of the two leading characters. There is much action in "Why Sailors Go Wrong" and a great deal of water.

See you tomorrow.

Shakespeare Is Rated High as Press Agent

(Picture on back page.)

Shakespeare, dramatist and poet, received words of praise yesterday at a benefit luncheon given at the Union League club by the American Shakespeare Foundation, but it was Shakespeare the press agent that aroused the greatest interest among the listeners.

"The Tempest" was a clear-cut piece of press-agenting, Carveth Wells, English explorer, declared. A group of real estate boosters, returning to England from the Bermudas, commissioned Shakespeare to write a play about the islands, Mr. Wells said, and "The Tempest," with the glowing land of Caliban and Ariel, followed.

Committee chairmen, in charge of collection of funds for the building of the new memorial theater at Stratford-on-Avon, announced that so far Chicago has contributed $25,000.

Among those at the tables were Mrs. Chauncey Blair, Lessing Rosenthal, Oliver Barrett, Mrs. E. R. Fifield, Mrs. W. R. Cubbins, Miss Pauline Davies, Mr. E. Neville Armstrong and J. Spencer Dickerson. Mrs. Hollister Sturges presided and Mrs. Joseph Long acted as hostess.

M. H. Kennelly Heads Chicago Traffic Club

Martin H. Kennelly, president of Werner Bros. Fireproof Storage company, was elected president of the Traffic Club of Chicago at the club's annual meeting last night at the Palmer house. A banquet and installation followed the election.

M. H. KENNELLY.

Mr. Kennelly is considered one of the best informed storage men in the country. In his speech of acceptance he asked for a better understanding between carriers and shippers.

The other officers of the club are: A. R. Gould, first vice president; C. T. Bradford, second vice president; H. R. Kurrie, third vice president; J. H. Howard, treasurer; H. E. MacNiren, secretary.

The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

The Tribune will pay $5 for each question accepted for the Inquiring Reporter to ask. Send name and address with your question to "The Inquiring Reporter," Chicago Tribune. For today's question **Guy O'Hern, 6516 Minerva avenue was awarded $5.**

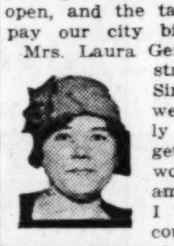
The Question.

If light wines and beer were permitted would it materially help enforcing the law against illegal traffic in liquor?

The Answer.

A. P. Lynn, 815 North Kildare avenue, cosmetician.—Yes, without question. Instead of people finding their way through blind doors to get their supplies, or getting others to do so for them, they could get pure goods out in the open, and the tax on it would help pay our city bills.

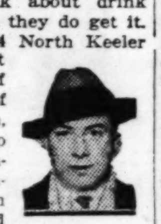
Mrs. Laura Gergen, 227 East 59th street, musician.—Since this country went dry it is absolutely ruined. If it would get wet again it would be all right, I am sure about that. I am from the old country. In one year in the old country you don't see as many drunken persons as you do here in a month.



Martin A. Narodick, 3126 Eastwood avenue, druggist.—If light wines and beer were permitted it would reduce the amount of bootlegging, and reduce death; bring the family man home at night where he belongs; the younger generation would stay within limits instead of going out on the roads to get drunk, get shot, or robbed.

Mrs. Emma Potts, 1336 South 59th court, Cicero, telegraph operator.—I would say yes. We would have more people living within the law instead of acting against the law. There wouldn't be so many boys carrying liquor in their hip pockets. People think about drink and how to get it, and they do get it.

Walter J. Bahr, 3934 North Keeler avenue, salesman.—It would to the extent of eliminating much of the bootlegging, vice, political grafting; also help the younger generation who are beginning to drink at an early age, and it would help the government along so far as taxes are concerned.



Gardeners of Seven States Gather Beauty Ideas in Flower Show

BY FRANK RIDGWAY.

Practical information is being given away this week at Chicago's second annual Garden and Flower show in the Hotel Sherman. Amateur gardeners are taking ideas from the show which they intend to transplant this season into their own yards. John A. Servas, manager, and representatives of more than fifty garden clubs have seen to it that practical gardeners are at almost every turn in the exhibition hall to answer questions and give out valuable tips on planting a city or suburban flower garden.

Visitors from all parts of Illinois and at least seven other states attended the show yesterday. They kept their pencils busy writing down information which they expect to use in their own gardens.

Lessons are given effectively to the visitors through the various exhibits of garden clubs and expert landscape gardeners. Their displays are woven into a spectacular and colorful exhibition whose beauty baffles description.

Mrs. Carl Miner of Glencoe was awarded a bronze medal yesterday for having the outstanding club exhibit. Mrs. Frederick Fisher of Lake Bluff, president of the Garden club of Illinois, was given a bronze medal for the most educational exhibit. A third medal went to the Hinsdale Garden club for having the most beautiful exhibit.

August Koch, chief florist of the West Chicago park system, will formally present the medal to Mrs. Minor at the show this morning. Mr. Koch says that throughout the show the quality of the exhibits indicates that a great advancement in home gardening has been made since last year. He thinks this is a direct result of the interest stimulated by the 1927 flower show and THE TRIBUNE's home flower garden contest.

THEATER

SOUSA, who has passed up Chicago in the current season, is to give two concerts Sunday, September 23, in the Auditorium. Of course, he had a week here last Spring in the Chicago Theater; but that engagement took him off his beat: his business is, I should say, giving concerts in the Auditorium or Orchestra Hall. . . . The veteran is next season to make another of his country-wide tours; and these adventures do the wide country no harm. Indeed and indeed, it is, and for many years has been, my belief that the March-King has in his career done more through a large territory to popularize good music than has any other agency of dissemination. There was Sousa, with his band, before there was phonograph or radio.

The sale for "Diplomacy" seems to the management to warrant an added performance Friday afternoon. . . . The notion of holding the cast over for a performance Sunday night has been dropped.

Miss Janis is to be held through next week in the Palace.

Mr. Ziegfeld is at length to take "Rio Rita" out of New-York, where it has been an enticement since mid-February of last year; and this may mean that there will be something for the Illinois, after Miss Lillie, or the Erlanger, after Mr. Dowling.

George Russell, the Æ who has done so much for Ireland in its economic and literary aspects, is to talk Sunday afternoon in the Harris on "Some Personalities in the Irish Literary Movement"; and he is the man to whom you should listen if you care to know something about such somebodies as William Butler Yeats (whom Æ calls *Yeets* instead of *Yates*, which is what most of us call him), George Moore, Lord Dunsany, James Joyce, et al. . . . This Russell is a big man, in stature and in intellect, and one of the finest and the most stimulating minds I have met. He had a great deal to do with starting the "movement" that is become the Abbey Theater, although there was no theater for it when he and the Fay brothers took up the chore of interesting Dublin in native drama. I have long had the belief that, if Æ had come to the United States in 1911 as herald or precursor of the Irish Players, their venture in this country would have been triumph instead of a piebald, spotty, on-and-off sort of success.

When Phil Baker was in town in "A Night in Spain," he gave his time out of the theater talking of a play he owned, named "Café Tamaza." It was, he said, of Russian origin; and he didn't seem able to talk about it without adding that he was waiting to engage Nazimova for it—believing, seemingly, that she would mean something at the box-office. Well, it is in rehearsal now, with a Long Island date named for the try-out, and then, says the *communique*, "it will be sent to Chicago for a Summer run."

Thomas Mitchell and Miss Gladys Hurlbut are to have the principal rôles in "Fly-by-Night," the play about Uncle Tom actors bulletined for April 15 in the Cort.

"Ringside" is the name of one new play; and the title probably means that it will have to do with prize-fighting in the sense that "Broadway" has to do with cabarets and "Excess Baggage" with vawdavill. . . . "The Alimoniacs" is the name of another new play; and, as titles go, I've known 'em to reach higher than this in the Fahrenheit scale.

Joseph Coyne is about to appear in London in something named "Baby Cyclone"; and it may or may not be George M. Cohan's farce, which is called "The Baby Cyclone."

Miss Katharine Cornell's husband, Guthrie McClintic, is the author of a play; and it is guessed by most of the ready guessers that he would like to have Miss Cornell perform in it.

A new song-and-dance piece, named "Here's How!" is to be tried out in Philadelphia as "And Howe!" The explanation is that the University of Pennsylvania's song-and-dance lads, the Mask-and-Wig Club, called their show of last year "Here's How!"

B. F. Affleck New Union League Club President

Officers of the Union League club for 1928-1929 were installed at the forty-eighth annual meeting of the organization, last night. Benjamin Franklin Affleck was elected president; George W. Dixon, first vice president; William H. Moulton, second vice president; J. Edward Maass, treasurer, and George O. Fairweather, secretary.

'Faust' Is a New Adventure as Sung in English

American Company Makes It a Real Show.

BY EDWARD MOORE.

One rather important item was omitted in the advance information sent out for the benefit of the American Opera company. There had been much discourse about translation into English, about defiance of time honored tradition, about ensemble, about this and that. What was not said, and what should have been said was that they were giving a bully good show.

For "Faust," which opened the season at the Studebaker last night, has left off being a song recital in costume and has become a drama with music, with meaning, with pace, with climax, and involving no strain on the credulity. It may be admitted in advance that you have heard grander solo singers in the grand opera representations of this piece, but it is doubtful whether you ever heard a more ingratiating, interesting, or likable show of it anywhere.

There was more than the merely negative banishment of tradition in this performance: it was a completely new consideration from the beginning, as though it was a completely new piece. The Kermesse scene, for instance, involved a celebration in an inn with people coming in and out. Instead of a ballet running in on cue to do a foolish dance in the center, the townspeople themselves capered about while an elderly fiddler played. Mephistopheles, young and lithe, leaped gaily to a table to point his song, and tipped over the same table like a D'Artagnan when it was time to fight. Marguerite was no prima donna but a slender, wistful young girl. Vauentin did not sing his solo to his audience but to his friends, and the friends stopped and listened.

I was prepared to hear a performance in good, lively tempo, since Conductor Frank St. Leger has never approved of allowing his music to go to sleep. It was a surprise, however, to find so much youth on the stage. The only persons who looked old were those intended to look so, and there was not an old sounding voice in the organization. With youth there was eagerness and vitality, also excellent training, unconventional but meaningful action.

And thank the operatic fates for English! For once one knew what it was all about. Except in some of the concerted and chorus numbers, practically every syllable could be heard and understood plainly, easily, without straining to understand, in fact without thinking anything about it. As I said, it is a good show.

Also, these young voices are good voices, entirely adequate in volume for the theater they are in, and of lovely quality. Natalie Hall's Marguerite was beautifully sung in its own graceful, gentle way. The old Mr. Patrick Kilkelly-Faust was splendid, so was the young Mr. Clifford Newdall-Faust. George Fleming Houston's Mephistopheles was far too good to be dismissed with a line, as it must be at present.

Extracting the bunk from opera has not in the least injured its entertaining qualities. In fact you will find them unbelievably improved.

United Charities Again Appeals for Funds

The second emergency appeal this month for funds to meet the demands made upon the treasury of the United Charities of Chicago by the unusually large number of Chicago family men who have been out of work many months was issued last night by Edwin C. Jones, secretary.

"The increased number of families applying for help has taken every reserve dollar of the United Charities, and it cannot possibly continue to meet the increased need without emergency help from the public," Mr. Jones said. "A total of $15,000 received from the first appeal early this month has been expended, and if we are to continue to keep the hundreds of families now on our lists from suffering, and to help the new ones coming to us daily, we need as much more subscribed immediately.

"Although a slight increase in employment has been reported by the Illinois labor bureau for February, and spring work will open up within a few weeks an unemployment emergency still exists."

The Love Job Isn't a Woman's Whole Life, These Days

BY DORIS BLAKE.

The woman "who marries and settles down" is another of the disappearing features of twentieth century progress. You may meet her occasionally. But not often. Women do not "settle" any more. There's too much to keep them from it. I'm not sure but husbands, on the whole, would vote for a return of the settled wife. At least they'd be surer of a woman waiting for them when they got home at 6. (Likewise, a meal.)

But you can't bring back that settled one. She belonged to the era in which a woman married and was reasonably sure of keeping her man for the rest of her life. Fat, stodgy, uninteresting, she managed to be with him at least in body, if not in spirit, until the call came for one or the other to report to St. Peter a record of their world deeds, good or bad.

◆

Slowly women are getting away from the idea that love is their whole existence, even in matrimony. Not that when they get a man, home, children they do not fulfill their duties of wife, mother, and homemaker. But women wisely are absorbing a wholesome bit of the man's philosophy toward love. It's the most important thing in life, but it does not exclude other interests, other associations. The love job, in other words, in a woman's life is coming to be recognized, not as as a part time job, exactly—but not as the whole time job that often proved a quick way for a wife to become stupid, pathetic, and sometimes parasitic.

◆

No. Women cannot get by today on the theory that it is enough to live for one's home and husband, and sins of mental omissions and personal depreciation will be forgiven them. Their minds have to be on other things as well as on doilies and dishes. The latter have their place in the well organized life, but being a wonderful housekeeper isn't effective enough for modern requirements. Nor is taking her love job too seriously—that is, making her Billy or her John the whole world to the exclusion of every other interest—adequate to the day.

◆

DORIS BLAKE ANSWERS

Give Up.

"Dear Miss Blake: I'm in love with a girl who refuses to go out or even speak to me. FRANK."

There is little hope, if any, Frank. When love is not returned it is futile to persist. Persistency will only antagonize her more. Use your efforts to attract some one else.

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

An Emergency Dessert.

One correspondent has been asking me for a list of emergency foods and I have answered that any woman's list would depend on her knowledge of cooking and serving. What would be a good list for me might easily be scorned by some one whose list might possibly look lazy-wife to me. There are many lists of this latter sort today, but to live with the supplies of such lists all the time seems to me haphazard and precarious.

The following emergency has been sent by a correspondent who has helped me to add to my collection of rare cook books. She has first been telling me about an orange pie—pie shell, custard, pieces of orange marshmallows, meringue—and then says:

"One Sunday I made this pie and had some oranges and marshmallows left. On Monday I cooked rice to serve as we always have in my home. [it is a great supply, raw or cooked] with milk and sweetened, with an egg if desired—a rice pudding you know, and when served each individual serving has a few prunes and some of the juice added. Tuesday found me busy ironing, with two oranges, six or eight marshmallows, two small dishes of rice and about half a dozen prunes, and some other leftovers like potatoes.

"Just as we were going to sit down to our warmed over meal, a friend of my husband's from Tampa stepped in, and what to do, for we lived on an orange grove and could not run to the grocery, and it was late in the season, and my canned things were all used up. I had heard him say he could eat eggs three times a day [hope he does not], so I hastily fried eggs and bacon, and then what to do for dessert? I made my scanty rice into three servings because I thought if I went without he would notice it, divided prunes the same way, and topped them with meringue, oranges and marshmallows. . . . He lingered over every spoonful of his dessert . . ." In short, he liked it greatly, and his discussion of it was most gratifying to the cook.

Lake Forest Women Busy Preparing for Church Guild Bazaar

BY THALIA

The guild of the Episcopal church in Lake Forest, headed by Mrs. Uri Grannis, has been turning its Tuesday mornings during the last month or so to good account for the benefit of the church bazaar which is to take place on Saturday, April 7, in the Ford salesroom on the town square. The band of women have had great fun "dishing the dirt," whilst fingers flew with paint brushes and needles. Cunning little flower pots, all sorts of hand sewn novelties and all the various attractive things that can be made by hand have been created, for the sale. The group has included Mrs. Corson G. Ellis, who is treasurer of the guild, Mrs. William E. Casselberry, Mrs. Hale Holden Jr., Mrs. Phelps Kelley, Mrs. Ralph Longstaff, Mrs. George L. Dickson, Mrs. John C. Hawkins, and Mrs. Charles Waller. Mrs. Grannis fell and sprained her arm some time ago, and learned only last week that the mending process had been all wrong, and she'd have to stay in bed until the offending member were appeased by proper care and rest. The band gathered yesterday morning at Mrs. Sidney Strotz's.

There was a trio of interesting luncheons yesterday, all with something of an international angle. The Chicago committee of the Shakespeare foundation had an affair at the Union league with William Faversham speaking, and Mrs. Joseph Long, Mrs. Chauncey Blair, and Mrs. Walter Braun as the hostesses. At the Palmer house was the luncheon for Dr. C. Telford Erickson of Albania, sponsored by a committee including Mrs. Robert B. Gregory, George O. Clinch, Francis R. Dickinson, Carl Milan, of the American Library association, and Miss Sarah Bogle. Dr. Erickson spoke on "Albania, Past and Future." And the American Friends of China listened over their coffee cups to Dr. Timothy Tingfang Lew speak on "China Today Through Chinese Eyes" at the Stevens. The committee included Mrs. Charles W. Dempster, Mrs. Silas H. Strawn, Mrs. Charles W. Hubbard, Mrs. Robert P. Lamont, Mrs. Paul Shorey, Mrs. William L. Hodgkins, Miss Florence Dibell Bartlett, Mrs. Charles B. Goodspeed, and Mrs. Leverett Thompson.

Mrs. John H. Winterbotham, Mrs. Walter P. Paepcke, Mrs. Charles Swift and Miss Marian Gheen are among the hostesses this afternoon at the Arts club for the exhibition of pieces from the Brainard Lemon silver collection of Louisville, Ky. Antique Georgian silver, old Sheffield plate and old furniture will be shown.

The Alumnae Association of the University School for Girls is to have a soiree of music and drama for the alumnae and their husbands at the school tomorrow evening. A reception is to follow the program. Mrs. Edward D. McDougal Jr. of Geneva is president, and Mrs. A. Merrill Coit of 453 Deming place is the secretary-treasurer.

The Alumnæ association of the Chicago Latin School for Girls is planning a bridge party for the benefit of the Eli Bates settlement house building fund on Tuesday, April 24, at the Latin school. Miss Dorothy Wegener is chairman of the arrangements, and Miss Josephine Wilkins is managing the reservations. Miss Mary Jacoby, whose marriage to Lyman Manley Drake Jr. is to take place this spring, is president of the association and others who are to assist are Miss Winifred Smith, Miss Margaret Sinclair, Miss Virginia Ericsson, and Miss Jean Logan. Mrs. Arthur Farwell is chairman of the Eli Bates board of directors.

Mrs. J. Ogden Armour is sailing for Europe this spring, although it will probably not be before April 24. She will leave her apartment at 3330 Sheridan road and spend a few days in Lake Forest at Mellody Farm before her departure for abroad, and on her return will visit "the children" (the John J. Mitchells Jr.) in California before she settles down for the late summer and fall season in town.

The Robert Thornes of Lake Forest and their daughters, Katherine and Narcissa, will not return from their extended European sojourn before May. Their son-in-law and daughter, Mr. and Mrs. George Corson Ellis (Roberta Thorne) returned a fortnight ago from a jaunt to Nassau and expect to remain in Lake Forest over Easter.

Temple Men's Club to Give Program

MISS BETTY DAVIS.
[Butler Photo.]

The Men's club of Temple Beth Israel in Albany Park will give an open program this evening at 8:30 o'clock at the temple. This is the first affair given by the club since its organization a month ago by Rabbi Felix Mendelsohn. W. M. Newman, president of the all-Chicago conference of temple brotherhoods, will speak, and the sisterhood of the temple has been invited to attend. Miss Betty Davis is among those who will appear on the program with Mr. Newman.

Society at the Opera

Chicago society gave opera in English a rousing welcome at the opening performance of the American Opera company's "Faust" at the Studebaker theater last night. The premiere had much of the eclat that has always attached to the traditional opera openings, and many of the prominents who have graced the Auditorium's diamond horseshoe were in the audience.

Mrs. Rockefeller McCormick and her guests, Mr. and Mrs. Charles H. Swift, Miss Lucy Martin, and Edwin Krenn, occupied the upper stage box, and the Arthur Meekers, accompanied by Mr. and Mrs. F. Edson White and Mr. and Mrs. R. H. Cabell of London, England, were on the opposite side.

Box guests of Princess Michael Cantacuzene were Miss Louise Brewer, Miss Barbara Wendell, the sub-deb daughter of Mr. and Mrs. Barrett Wendell, Henry H. Porter Jr., Joseph C. Belden Jr., and Don McCluer. Mrs. Louis E. Yager, president of the American Opera society of Chicago, and Mr. Yager, and Mr. and Mrs. William Irving Carlsen were other box hosts.

The audience, who seemed to be enjoying the occasion immensely, included also Mr. and Mrs. Arthur Bissell, Mr. and Mrs. Leeds Mitchell, Dr. and Mrs. Edwin W. Ryerson, Mr. and Mrs. Andrew Sherriff, Mr. and Mrs. Charles Wesley Dempster, Mrs. Harry H. Shearson, Mrs. E. R. Dunham, Mr. and Mrs. John R. Winterbotham Jr., Mr. and Mrs. Bernard F. Rogers Jr., Mrs. Ralph C. Otis, Mr. and Mrs. Livingston Fairbank, Mr. and Mrs. Clair E. More, H. A. Richards, the British consul general; Mrs. Frank R. Wheeler, Mr. and Mrs. Orville Thompson, Miss Edwina Litsinger, John Beatty, Miss Olga Menn, Mrs. Nathan Blackman and her daughter, Miss Elaine Blackman; Mrs. Ella Wood Dean, Mrs. Joseph B. Long, and the Howard Willetts.

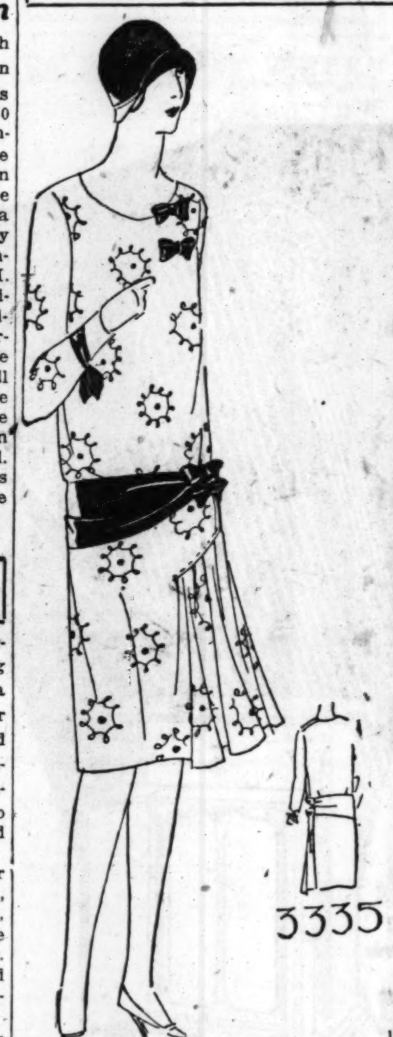
PATTERNS BY CLOTILDE

[Registered U. S. Patent Office.]



3335

WOMAN'S AND MISS' DRESS.

This chic design is for a dress that will be good for immediate wear. There is the swathed hipline and a cascading effect at the side. The one piece, darted sleeves have applied bands with extended ends, and the two piece skirt is cut in from the left side of the front, with the lower edge gathered and sewed to the upper edge to give a flared effect. Printed silk crêpe, plain silk crêpe, georgette, crêpe satin, and sheer woolens are appropriate.

The pattern, 3335, comes in sizes 16 and 18 years, and 36, 38, 40, 42 and 44 inches bust measure. Size 36 requires 2⅞ yards of 40 inch material with ⅝ yard of 36 inch contrasting.

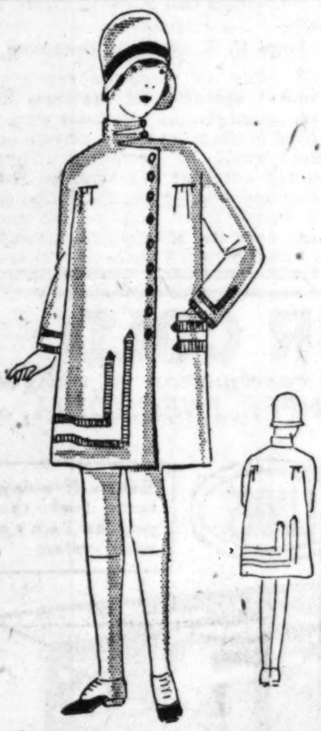
This Child's Coat Boasts a New Collar



by Corinne Lowe

NEW YORK.—[Special Correspondence.]—So many of our spring collars have become straphangers that we might almost call them the subway type. Perhaps there is a piece of material in the back that identifies itself with the old time genus Collar, but in the front this is very apt to fasten with a mere strap or two of the material. Then there is the new bertha designed by Lanvin this year which is continued into a band straight across the front and this must be mentioned in the same breath as that other new Lanvin neck line—the one cut out into a square at the front and joined together around the throat by a narrow fold of the dress material.

That we may put some of these new collar tricks to work even in the wardrobes of the very young is evident from today's suggestion for the spring coat of the girl between 6 and 10. Observe that the collar, although rising normally in the back, is reduced in the front to two straps buttoning smartly at one side. We all realize just how much just one smart touch like that does to make the clothes of the child look different.

Yet this spring coat of beige cloth sacrifices none of its essential simplicity in the interests of differentiation. Hanging straight from the shoulder, it is varied by inset bands of brown which are repeated on sleeves and pocket.

WASHINGTON SOCIETY

Washington, D. C., March 27.—[Special.]—The secretary of labor and Mrs. James J. Davis were the special guests at the reception tonight of the Kentuck society, when the secretary delivered the principal address of the evening. Mrs. Thatcher, wife of Representative Maurice H. Thatcher of Kentucky, is president of the society.

Representative and Mrs. Fred S. Purnell of Indiana had a company at dinner tonight.

The director of the budget and Mrs. Herbert M. Lord gave a dinner tonight.

Mrs. Emily Newell Blair, president of the Democratic club of Washington, was the guest at luncheon today in the clubhouse of the club of Mrs. Samuel Jordan Graham, who had thirty to meet her.

Mr. and Mrs. Henry K. Chapin of Chicago and their two sons, Henry K. Jr. and Charles A. Chapin, are at the Carlton for a week's visit.

Lieut. Mina Van Winkle, head of the women's bureau of the police department, departed today for Chicago, where she will speak before the Federation of Women's Clubs of Chicago on Thursday in the City club. She will go from there to St. Louis to make a speech next day.

Finger Nails Are Indicators of Physical Health

A doctor can often tell as much from looking at a patient's finger nails as from looking at his tongue.

And you can tell whether your blood is in healthy condition by looking at your nails, too. A healthy nail has a rosy pink color. That means there is good blood in the underlying tissues. If there is a bluish tinge to the nail that means poor circulation. A sickly white nail indicates impoverished blood. And dull and brittle nails are almost always found on people who lack sufficient oil in the skin. Diseases of the body are indicated by rough, dwarfy, or worm-eaten looking nails.

A hang nail allowed to go untreated may turn the flesh surrounding the nail into a red, swollen and sickly looking area. Hang nails should be trimmed close and treated with antiseptic. A bit of collodion is advised to keep out dirt or germs.

So, before you put the bright nail polish on, you might interview the nails to see if they register any of the above complaints. And when you are having your manicure, or giving it to yourself, you must be strict about the sanitary requirements demanded. The home manicuring implements should be sterilized every once in a while and the hands, of course, should be very clean before the work is started.

And right here I might register a manicurist's complaint about women coming to her with their hands and nails unwashed. They have alibis, the manicurist reports, that they've been away from home all day. Or they were doing some particularly harrowing household work. But it does seem that one ought to present her hands in a clean condition, at least, for the beautifying work about to be given.

To get back to some of the nail conditions referred to above. I suppose brittle nail trouble occupies more women than nail color infractions. If there is a lack of sufficient oil in the skin, it has to be supplied, somehow. The habit, of course, of massaging the hands at night with a cream, which is the only way of keeping them young, will be sufficient to oil the nail at the same time. And it is an easier way to combat the brittleness than having to pour olive or sweet almond oil into a dish and letting the nails remain therein for a few minutes.

BEAUTY ANSWERS

ESTHER J.: THERE IS NOT enough oil in your skin to properly lubricate it. Massage the face every night with a good cold cream after washing it. Do this for several minutes—then wipe off the cream. I have a formula for a good cold cream which you may have for a stamped, addressed envelope.

M. M.: STANDARD WEIGHT FOR a girl 18, 4 feet 10 inches is 108 pounds. A woman of 40, 5 feet 1 inch should weigh 129 pounds. If you wish weight gaining or reducing suggestions, send a stamped addressed envelope.

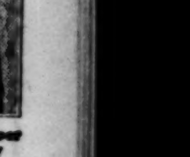
Your Hands Speak
By Edna Wallace Hopper

While you perform hundreds of commonplace tasks everyone present watches your hands.



Edna Wallace Hopper as she looks today

You pour tea. You open your purse. You shake hands with an acquaintance. You put on your gloves. All day long people watch your hands.

Do your hands speak for you? Do they suggest daintiness? They can be firm, capable and at the same time exquisitely kept with practically no effort. Youth Lotion is rubbed into the skin, leaving your hands smooth and dry, so that you can wear gloves immediately after applying.

Just keep a bottle on your dressing table and one where you work (in your kitchen, your office or shop). Use it every time you wash your hands.

The pleasurable sense of feeling your skin so satiny—of seeing it so soft and white—is worth a good deal more than the slight effort. The cost is trivial. You can get a large bottle of my Youth Hand Lotion at any toilet counter, 60 cents.

Elmer Treads Jungle with Trader Horn

Gets Thrill of Tropics, Temples, Adventure.

BY ELMER DOUGLASS.

Trader Horn, of fame and long life, of multifarious jungle and civilized experiences, hunter, adventurer, author, and goodness knows what all, had a battle with the modern microphone at New York through W-G-N, 8 to 9, last evening. This added another chapter to this venerable man's long list of successful undertakings.

The program was arranged in radio presentation form, and depicted as vividly as possible some of the dramatic episodes of Africa in which Mr. Horn had a part. I suspect that listeners had individualistic reactions to the effect of the stirring events as scene upon scene assumed shape and form and passed before us.

◆

For myself, being one of the audience, the effect was variable. First some time elapsed before the jargon of strange tones and stranger atmosphere took form and logical continuity. Again, the scenes in the African jungle, the temple, the tribal incantations, the schemings of the white men, the stealing of the temple ruby, the rescue of the enslaved white girl—much of this seemed like a melodrama or a moving picture. Later came a fuller realization of tragic intensity of these episodic and death defying situations.

The Warsaw male quartet, WEBH, 6:50, with their distinctively harsh-toned voices [all Rusian choral bodies possess a cold, harsh tone for this auditor], added a touch of the different to this early evening hour.

Through KYW, 9:10 to 9:30, the National String quartet played the 2d, 3d, and 4th movements of one of Godard's string quartets, repeating the 3d, or minuet movement, a procedure that showed a true instinctive judgment of what properly to do in the absence of applause from a visible audience. This work, for interested quartet directors, is Opus 136, No. 3, in A major. From same source, 10 o'clock slumber music hour, the 3d and 4th movements of Haydn's "Oxford" symphony were played. Fortunately, this orchestra has lately been giving us several of Haydn's symphonies.

◆

Outside stations came in with unusual volume last evening. At 10 o'clock, WLW, Cincinnati, came in stronger than, I believe, I had ever noticed; program insignificant. WGY, Schenectady, strong, with a tuba solo of "Asleep in the Deep." KDKA, Pittsburgh, a mixed quartet singing, and effectively, familiar church hymns.

Quarrels with Family, Girl Moves, Then Kills Self

Because of a quarrel with her family, Miss Mary Mrakaua, a stenographer, 19 years old, moved to a rooming house at 922 East 62nd street three weeks ago. Yesterday she was found dead in her room, gas escaping from an open valve of a plate. A note addressed to her brother, Frank, of 3120 West 54th street, told him she was tired of living. In a post script she added, "Don't let them bury me. I want to be burned. Mother can at least do that much for me."

HAYNES URGES CONGRESS BOOST BARGE CAPITAL

Chicago Needs Lines to Get Coast Trade.

Washington, D. C., March 27.—[Special.] — Immediate approval of the Denison bill, adding $10,000,000 to the capitalization of the Inland Waterways corporation for the extension of the government's barge line service on the Mississippi and tributary waters, was urged before the house interstate commerce committee today by J. P. Haynes, traffic director of the Chicago Association of Commerce.

Attorney Cornelius P. Lynde, appearing for the Chicago association, and nearly a score of other witnesses from Minneapolis, St. Louis, Kansas City, and other cities, told the committee that immediate expansion of the barge service was essential for the well being of the middle west. Extension of government barge service to the Illinois and Missouri rivers was urged.

Urge U. S. Continue Operation.

Virtually all witnesses urged government operation of the lines until river channels and terminals were improved to the point where private operation would be profitable. It was pointed out that development of the government water transportation service would make possible the movement over the Mississippi gateway to the gulf of more than ten times the traffic that moved over that waterway last year.

Leland A. Newton of St. Louis, general counsel of the Mississippi Valley Improvement association, said fifteen million tons of freight would be made available for water transportation if the barge service was extended to the Illinois and Missouri rivers. The Illinois river and the Chicago area, he said, would provide 7,000,000 tons of freight.

Need Lines for Competition.

"Within three years," Mr. Haynes said, "the lakes to the gulf waterway will provide a channel suitable for common carrier operation, and we hope the government will extend its barge service to Chicago until private operation can take its place.

"The interior must have this cheap form of carriage if the Mississippi valley is to compete in world markets.

"The Panama canal has dislocated the middle west industries in Pacific coast trade.

DIES SUDDENLY IN HOME.

Robert Orr, 1323 East Seventy-first place, collapsed apparently from heart disease in his home yesterday and died before a physician arrived.

WIFE HELPS PUT HUSBAND IN JAIL AS EMBEZZLER

Harry Kline, 32, of 1436 South Lawndale avenue, was arrested yesterday as an alleged embezzler upon the complaints of his wife and a school teacher, Miss Cora Albertson, 38, of 701 West 14th place.

Of suave appearance, a natty dresser and a graduate of Cambridge university, England, Kline never worked, but always seemed to have plenty of money, his wife told police. She complained that most of the money was spent on other women while she was left in need.

Some time ago, it was learned, Kline organized the Bankers' Efficiency Service at 4707 Broadway. The concern purported to handle bank advertising. Miss Albertson says she was induced to invest her $800 savings in the concern and was appointed advertising manager, but when she failed to receive any salary she went to see Mrs. Kline. After a conference they notified police.

WIFE SUES HEAD OF $1,400,000 MAIL ORDER CONCERN

Walter C. Braun, described as head of a $1,400,000 a year radio and automobile equipment mail order house, was sued for separate maintenance in the Superior court yesterday by Mrs. Margaret S. Braun, 647 Buena avenue.

The wife charges that when she was married to him in 1923 he was earning $18,000 a year at Montgomery Ward & Co., that she aided him in establishing a business of his own in 1924 and has helped him build up his annual income to $50,000. They separated last October, due to his cruelty, she alleges, and he had not supported her since.

Mrs. Braun sets up that her household expenses in the last two years averaged $1,250 a month and that she is accustomed to vacations in Europe, South America and Honolulu. She says that in 1924 her husband beat, struck and kicked her, breaking a vertebra in her neck.

The husband's companies are the Barawick corporation and the Braun company.

Fear of the Unknown Is the Bogey That Scares Children

By Mrs Gladys Huntington Bevans

The Fear of the Unknown is an almost universal fear. What kept most of those early mariners from sailing due west? Fear of the unknown. What is one of the greatest elements in the fear of death? Fear of the unknown. When this fear exists in ourselves—in grown people—we can usually recognize it as such.

Fear of the unknown exists in children more widely than we realize, especially in sheltered children. Their fears are different fears and the symptoms not always recognizable—neither by them nor by us. But they may be very potent, just the same.

If a child is prone to this dread of the unknown it may show itself in various ways, though it is important to bear in mind that any one of these symptoms may have some other cause. Fear of the unknown is not necessarily the cause, but it may be, of many puzzling feelings or dislikes of children.

◆

Some children, especially little ones, have an underlying dread of meeting new people. One way in which this fear may show itself is in a dislike for children's parties. Very often, particularly in large towns or cities, when children go to a party there are always a number who do not know each other. Some children realize this and shrink from the element of the unknown involved in going to it.

Or the dread may be that of meeting unknown grown people. "I wish nobody was coming for the week-end" or "for dinner" you will often find is expressed only when the guests are to be strangers to the child.

Sometimes a little child, instead of having a natural curiosity, or the feeling that adventure is ahead, will dread going to new places. Journeys and visits will frequently arouse dread and strong resistance instead of anticipation. I have even known children to feel sick and have stomach aches at the prospect of a trip.

◆

Other dislikes or resistances may be traced to this cause, and when this is the case make up your mind to cure it, because it is a very hampering thing both in childhood and in adulthood.

This is best done by gently but firmly insisting that each situation as it arises be met, instead of evaded.

A False Alarm.

Having been connected, through mistake, with two people talking on the telephone, I heard one of the ladies give her street number and say: "They are both drunk in my yard. They got it——" At this instant the operator disconnected me. Being interested in a young man who is a member of a dry squad, I thought this a splendid opportunity to make good with him.

I immediately got him on the wire and told him I had been tipped off as to where there were a couple of drunks, and the party giving the information knew where they got the stuff. I suggested that they stop by and pick me up on their way out.

On the way out I felt as if I were the captain of the squad. Upon arriving, the leader rang the door bell and demanded to know where the drunks were. The woman replied: "Out there in the corner: two robins. They got drunk from eating berries off that china tree."

The whole squad turned eyes on me. Can you imagine my embarrassment?

Gives Your Hair Unusual Beauty

The attractiveness of even the most beautiful women depends upon the loveliness of their hair.

Fortunately, beautiful hair is now easily obtained. It is simply a matter of shampooing.

Proper shampooing makes the hair soft and silky. It brings out all the real life and lustre, all the natural wave and color, and leaves it fresh looking, glossy and bright.

While your hair must have frequent and regular washing to keep it beautiful, it cannot stand the harsh effects of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it.

That is why discriminating women, everywhere, now use Mulsified Cocoanut Oil Shampoo. This clear, pure and entirely greaseless product brings out all the real beauty of the hair and cannot possibly injure.

Two or three teaspoonfuls of Mulsified is all that is required. It makes an abundance of rich, creamy lather which cleanses thoroughly and rinses out easily, removing every particle of dust, dirt and dandruff.

It leaves the hair soft, silky and easy to manage and makes it fairly sparkle with new life, gloss and lustre. You can get Mulsified Cocoanut Oil Shampoo at any drug store.

A four-ounce bottle lasts for months.

Dr. Leonard C. Borland Taken by Death at 65

Dr. Leonard C. Borland, a practicing physician in Chicago for more than forty years and a member of the faculties of several medical and dental colleges, died yesterday morning at his home, 2525 Smalley court, at the age of 65. He was born in Lemont and had lived in Chicago since childhood. Dr. Smalley was a professor at the Chicago College of Dental Surgery, the Chicago College of Medicine and Surgery, the University of Illinois medical and dental colleges, and Jenner Medical college. He is survived by his widow and two children, Viola and Leonard C. Borland Jr. Funeral services will be held tomorrow at 3 p. m. in Graceland cemetery chapel.

Edward H. Pease Dies at Useppa Island, Fla.

Word of the death on Sunday of Edward Hooker Pease, director and treasurer of the W. D. Allen Manufacturing company, at Useppa Island, Fla., where he had spent the last three months, was received in Chicago last night. Mr. Pease was 69 years old and had lived in and near Chicago since 1866. He was a member of the Chicago Athletic association and the Skokie Country club. He is survived by his widow, Mrs. Josephine Wyckoff Pease. The family home is at 914 Ashland avenue, Wilmette. Burial will be at Hartford, Conn.

NEW YORK SOCIETY

New York, March 27.—[Special.]—Mr. and Mrs. L. Gordon Hamersley of 5th avenue gave a dinner party this evening for Miss Edith Bonsal and Walden Pell II., whose engagement was recently announced.

Mrs. Henry Martyn Alexander and her son-in-law and daughter, Mr. and Mrs. Philip Kip Rhinelander, returned yesterday from Tuxedo.

Mrs. Minturn Pinchot sails Saturday and will go to Rome, where she has taken the Torlonia palace for the spring. She will pass the summer at Cannes.

Mrs. Philip W. Livermore and Miss Francesca G. Livermore have gone to Aiken to visit Mrs. Livermore's father, C. Oliver Iselin.

Three year old Billy came in for lunch. Mother, being very busy that day, decided just to give him crackers with jelly and a glass of milk.

On account of being so busy, she placed the crackers and milk on the tray of the high chair. He looked at the crackers a minute, then looked up and said, "Is there anything that's supposed to be on plates?" E. F. M.

DEATH NOTICES

In Memoriam.

CUPIT—Edwin Cupit. Passed away suddenly, three years ago today.
Loving and kind in all his ways,
Upright and just to the end of his days,
Sincere and true in heart and mind,
What a beautiful memory he left behind.
LOVING DAUGHTER, OLIVE BALCH, AND GRANDDAUGHTER, DARLINE BALCH.

HALLBERG—Thure E. Hallberg. In sad and loving memory of our so dear and only son, who passed away six years ago today, March 28, 1922.
A shadow rests upon our home,
We miss his smiling face,
Where'er we look; where'er we turn,
More and more each day we miss you.
Friends may think the wound is healed,
But they little know the sorrow
That lies within our hearts concealed.
LOVING MOTHER, FATHER, SISTER ALVA AND BESSIE.

WEISS—Leopold Weiss. In fond memory of our dear father, who passed away three years ago today.
LOVING CHILDREN.

A FAIR QUESTION.

Have you ever stopped to consider: What kind of property is easier to sell? Property improved with sewer, water, paving, sidewalks, gas, electricity, trees, shrubs, etc., or raw acreage, unimproved and miles away from nowhere?

Our big sales campaign is going full blast. We shall soon open a new piece of property with all improvements and excellent transportation. It will be the fastest selling property we have ever put on the market. It is going to make a lot of money for our salesmen.

Promises never made a dollar in commission for any salesman. We have a definite proposition to offer you. You expect your prospect to investigate before he buys; why not investigate before you sell? Come in and let me lay the cards on the table before you.

See me in person before 3 p. m.

A BIG MAN MENTALLY.

A prominent Chicago corporation, whose operations are international in their scope, has grown so rapidly for the past 2 years that it has become necessary for us to promote a large number of star salesmen to executive positions.

We have interviewed hundreds of men to pick the highest class selling organization we believe has ever been assembled. We are not so much interested in salesmen as we are in men of executive caliber. Our growth has been so phenomenal that our executive staff has not developed in keeping with our sales staff and we have a number of openings for exceptional men to spend a short period of time learning our business and then step into a bigger position.

We have approximately 400 men operating on our sales staff. Many of these men earn as high as $300 to $500 a week.

Many of our territories are worth $2,500 to $10,000 per year on repeat business alone. This enables us to select our men very carefully before we give them gratis this amount of commissions on previously worked up business.

We are not interested unless you have previously earned $6,000 a year or better, unless you can make contact with big men and talk to them on a basis of equality, unless you have a record of honesty and integrity, unless you are between the ages of 30 and 45. Please do not waste our time or yours unless you have the above qualifications.

You may phone the undersigned for an appointment and should you be able to interest us over the phone we will give you a personal interview. Call H. H. Emerson, Superior 0835, or address M C 373, Tribune.

A MAN WANTED

Have more people than I can personally handle; experience not required. Average man $60 week, 100% cooperation. If you are willing to work hard and have good, honest recommendations see me. Room 616, 29 S. La Salle, before 1 p. m. MR. BRUNING.

ALERT SALESMEN.

New invention; sell to consumer; retails $2.50; good profit. 5 N. La Salle, Rm. 601.

AN EXCEPTIONAL CHANCE FOR ONE SALESMAN WITH RECORD.

The man whom we seek can show a record of consistent production in selling advertising, books, securities or office machinery.

He is 30 to 40 years old, has good health and enough curves on the ball to get his story to the top executive in every business concern; who can tell his story and close contracts in one interview.

We have over 250 salesmen who came to us during the past six years from the lines listed above. Some of them are making $10,000, some are earning $20,000 every year.

The right man for us is one who wants to be in business for himself and not follow a "game." One who has no off seasons and wants to associate with a concern of high standards, excellent financial rating, and a big program for future expansion, which means promotion to executive positions.

He wants to be trained and started in the field by a star man who can teach him the knacks that insure him a quick start on big earnings, and he expects prompt and full commission settlements weekly. He wants an exclusive territory.

All this will be provided in contract we make with the man who meets our requirements.

If you feel you are the man we are looking for, it will pay you to phone MR. M. ROSENFELD, Superior 0855, or address N K 203, Tribune.

AN OPPORTUNITY WITH A RELIABLE COMPANY

Backed by 21 years of success; $1,000,000 credit rating, will train a few reliable salesmen for Chicago and Michigan, ages 25-45, in a permanent and pleasant business. Our records show earnings of our Chicago men last week as follows, $162, $148, $82.50 [3 days]. A refreshing change from regular lines of selling. If necessary, financial aid will be extended to those selected. A pleasant surprise awaits your visit to our offices at 910 Monadnock Block, between 10 and 2 p. m. Out of town, address O. S. R. F.

AN EXPERIENCED TRAVELING SALESMAN.

Man about 35 who can prove good past sales record. We cannot use Real Estate men or house to house men. Will only consider experienced salesmen. Our products, household goods, are sold only to retail stores and jobbers. Call at Sales Office, Room 304 Lake Shore and Ohio Bldg. Take Grand-av. car to Lake Shore-dr. ASK FOR MR. PETERSON.

BUSINESS IS GOOD AT BARTLETT'S.

We need men to assist us with our thousands of qualified leads.

Our stenographic force has been enlarged to enable us to get out the leads to our sales force while fresh. We want real salesmen who will honestly and conscientiously work with us. When you work with us you work as a salesman, not as a potential buyer.

For this we make an expense allowance and pay you a liberal commission.

This firm is leading its field today, because we do as we say and give our sales force all the coöperation possible.

We are anticipating the opening of a new lake front development, and it's up to you to get in, NOW, at the opening of the season. It should be your chance to earn more real cash than in any other line today. If you think you are the man for us, come in and talk it over. Apply Wednesday, between 9 a. m. and 5 p. m. IMPORTANT ANNOUNCEMENT TO DIVISION MANAGERS AND SALESMEN.

You are hereby invited to make an inspection of the property which we are now selling. It is the most bona fide, saleable business frontage that will be sold in Chicago this year. This strategic location will compare with Devon and Western, 79th and Ashland, Broadway and Wilson, and other matchless locations.

This is NEW TERMINAL BUSINESS FRONTAGE where the building permits in 1923 were $365,000; today are $4,265,000, with 125 trains daily.

You will be given every support and cooperation such as especially chartered trains, illustrated lectures, etc. These trains stop right on the property; the buyers step off the train onto the property. This is an opportunity that comes to a salesman once in a decade. You owe it to yourself to investigate this opportunity. An investigation of this property will prove conclusively to you that intrinsically it is the greatest value being offered in Chicago today. Inspection of property daily at 11 a. m.

SALESMEN.

Mr. C. was a crack specialty salesman—a real go-getter—but his biggest month's earnings were less than $600. He came with us on Feb. 14th, and to date has collected $3,815 in commissions.

WHAT HE DID—YOU CAN DO.

Here are some of the reasons: [1] we have a 41 year record of success behind us.

[2] The development of our properties in Chicago has created a reputation second to none for us in this district.

[3] We know how to train men and some of those who started with us 25 years ago are still here making big money just as they have been every year of their association with us.

[4] We know just what co-operation really means. We give it—don't just merely talk it.

[5] The properties that we are selling now and those that we will sell through the future years are always the best that can be bought and back of their selection is years of experience, unlimited data on which is based investigation and tremendous resources.

The above experience is based on actual facts and the correct name and address will be furnished on request.

Stop wishing! And call for interview today after 9 a. m.

$30,000 IN COMMISSIONS

Earned by One Sales Unit in January.

It is common gossip among Chicago's real estate salesmen that our salesmen are making more money than any other subdivision sales group in Chicago.

The reason for that is that we are now marketing a subdivision which we believe to be the finest investment property we have ever offered. This property is IN CHICAGO in the heart of tremendous development activity; improvements now going in on the property, and ripe for building.

I invite 3 or 4 real estate salesmen of the better type, whose experience qualifies them to judge a good piece of property when they see it, to visit the property with me. The entire trip will require but 1½ hrs. of your time and if the merits of the property appeal to you I then guarantee to submit to you definite proof that approximately 90% of our prospects, visiting this piece, BUY!! See me at once.

A. TOMASCHOFF,
ROOM 513. 77 W. Washington-st.

ATTENTION TO SALARIED MEN.

If you are making less than $50.00 a week, you are not satisfied. I know, because you are unable to buy the luxuries that you desire. This proves to me that you are ambitious, otherwise you would be satisfied, therefore, you are just the man I want.

I have a proposition for you, the only one of its kind in Chicago. One which within the next few weeks will be the talk of Chicago and one which will make you from $100 a week up, depending upon your time and effort. Experience is absolutely not necessary. In fact, I prefer that you have not had experience in this particular field.

This is not lots, stocks, insurance, or clubs and has absolutely no competition.

Now don't waste another day. Come right in and see me. I am waiting for you. I have taken hundreds of men like yourself and started them on the road to success and financial independence and I am willing to spend my time and money doing the same for you.

J. D. PHILLIPS,

To sell space on annual publication; perm. pos. ex. not nec. R. 910, 14 W. Washington.

AN OPPORTUNITY TO TELL THE TRUTH.

Wouldn't that make selling easy?
No unfulfilled promises.
No misrepresentation.
No painting of rosy, but indefinite futures.

Nothing to sell but the truth, for our property in Park Ridge has "arrived." Improvements in; beautiful homes already erected and occupied. Many more under construction. We have an opening for 3 experienced salesladies and will train and place 5 who have had no previous selling experience. See Miss Hopkins, Rm. 116, 82 W. Washington.

BUSINESS IS GOOD AT BARTLETT'S.

We need women to assist us with our thousands of qualified leads.

Our stenographic force has been enlarged to enable us to get out the leads to our sales force while fresh. We want real saleswomen who will honestly and conscientiously work with us. When you work with us you work as a saleswoman, not as a potential buyer.

For this we make an expense allowance and pay you a liberal commission.

This firm is leading its field today, because we do as we say and give our sales force all the co-operation possible.

We are anticipating the opening of a new lake front development, and it's up to you to get in NOW, at the opening of the season. It should be your chance to earn more real cash than in any other line today. If you think you are the woman for us come in and talk it over. Apply Wednesday between 9 a. m. and 5 p. m. Ask for E. Friedlander.

PAULINA ARMS

100% CO-OPERATIVE.

offers a delightful and permanent solution of the renting problem.

Here will be found generous sized apartments of four and five spacious rooms and breakfast rooms—some with two baths—planned with care for home makers. Their beauty is unrivaled, and their housekeeping facilities are complete to the last detail.

Emphasis has been placed on the homelike atmosphere—quiet, restful, dignified—in a setting of rare beauty. Your guests will be at once impressed by the fact that this is not just another apartment building but a community of homes and distinction for discriminating families.

SUCH IS PAULINA ARMS.

Worthy of beautiful Ravenswood. Come and inspect it if only to see how lovely your new abode may be, and learn the unusually moderate price and low upkeep cost of these magnificent homes.

CO-OPERATIVE APTS.

If you want a moderately priced co-operative apt., this is the last chance to get it. We have a few apts. left in the 3 story walk-up buildings, and when these are sold there will be no more east of Broadway and south of Grace-st. There are no other apts. for sale today except in the tall bldgs. and priced accordingly. Our locations are just as good, our prices are less than half. Take the same advantage the earlier buyers have. A LOW PRICED APT. IN A HIGH PRICED LOCALITY. Walk up to your apartment and SAVE ONE-HALF IN PRICE and upkeep. Just use common sense in buying a co-operative home.

REAL ESTATE LOANS.

SECOND MORTGAGE LOANS

In these days if you take a notion to go somewhere you never think about hitching up the horse to the buggy. It is either the street car, an automobile, or an airship.

And if it is an automobile you use, you wouldn't think of carrying a lantern. No, you would attach a modern, up-to-date spotlight.

When it comes to a second mortgage, people unfortunately have antiquated ideas as to "what is what" in the second mortgage business. They more or less resign themselves to the fact that a second mortgage loan will have to be costly, even ruinous, but they pay the rate, nevertheless.

BUT TIMES HAVE CHANGED.

Little by little the public is coming to find that there is an institution in the city of Chicago which is making second mortgage loans on a modern and reasonable cost basis. The Chicago Morris Plan Bank is acting as agent for a very substantial loan fund. Through the use of this fund it has already been demonstrated that second mortgage loans can be made sanely and safely and with a reasonable profit, even though the rate charged is more than 50% lower than the rate which people were charged even two years ago.

We invite owners of homes and owners of up to 3 flat bldgs. to come and see what we have to offer. You are under no obligation to file an application, but if you are in the market for a loan we are inclined to believe that you will be very grateful to know of the reasonable terms which are offered through this institution.

Our rates are 6% accruing interest, and the commission works out as follows:
$35 PER $1,000 FOR 1 YEAR
$65 PER $1,000 FOR 2 YEARS
$90 PER $1,000 FOR 3 YEARS
